*Agreement required to confer right to execute works etc.*

- 2 (1) The agreement in writing of the occupier for the time being of any land shall be required for conferring on the operator a right for the statutory purposes—
- to execute any works on that land for or in connection with the installation, maintenance, adjustment, repair or alteration of telecommunication apparatus; or
  - to keep telecommunication apparatus installed on, under or over that land; or
  - to enter that land to inspect any apparatus kept installed (whether on, under or over that land or elsewhere) for the purposes of the operator's system.
- (2) A person who is the owner of the freehold estate in any land or is a lessee of any land shall not be bound by a right conferred in accordance with sub-paragraph (1) above by the occupier of that land unless—
- he conferred the right himself as occupier of the land; or
  - he has agreed in writing to be bound by the right; or
  - he is for the time being treated by virtue of sub-paragraph (3) below as having so agreed; or

**Status:** Point in time view as at 01/12/1991. This version of this Act contains provisions that are not valid for this point in time.

**Changes to legislation:** Telecommunications Act 1984 is up to date with all changes known to be in force on or before 03 September 2023. (d) he is bound by the right by virtue of sub-paragraph (4) below.

(3) If a right falling within sub-paragraph (1) above has been conferred by the occupier of any land for purposes connected with the provision, to the occupier from time to time of that land, of any telecommunication services and—

- (a) the person conferring the right is also the owner of the freehold estate in that land or is a lessee of the land under a lease for a term of a year or more, or
- (b) in a case not falling within paragraph (a) above, a person owning the freehold estate in the land or a lessee of the land under a lease for a term of a year or more has agreed in writing that his interest in the land should be bound by the right,

then, subject to paragraph 4 below, that right shall (as well as binding the person who conferred it) have effect, at any time when the person who conferred it or a person bound by it under sub-paragraph (2)(b) or (4) of this paragraph is the occupier of the land, as if every person for the time being owning an interest in that land had agreed in writing to the right being conferred for the said purposes and, subject to its being exercised solely for those purposes, to be bound by it.

(4) In any case where a person owning an interest in land agrees in writing (whether when agreeing to the right as occupier or for the purposes of sub-paragraph (3) (b) above or otherwise) that his interest should be bound by a right falling within sub-paragraph (1) above, that right shall (except in so far as the contrary intention appears) bind the owner from time to time of that interest and also—

- (a) the owner from time to time of any other interest in the land, being an interest created after the right is conferred and not having priority over the interest to which the agreement relates; and
- (b) any other person who is at any time in occupation of the land and whose right to occupation of the land derives (by contract or otherwise) from a person who at the time the right to occupation was granted was bound by virtue of this sub-paragraph.

(5) A right falling within sub-paragraph (1) above shall not be exercisable except in accordance with the terms (whether as to payment or otherwise) subject to which it is conferred; and, accordingly, every person for the time being bound by such a right shall have the benefit of those terms.

(6) A variation of a right falling within sub-paragraph (1) above or of the terms on which such a right is exercisable shall be capable of binding persons who are not parties to the variation in the same way as, under sub-paragraphs (2), (3) and (4) above, such a right is capable of binding persons who are not parties to the conferring of the right.

(7) It is hereby declared that a right falling within sub-paragraph (1) above is not subject to the provisions of any enactment requiring the registration of interests in, charges on or other obligations affecting land.

(8) In this paragraph and paragraphs 3 and 4 below—

- (a) references to the occupier of any land shall have effect—
  - (i) in relation to any footpath or bridleway that crosses and forms part of any agricultural land or any land which is being brought into use for agriculture, as references to the occupier of that land;
  - (ii) in relation to any [<sup>F108</sup>street][<sup>F108</sup>road] (not being such a footpath or bridleway), as references to the [<sup>F108</sup>street][<sup>F108</sup>road] managers within the meaning of the <sup>M67</sup>Public Utilities Street Works Act 1950

