claim for short-term benefit or a [F27bereavement payment] is, or has on a previous occasion been, made in the first or second year after that in which the contributor concerned first became liable for primary Class 1 or Class 2 contributions.

(5) In subsection (4) above and Schedule 3 to this Act—

22 Earnings factors.

(1) A person shall, for the purposes specified in subsection (2) below, be treated as having annual earnings factors derived—

(a) in the case of 1987-88 or any subsequent tax year, from \( F^{33} \) so much of his earnings as did not exceed the upper earnings limit and upon which primary Class 1 contributions have been paid or treated as paid and from Class 2 and Class 3 contributions; and

(b) in the case of any earlier tax year, from his contributions of any of Classes 1, 2 and 3; but subject to the following provisions of this section and those of section 23 below.

(2) The purposes referred to in subsection (1) above are those of—

(2A) For the purpose specified in subsection (2)(b) above, in the case of the first appointed year or any subsequent tax year a person’s earnings factor shall be treated as derived only from so much of his earnings as did not exceed the upper earnings limit and on which primary Class 1 contributions have been paid or treated as paid.

(3) Separate earnings factors may be derived for 1987-88 and subsequent tax years—

(a) from earnings not exceeding the upper earnings limit upon which primary Class 1 contributions have been paid or treated as paid;

(b) from earnings which have been credited;

(c) from contributions of different classes paid or credited in the same tax year;

(d) by any combination of the methods mentioned in paragraphs (a) to (c) above, and may be derived for any earlier tax year from contributions of different classes paid or credited in the same tax year, and from contributions which have actually been paid, as opposed to those not paid but credited.

(4) Subject to regulations under section 19(4) to (6) above, no earnings factor shall be derived—

(a) for 1987-88 or any subsequent tax year, from earnings in respect of which primary Class 1 contributions are paid at the reduced rate, or

(b) for any earlier tax year, from primary Class 1 contributions paid at the reduced rate or from secondary Class 1 contributions.

(5) Regulations may provide for crediting—

(a) for 1987-88 or any subsequent tax year, earnings or Class 2 or Class 3 contributions, or

(b) for any earlier tax year, contributions of any class, for the purpose of bringing a person’s earnings factor for that tax year to a figure which will enable him to satisfy contribution conditions of entitlement to a contribution-based jobseeker’s allowance or to any prescribed description of benefit (whether his own entitlement or another person’s).

(6) Regulations may impose limits with respect to the earnings factors which a person may have or be treated as having in respect of any one tax year.

(7) The power to amend regulations made before 30th March 1977 (the making of the Social Security (Miscellaneous Provisions) (Northern Ireland) Order 1977) under subsection (5) above may be so exercised as to restrict the circumstances in which and the purposes for which a person is entitled to credits in respect of weeks before the coming into force of the amending regulations; but not so as to affect any benefit for a period before the coming into force of the amending regulations if it was claimed before 18th March 1977.

(1) Earnings factors derived as mentioned in section [F38 22(1)] above, including earnings factors as increased by any order under section 130 of the Administration Act—
   (a) shall be expressed, subject to subsection (2) below, as whole numbers of pounds; and

   (b) any number of Class 2 or Class 3 contributions in respect of a tax year gives rise to an earnings factor for that tax year equal or approximating to that year’s lower earnings limit for Class 1 contributions multiplied by the number of contributions.

**30B Incapacity benefit: rate.**

(1) The amount payable by way of incapacity benefit in respect of any day is 1/7th of the appropriate weekly rate.

(2) Subject to the following provisions of this section the weekly rate of short-term incapacity benefit is the lower or higher rate specified in Schedule 4, Part I, paragraph 2.

The benefit is payable at the lower rate so specified for the first 196 days of entitlement in any period of incapacity for work and at the higher rate so specified thereafter.

(3) In the case of a person over pensionable age the weekly rate of short-term incapacity benefit is, subject to subsection (4) below, that at which the relevant retirement pension referred to in section 30A(2)(b) above would have been payable.

But in determining that rate any increase of the following descriptions shall be disregarded—

(a) any increase under section 51A(2) below or (for deferred retirement) under Schedule 5 to this Act;

(b) any increase (for dependants) under section 83 or 85 below; and

(c) any increase (for Category A or Category B pensioners) under section 132 of the Administration Act (annual up-rating of benefits) which corresponds to
an increase of the sums mentioned in section 150(1)(e) of the Great Britain Administration Act.

(4) In the case of a person who has been entitled to short-term incapacity benefit for 196 days or more in any period of incapacity for work and—
(a) is terminally ill; or
(b) is entitled to the highest rate of the care component of disability living allowance,
the weekly rate of short-term incapacity benefit payable, if greater than the rate otherwise payable to him under subsection (2) or (3) above, shall be equal to the rate at which long-term incapacity benefit under section 30A above would be payable to him if he were entitled to it.

For the purposes of this subsection a person is terminally ill if he suffers from a progressive disease and his death in consequence of that disease can reasonably be expected within 6 months.

(5) References to short-term incapacity benefit at the higher rate shall be construed as including short-term incapacity benefit payable to any person who has been entitled to that benefit for 196 days or more in a period of incapacity for work, notwithstanding that the rate of benefit is determined in accordance with subsection (3) or (4) above.

(6) Subject as follows, the weekly rate of long-term incapacity benefit under section 30A above is that specified in Schedule 4, Part I, paragraph 2A.

