  - (2) If, in the case of a patient who is an in-patient in a hospital, it appears to the registered medical practitioner [<sup>F1</sup>or approved clinician] in charge of the treatment of the patient that an application ought to be made under this Part of this Act for the admission of the patient to hospital, he may furnish to the managers a report in writing to that effect; and in any such case the patient may be detained in the hospital for a period of 72 hours from the time when the report is so furnished.