- [<sup>F109</sup>(which for this purpose shall be deemed to extend to Northern Ireland)]; and
- (iii) in relation to any land (not being a [<sup>F108</sup>street][<sup>F108</sup>road]) which is unoccupied, as references to the person (if any) who for the time being exercises powers of management or control over the land or, if there is no such person, to every person whose interest in the land would be prejudicially affected by the exercise of the right in question;
- (b) “lease” includes any leasehold tenancy (whether in the nature of a head lease, sub-lease or underlease) and any agreement to grant such a tenancy but not a mortgage by demise or sub-demise and “lessee” shall be construed accordingly; and
- (c) references to the owner of a freehold estate shall, in relation to land in Scotland, have effect as references to the person—
- (i) who is infert proprietor of the land; or
- (ii) who has right to the land but whose title thereto is not complete; or

- (1) Where the operator requires any person to agree for the purposes of paragraph 2 or 3 above that any right should be conferred on the operator, or that any right should bind that person or any interest in land, the operator may give a notice to that person of the right and of the agreement that he requires.

  - (3) The court shall make an order under this paragraph if, but only if, it is satisfied that any prejudice caused by the order—
    - (a) is capable of being adequately compensated for by money; or
    - (b) is outweighed by the benefit accruing from the order to the persons whose access to a telecommunication system will be secured by the order;

and in determining the extent of the prejudice, and the weight of that benefit, the court shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to a telecommunication system.

- (4) An order under this paragraph made in respect of a proposed right may, in conferring that right or providing for it to bind any person or any interest in land and in dispensing with the need for any person's agreement, direct that the right shall have effect with such modifications, be exercisable on such terms and be subject to such conditions as may be specified in the order.
- (5) The terms and conditions specified by virtue of sub-paragraph (4) above in an order under this paragraph, shall include such terms and conditions as appear to the court appropriate for ensuring that the least possible loss and damage is caused by the exercise of the right in respect of which the order is made to persons who occupy, own interests in or are from time to time on the land in question.

  - (b) any land the enjoyment of which, or any interest in which, is, because of the nearness of the land to the land on or over which the apparatus has been installed, capable of being prejudiced by the apparatus,
- may give the operator notice of objection in respect of that apparatus.

- (4) Where a person has both given a notice under this paragraph and applied for compensation under any of the preceding provisions of this code, the court—
  - (a) may give such direction as it thinks fit for ensuring that no compensation is paid until any proceedings under this paragraph have been disposed of, and
  - (b) if the court makes an order under this paragraph, may provide in that order for some or all of the compensation otherwise payable under this code to that person not to be so payable, or, if the case so requires, for some or all of any compensation paid under this code to that person to be repaid to the operator.
- (5) At any time after the expiration of the period of 2 months beginning with the giving of a notice of objection but before the expiration of the period of 4 months beginning with the giving of that notice, the person who gave the notice may apply to the court to have the objection upheld.
- (6) Subject to sub-paragraph (7) below, the court shall uphold the objection if the apparatus appears materially to prejudice the applicant's enjoyment of, or interest in, the land in right of which the objection is made and the court is not satisfied that the only possible alterations of the apparatus will—
  - (a) substantially increase the cost or diminish the quality of the service provided by the operator's system to persons who have, or may in future have, access to it, or
  - (b) involve the operator in substantial additional expenditure (disregarding any expenditure occasioned solely by the fact that any proposed alteration was not adopted originally or, as the case may be, that the apparatus has been unnecessarily installed), or
  - (c) give to any person a case at least as good as the applicant has to have an objection under this paragraph upheld.
- (7) The court shall not uphold the objection if the applicant is bound by a right of the operator falling within paragraph 2 or 3(1) above to install the apparatus and it appears to the court unreasonable, having regard to the fact that the applicant is so bound and the circumstances in which he became so bound, for the applicant to have given notice of objection.
- (8) In considering the matters specified in sub-paragraph (6) above the court shall have regard to all the circumstances and to the principle that no person should unreasonably be denied access to a telecommunication system.
- (9) If it upholds an objection under this paragraph the court may by order—
  - (a) direct the alteration of the apparatus to which the objection relates;
  - (b) authorise the installation (instead of the apparatus to which the objection relates), in a manner and position specified in the order, of any apparatus so specified;
  - (c) direct that no objection may be made under this paragraph in respect of any apparatus the installation of which is authorised by the court.
- (10) The court shall not make any order under this paragraph directing the alteration of any apparatus or authorising the installation of any apparatus unless it is satisfied either—
  - (a) that the operator has all such rights as it appears to the court appropriate that he should have for the purpose of making the alteration or, as the case may be, installing the apparatus, or

