25 Powers to require works for maintaining flow of watercourse.

(1) ..., where any ordinary watercourse is in such a condition that the proper flow of water is impeded, then, unless the condition is attributable to subsidence due to mining operations (including brine pumping), the drainage board concerned may, by notice served on a person falling within subsection (3) below, require that person to remedy that condition.

(2) ..........................................................

(3) Subject to subsection (4) below, a notice under this section in relation to a watercourse may be served on—

(b) without prejudice to their right to exercise that power, that person shall be guilty of an offence and liable, on summary conviction, to a fine not exceeding level 4 on the standard scale.

27 Appeals against notices under section 25.

(1) A person served with a notice under section 25 above may, within twenty-one days from the date on which the notice is served on him, appeal to a magistrates’ court on any of the following grounds, that is to say—

(b) that there has been some informality, defect or error in, or in connection with, the notice;
(c) that the body which served the notice has refused unreasonably to approve the carrying out of alternative works, or that the works required by the notice to be carried out are otherwise unreasonable in character or extent, or are unnecessary;

   (a) with respect to the person by whom any work is to be carried out and the contribution to be made by any other person towards the cost of the work; or
