##### *General provisions as to applications and recommendations*

#### **11 General provisions as to applications**

- (1) Subject to the provisions of this section, an application for admission for assessment, an application for admission for treatment and a guardianship application may be made either by the nearest relative of the patient or by an approved social worker; and every such application shall specify the qualification of the applicant to make the application.
- (2) Every application for admission shall be addressed to the managers of the hospital to which admission is sought and every guardianship application shall be forwarded to the local social services authority named in the application as guardian, or, as the case may be, to the local social services authority for the area in which the person so named resides.
- (3) Before or within a reasonable time after an application for the admission of a patient for assessment is made by an approved social worker, that social worker shall take such steps as are practicable to inform the person (if any) appearing to be the nearest relative of the patient that the application is to be or has been made and of the power of the nearest relative under section 23(2)(a) below.
- (4) Neither an application for admission for treatment nor a guardianship application shall be made by an approved social worker if the nearest relative of the patient has notified that social worker, or the local social services authority by whom that social worker is appointed, that he objects to the application being made and, without prejudice to the foregoing provision, no such application shall be made by such a social worker except after consultation with the person (if any) appearing to be the nearest relative of the patient unless it appears to that social worker that in the circumstances such consultation is not reasonably practicable or would involve unreasonable delay.