(b) that—

- (i) he would have all those rights if the court, on an application under paragraph 5 above, dispensed with the need for the agreement of any person, and

and, accordingly, for the purposes of dispensing with the need for the agreement of any person to the alteration or installation of any apparatus, the court shall have the same powers as it would have if an application had been duly made under paragraph 5 above for an order dispensing with the need for that person's agreement.

- (11) For the purposes of sub-paragraphs (6)(c) and (10) above, the court shall have power on an application under this paragraph to give the applicant directions for bringing the application to the notice of such other interested persons as it thinks fit.

#### *Obligation to affix notices to overhead apparatus*

- 18 (1) Where the operator has for the purposes of the operator's system installed any telecommunication apparatus the whole or part of which is at a height of 3 metres or more above the ground, the operator shall, before the expiration of the period of 3 days beginning with the completion of the installation, in a secure and durable manner affix a notice—
- (a) to every major item of apparatus installed; or
  - (b) if no major item of apparatus is installed, to the nearest major item of telecommunication apparatus to which the apparatus that is installed is directly or indirectly connected.
- (2) A notice affixed under sub-paragraph (1) above shall be affixed in a position where it is reasonably legible and shall give the name of the operator and an address in the United Kingdom at which any notice of objection may be given under paragraph 17 above in respect of the apparatus in question; and any person giving such a notice at that address in respect of that apparatus shall be deemed to have been furnished with that address for the purposes of paragraph 24(4)(a) below.
- (3) If the operator contravenes the requirements of this paragraph he shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 2 on the standard scale.
- (4) In any proceedings for an offence under this paragraph it shall be a defence for the person charged to prove that he took all reasonable steps and exercised all due diligence to avoid committing the offence.

#### *Tree lopping*

- 19 (1) Where any tree overhangs any [<sup>F115</sup>street ][<sup>F115</sup>road] and, in doing so, either—
- (a) obstructs or interferes with the working of any telecommunication apparatus used for the purposes of the operator's system, or
  - (b) will obstruct or interfere with the working of any telecommunication apparatus which is about to be installed for those purposes,

the operator may by notice to the occupier of the land on which the tree is growing require the tree to be lopped so as to prevent the obstruction or interference.

- (2) If within the period of 28 days beginning with the giving of the notice by the operator, the occupier of the land on which the tree is growing gives the operator a counter-notice objecting to the lopping of the tree, the notice shall have effect only if confirmed by an order of the court.
- (3) If at any time a notice under sub-paragraph (1) above has not been complied with and either—
  - (a) a period of 28 days beginning with the giving of the notice has expired without a counter-notice having been given, or
  - (b) an order of the court confirming the notice has come into force,
 the operator may himself cause the tree to be lopped as mentioned in sub-paragraph (1) above.
- (4) Where the operator lops a tree in exercise of the power conferred by sub-paragraph (3) above he shall do so in a husband-like manner and in such a way as to cause the minimum damage to the tree.
- (5) Where—
  - (a) a notice under sub-paragraph (1) above is complied with either without a counter-notice having been given or after the notice has been confirmed, or
  - (b) the operator exercises the power conferred by sub-paragraph (3) above,
 the court shall, on an application made by a person who has sustained loss or damage in consequence of the lopping of the tree or who has incurred expenses in complying with the notice, order the operator to pay that person such compensation in respect of the loss, damage or expenses as it thinks fit.

