

# Copyright, Designs and Patents Act 1988

### **1988 CHAPTER 48**

#### PART III

**DESIGN RIGHT** 

#### CHAPTER V

MISCELLANEOUS AND GENERAL

# Interpretation

# 258 Construction of references to design right owner.

- (1) Where different persons are (whether in consequence of a partial assignment or otherwise) entitled to different aspects of design right in a work, the design right owner for any purpose of this Part is the person who is entitled to the right in the respect relevant for that purpose.
- (2) Where design right (or any aspect of design right) is owned by more than one person jointly, references in this Part to the design right owner are to all the owners, so that, in particular, any requirement of the licence of the design right owner requires the licence of all of them.

# 259 Joint designs.

- (1) In this Part a "joint design" means a design produced by the collaboration of two or more designers in which the contribution of each is not distinct from that of the other or others.
- (2) References in this Part to the designer of a design shall, except as otherwise provided, be construed in relation to a joint design as references to all the designers of the design.

Status: Point in time view as at 22/04/2014.

Changes to legislation: There are currently no known outstanding effects for the Copyright, Designs and Patents Act 1988, Cross Heading: Interpretation. (See end of Document for details)

## 260 Application of provisions to articles in kit form.

- (1) The provisions of this Part apply in relation to a kit, that is, a complete or substantially complete set of components intended to be assembled into an article, as they apply in relation to the assembled article.
- (2) Subsection (1) does not affect the question whether design right subsists in any aspect of the design of the components of a kit as opposed to the design of the assembled article.

## 261 Requirement of signature: application in relation to body corporate.

The requirement in the following provisions that an instrument be signed by or on behalf of a person is also satisfied in the case of a body corporate by the affixing of its seal—

section 222(3) (assignment of design right), section 223(1) (assignment of future design right), section 225(1) (grant of exclusive licence).