(7) Regulations may provide that if a person is, on the qualifying date in relation to a period of incapacity for work, under such age as may be prescribed, the rate of long-term incapacity benefit under section 30A above payable to him in respect of any day in that period shall be increased by such amount as may be prescribed.

For this purpose “the qualifying date” means the first day of the period of incapacity for work or such earlier day as may be prescribed.]
(b) a period of incapacity for work means a period of 4 or more consecutive days, each of which is a day of incapacity for work; and

(c) any two such periods not separated by a period of more than 8 weeks shall be treated as one period of incapacity for work.

(2) Any day which falls within the maternity allowance period (as defined in section 35(2) below) shall be treated for the purposes of any provision of this Act relating to incapacity benefit as a day of incapacity for work unless the woman is disqualified for receiving a maternity allowance for that day by virtue of regulations under section 35(3)(a) below.

(3) Regulations may make provision (subject to the preceding provisions of this section) as to the days which are or are not to be treated as days of incapacity for work for the purposes of any provision of this Act relating to incapacity benefit.

(4) Regulations may provide—

(a) that paragraph (b) of subsection (1) above shall have effect as if the reference there to 4 consecutive days were to such lesser number of days, whether consecutive or not, within such period of consecutive days as may be specified in the regulations; and

(b) that paragraph (c) of that subsection shall have effect as if for the reference to 8 weeks there were substituted a reference to such larger number of weeks as may be specified in the regulations.

(5) Where a person claims the higher rate of short-term incapacity benefit, or long-term incapacity benefit, under section 30A above for a period commencing after he has ceased to be in qualifying remunerative work (within the meaning of Part 1 of the Tax Credits Act 2002) and—

(a) the day following that on which he so ceased was a day of incapacity for work for him,

(b) he has been entitled to the higher rate of short-term incapacity benefit, or to long-term incapacity benefit, under section 30A above within the period of two years ending with that day of incapacity for work, and

(c) he satisfied the relevant tax credit conditions on the day before he so ceased, every day during that period on which he satisfied those conditions is to be treated for the purposes of the claim as a day of incapacity for work for him.

(5A) A person satisfies the relevant tax credit conditions on a day if—

(a) he is entitled for the day to the disability element of working tax credit (on a claim made by him or by him jointly with another) or would be so entitled but for the fact that the relevant income (within the meaning of Part 1 of the Tax Credits Act 2002) in his or their case is such that he is not so entitled, and

(b) either working tax credit or any element of child tax credit other than the family element is paid in respect of the day on such a claim.

(6) Where—

(a) a person becomes engaged in training for work; and

(6) Subject to subsection (7A) below any reference in this section or section 45 below to the pensioner’s earnings factor for any relevant year is a reference—

(b) where the relevant year is 1987-88 or any subsequent tax year before the first appointed year, to the aggregate of—

(i) his earnings factors derived from earnings upon which primary Class 1 contributions were paid or treated as paid in respect of that year, and

(2) The conditions referred to in subsection (1) above are that—

(a) the pensioner would, apart from this section, have an earnings factor for the year—

(i) equal to or greater than the qualifying earnings factor for the year; but

(ii) less than the low earnings threshold for the year;

(b) [carer’s allowance]—

(i) was payable to the pensioner throughout the year; or

(ii) would have been so payable but for the fact that under regulations the amount payable to him was reduced to nil because of his receipt of other benefits;

(c) for the purposes of paragraph 5(7)(b) of Schedule 3, the pensioner is taken to be precluded from regular employment by responsibilities at home throughout the year by virtue of—
(i) the fact that child benefit was payable to him in respect of a child under the age of six; or
(ii) his satisfying such other condition as may be prescribed; or
(d) the pensioner is a person satisfying the requirement in subsection (3) below to whom long-term incapacity benefit was payable throughout the year, or would have been so payable but for the fact that—

(5) The low earnings threshold for the first appointed year and subsequent tax years shall be £9,500 (but subject to section 130A of the Administration Act).

(6) In subsection (2)(d)(ii) above, “occupational pension scheme” and “personal pension scheme” have the same meanings as in subsection (6) of section 30DD above for the purposes of subsection (5) of that section.[

F17555C Increase of shared additional pension where entitlement is deferred.

(1) For the purposes of this section, a person’s entitlement to a shared additional pension is deferred—
(a) where he would be entitled to a Category A or Category B retirement pension but for the fact that his entitlement to such a pension is deferred, if and so long as his entitlement to such a pension is deferred, and
(b) otherwise, if and so long as he does not become entitled to the shared additional pension by reason only of not satisfying the conditions of section 1 of the Administration Act (entitlement to benefit dependent on claim), and, in relation to a shared additional pension, “period of deferment” shall be construed accordingly.

(2) Where a person’s entitlement to a shared additional pension is deferred, the rate of his shared additional pension shall be increased by an amount equal to the aggregate of the increments to which he is entitled under subsection (3) below, but only if that amount is enough to increase the rate of the pension by at least one per cent.

(3) A person is entitled to an increment under this subsection for each complete incremental period in his period of enhancement.

(6) Where an amount under subsection (4) above would, apart from this subsection, be a sum less than 1/2p, the amount shall be taken to be zero, notwithstanding...
any other provision of this Act, the Pensions (Northern Ireland) Order 1995 or the Administration Act.

(7) Where one or more orders have come into operation under section 132 of the Administration Act during the period of enhancement, the rate for any incremental period shall be determined as if the order or orders had come into operation before the beginning of the period of enhancement.

(8) The sums which are the increases in the rates of shared additional pensions under this section are subject to alteration by order made by the Department under section 132 of the Administration Act.