#### *Power to require alteration of apparatus*

- 20 (1) Where any telecommunication apparatus is kept installed on, under or over any land for the purposes of the operator's system, any person with an interest in that land or adjacent land may (notwithstanding the terms of any agreement binding that person) by notice given to the operator require the alteration of the apparatus on the ground that the alteration is necessary to enable that person to carry out a proposed improvement of the land in which he has an interest.
- (2) Where a notice is given under sub-paragraph (1) above by any person to the operator, the operator shall comply with it unless he gives a counter-notice under this sub-paragraph within the period of 28 days beginning with the giving of the notice.
- (3) Where a counter-notice is given under sub-paragraph (2) above to any person, the operator shall make the required alteration only if the court on an application by that person makes an order requiring the alteration to be made.

- (4) The court shall make an order under this paragraph for an alteration to be made only if, having regard to all the circumstances and the principle that no person should unreasonably be denied access to a telecommunication system, it is satisfied—
- (a) that the alteration is necessary as mentioned in sub-paragraph (1) above; and
  - (b) that the alteration will not substantially interfere with any service provided by the operator’s system.
- (5) The court shall not make an order under this paragraph for the alteration of any apparatus unless it is satisfied either—
- (a) that the operator has all such rights as it appears to the court appropriate that he should have for the purpose of making the alteration, or
  - (b) that—
    - (i) he would have all those rights if the court, on an application under paragraph 5 above, dispensed with the need for the agreement of any person, and
    - (ii) it would be appropriate for the court, on such an application, to dispense with the need for that agreement;
- and, accordingly, for the purposes of dispensing with the need for the agreement of any person to the alteration of any apparatus, the court shall have the same powers as it would have if an application had been duly made under paragraph 5 above for an order dispensing with the need for that person’s agreement.
- (6) For the purposes of sub-paragraph (5) above, the court shall have power on an application under this paragraph to give the applicant directions for bringing the application to the notice of such other interested persons as it thinks fit.
- (7) An order under this paragraph may provide for the alteration to be carried out with such modifications, on such terms and subject to such conditions as the court thinks fit, but the court shall not include any such modifications, terms or conditions in its order without the consent of the applicant, and if such consent is not given may refuse to make an order under this paragraph.
- (8) An order made under this paragraph on the application of any person shall, unless the court otherwise thinks fit, require that person to reimburse the operator in respect of any expenses which the operator incurs in or in connection with the execution of any works in compliance with the order.
- (9) In sub-paragraph (1) above “improvement” includes development and change of use.

*Restriction on right to require the removal of apparatus*

- 21 (1) Where any person is for the time being entitled to require the removal of any of the operator’s telecommunication apparatus from any land (whether under any enactment or because that apparatus is kept on, under or over that land otherwise than in pursuance of a right binding that person or for any other reason) that person shall not be entitled to enforce the removal of the apparatus except, subject to sub-paragraph (12) below, in accordance with the following provisions of this paragraph.
- (2) The person entitled to require the removal of any of the operator’s telecommunication apparatus shall give a notice to the operator requiring the removal of the apparatus.

- (3) Where a person gives a notice under sub-paragraph (2) above and the operator does not give that person a counter-notice within the period of 28 days beginning with the giving of the notice, that person shall be entitled to enforce the removal of the apparatus.
- (4) A counter-notice given under sub-paragraph (3) above to any person by the operator shall do one or both of the following, that is to say—
  - (a) state that that person is not entitled to require the removal of the apparatus;
  - (b) specify the steps which the operator proposes to take for the purpose of securing a right as against that person to keep the apparatus on the land.
- (5) Those steps may include any steps which the operator could take for the purpose of enabling him, if the apparatus is removed, to re-install the apparatus; and the fact that by reason of the following provisions of this paragraph any proposed re-installation is only hypothetical shall not prevent the operator from taking those steps or any court or person from exercising any function in consequence of those steps having been taken.
- (6) Where a counter-notice is given under sub-paragraph (3) above to any person, that person may only enforce the removal of the apparatus in pursuance of an order of the court; and, where the counter-notice specifies steps which the operator is proposing to take to secure a right to keep the apparatus on the land, the court shall not make such an order unless it is satisfied—
  - (a) that the operator is not intending to take those steps or is being unreasonably dilatory in the taking of those steps; or
  - (b) that the taking of those steps has not secured, or will not secure, for the operator as against that person any right to keep the apparatus installed on, under or over the land or, as the case may be, to re-install it if it is removed.
- (7) Where any person is entitled to enforce the removal of any apparatus under this paragraph (whether by virtue of sub-paragraph (3) above or an order of the court under sub-paragraph (6) above), that person may, without prejudice to any method available to him apart from this sub-paragraph for enforcing the removal of that apparatus, apply to the court for authority to remove it himself; and, on such an application, the court may, if it thinks fit, give that authority.
- (8) Where an apparatus is removed by any person under an authority given by the court under sub-paragraph (7) above, any expenses incurred by him in or in connection with the removal of the apparatus shall be recoverable by him from the operator in any court of competent jurisdiction; and in so giving an authority to any person the court may also authorise him, in accordance with the directions of the court, to sell any apparatus removed under the authority and to retain the whole or a part of the proceeds of sale on account of those expenses.
- (9) Any telecommunication apparatus kept installed on, under or over any land shall (except for the purposes of this paragraph and without prejudice to paragraphs 6(3) and 7(3) above) be deemed, as against any person who was at any time entitled to require the removal of the apparatus, but by virtue of this paragraph not entitled to enforce its removal, to have been lawfully so kept at that time.

  - (c) an order made under this paragraph on an application by the relevant person in respect of a counter-notice containing such a statement shall, unless the court otherwise thinks fit, require the relevant person to reimburse the operator in respect of any expenses which he so incurs; and

### *Undertaker's works*

- 23 (1) The following provisions of this paragraph apply where a relevant undertaker is proposing to execute any undertaker's works which involve or are likely to involve a temporary or permanent alteration of any telecommunication apparatus kept installed on, under or over any land for the purposes of the operator's system.
- (2) The relevant undertaker shall, not less than 10 days before the works are commenced, give the operator a notice specifying the nature of the undertaker's works, the alteration or likely alteration involved and the time and place at which the works will be commenced.
- (3) Sub-paragraph (2) above shall not apply in relation to any emergency works of which the relevant undertaker gives the operator notice as soon as practicable after commencing the works.
- (4) Where a notice has been given under sub-paragraph (2) above by a relevant undertaker to the operator, the operator may within the period of 10 days beginning with the giving of the notice give the relevant undertaker a counter-notice which may state either—
- (a) that the operator intends himself to make any alteration made necessary or expedient by the proposed undertaker's works; or
  - (b) that he requires the undertaker in making any such alteration to do so under the supervision and to the satisfaction of the operator.
- (5) Where a counter-notice given under sub-paragraph (4) above states that the operator intends himself to make any alteration—
- (a) the operator shall (subject to sub-paragraph (7) below) have the right, instead of the relevant undertaker, to execute any works for the purpose of making that alteration; and
  - (b) any expenses incurred by the operator in or in connection with the execution of those works and the amount of any loss or damage sustained by the operator in consequence of the alteration shall be recoverable by the operator from the undertaker in any court of competent jurisdiction.
- (6) Where a counter-notice given under sub-paragraph (4) above states that any alteration is to be made under the supervision and to the satisfaction of the operator—
- (a) the relevant undertaker shall not make the alteration except as required by the notice or under sub-paragraph (7) below; and
  - (b) any expenses incurred by the operator in or in connection with the provision of that supervision and the amount of any loss or damage sustained by the operator in consequence of the alteration shall be recoverable by the operator from the undertaker in any court of competent jurisdiction.
- (7) Where—
- (a) no counter-notice is given under sub-paragraph (4) above, or
  - (b) the operator, having given a counter-notice falling within that sub-paragraph, fails within a reasonable time to make any alteration made necessary or expedient by the proposed undertaker's works or, as the case may be, unreasonably fails to provide the required supervision,
- the relevant undertaker may himself execute works for the purpose of making the alteration or, as the case may be, may execute such works without the supervision

- (8) If the relevant undertaker or any of his agents—
- (a) executes any works without the notice required by sub-paragraph (2) above having been given, or
  - (b) unreasonably fails to comply with any reasonable requirement of the operator under this paragraph,
- he shall, subject to sub-paragraph (9) below, be guilty of an offence and liable on summary conviction to a fine which—
- (i) if the service provided by the operator’s system is interrupted by the works or failure, shall not exceed level 4 on the standard scale; and
  - (ii) if that service is not so interrupted, shall not exceed level 3 on the standard scale.

(9) Sub-paragraph (8) above does not apply to a Northern Ireland department.

- 28 (1) Subject to the following provisions of this paragraph, references in this code to telecommunication apparatus installed on, under or over any land include references to telecommunication apparatus so installed before this code comes into force.
- (2) Without prejudice to sub-paragraph (1) above, any line or other apparatus lawfully installed before this code comes into force which if this code had come into force could have been installed under paragraph 12 of this code shall (subject to sub-paragraph (6) below) be treated for the purposes of this code as if it had been so installed.
- (3) Any consent given (or deemed to have been given) for the purposes of any provision of the Telegraph Acts 1863 to 1916 before this code comes into force shall—
- (a) have effect after this code comes into force as an agreement given for the purposes of this code, and
  - (b) so have effect, to any extent that is necessary for ensuring that the same persons are bound under this code as were bound by the consent, as if it were an agreement to confer a right or, as the case may require, to bind any interest in land of the person who gave (or is deemed to have given) the consent.
- (4) Where by virtue of sub-paragraph (3) above any person is bound by any right, that right shall not be exercisable except on the same terms and subject to the same conditions as the right which, by virtue of the giving of the consent, was exercisable before this code comes into force; and where under any enactment repealed by this Act those terms or conditions included a requirement for the payment of compensation or required the determination of any matter by any court or person, the amount of the compensation or, as the case may be, that matter shall be determined after the coming into force of this code in like manner as if this Act had not been passed.
- (5) A person shall not be entitled to compensation under any provision of this code if he is entitled to compensation in respect of the same matter by virtue of sub-paragraph (4) above.

- (7) Any person who before the coming into force of this code has—
- (a) given a notice (“the Telegraph Acts notice”) under or for the purposes of any provision of the Telegraph Acts 1863 to 1916 to any person, or
  - (b) made an application under or for the purposes of any such provision (including, in particular, an application for any matter to be referred to any court or person),

- (8) A notice may be given under sub-paragraph (7) above with respect to an application notwithstanding that proceedings resulting from the application have been commenced.
- (9) Where a notice has been given to any person under sub-paragraph (7) above, that person may apply to the court for an order setting aside the notice on the ground that it is unreasonable in all the circumstances to treat the giving of the Telegraph Acts notice or the making of the application in question as equivalent to the taking of the steps specified in the notice under that sub-paragraph; but unless the court sets aside the notice under that sub-paragraph, the steps specified in the notice shall be treated as having been taken and any proceedings already commenced shall be continued accordingly.
- (10) Where before this code comes into force anything has, in connection with the exercise by the operator of any power conferred on him by the Telegraph Acts 1863 to 1916, been done under or for the purposes of the street works code contained in the <sup>M87</sup>Public Utilities Street Works Act 1950, that thing shall, in so far as it could have been done in connection with the exercise of any power conferred by this code, have effect after this code comes into force, without any notice being given under sub-paragraph (7) above, as if it had been done in connection with the power conferred by this code.
