Control agreements and control schemes

6 Control areas.

In this Act the area to which a control agreement or a control scheme relates is, in relation to that agreement or, as the case may be, scheme, referred to as the “control area”.

7 Control agreements.

- (1) Subject to the following provisions of this section, where [F1SNH][F5is] satisfied that, on any land, deer—
- (a) have caused, are causing, or are likely to cause—
 - (i) damage to woodland, to agricultural production, including any crops or foodstuffs, or, whether directly or indirectly, to the natural heritage generally; or

Status: Point in time view as at 01/08/2010.

Changes to legislation: There are currently no known outstanding effects for the Deer (Scotland) Act 1996, Part II. (See end of Document for details)

- (ii) injury to livestock, whether by serious overgrazing of pastures, competing with any such livestock for supplementary feeding, or otherwise; or
- (b) have become a danger or a potential danger to public safety, and that for the prevention of further such damage, injury or, as the case may be, danger or potential danger, the deer in that locality should be reduced in number, [F6:it] shall form a preliminary view, having due regard to the nature and character of the land in question, as to what measures should be taken for that reduction in number; and, for the purposes of this section and section 8 of this Act, “measures” includes the taking and removal of deer.
- (2) For the purposes of subsection (1) above “the natural heritage” includes any alteration or enhancement of the natural heritage which is taking place, or is proposed to take place, either naturally or as a result of a change of use determined by the owner or occupier of the land in question; and “damage” shall be construed accordingly.
- (3) Where it appears to [F1SNH] that the circumstances obtaining in a particular area require the complete exclusion of all deer, or of all deer of any species, from that area, [F7:it] may form the view that any deer within that area should be taken, removed or killed.
- (4) After [F8:it has] formed—
- (a) the preliminary view mentioned in subsection (1) above; or
- (b) the view mentioned in subsection (3) above,
- [F1SNH] shall consult with such owners or occupiers of land as [F1SNH][F9:considers] to be substantially interested, to secure agreement—
- (i) that measures require to be taken;
- (ii) as to what measures require to be taken, and within what time limit;
- (iii) as to who is to carry out such measures; and
- (iv) as to any other matters which appear to [F1SNH] to be necessary for the purposes of such an agreement.
- (5) Where agreement is reached on the matters mentioned in subsection (4) above [F1SNH] shall draw up an agreement (a “control agreement”) specifying the parties to it, and any such control agreement may—
- (a) describe the control area by reference to a map and specify the approximate extent of that area;
- (b) specify the measures which are to be taken in relation to the deer in that area or any part of it;
- (c) specify, where the deer are to be reduced in number, the number and, if necessary in the opinion of [F1SNH], the species, sex and class, of the deer to be killed in or taken and removed from the control area or any part of it, and the limit on the number of deer of each species, sex or class to be allowed to be established in the control area or any part of it;
- (d) specify the measures which are to be taken by the owners or occupiers for the time being of land in the control area or any of them for the purposes of the agreement; and
- (e) set out the time limits within which the owners or occupiers are to take any such measures,
- and [F1SNH] shall send a copy of the control agreement to all the persons who were involved in the consultation referred to in subsection (4) above.

Status: Point in time view as at 01/08/2010.

Changes to legislation: There are currently no known outstanding effects for the Deer (Scotland) Act 1996, Part II. (See end of Document for details)

(a) that—

- (i) it is not possible to secure a control agreement; or
(ii) that a control agreement is not being carried out;

and

(b) that—

- (i) deer have caused and are causing serious damage to woodland or to agricultural production, including crops and foodstuffs, or serious damage, whether directly or indirectly, to the natural heritage, or serious injury to livestock, however caused, or have become and remain a danger to public safety; and
(ii) action is necessary to prevent such serious damage, serious injury, or danger,

[F11it] shall make a scheme (a “control scheme”) for the carrying out of such measures as [F12it considers] necessary for the purposes mentioned in subsection (1) or, as the case may be, subsection (3) of section 7 of this Act.

- (2) Subsection (1) above does not apply in relation to any control agreement proposed or entered into for the purpose of altering or enhancing the natural heritage.

(b) specify the measures which are to be taken in relation to the deer in that area or any part of it;
(c) specify, where the deer are to be reduced in number, the number and, if necessary in the opinion of [F1SNH], the species, sex and class, of the deer to be killed in or taken and removed from the control area or any part of it, and the limit on the number of deer of each species, sex or class to be allowed to be established in the control area or any part of it;

 - (f) include any incidental, consequential or supplemental provisions that may be necessary.
- (4) A control scheme may specify different measures to be taken by different owners or occupiers of land in the control area, and may provide for the extension of any time limit prescribed therein.
- (5) Nothing in subsection (3) or (4) above shall empower [F1SNH] to impose on any owner or occupier of land a requirement to construct a fence on his land or on any part of it against the movement of deer, and for the purposes of this section “fence” shall include any artificial obstruction.
- (6) A control scheme shall require confirmation by the Secretary of State before it comes into operation; and Schedule 2 to this Act (which makes provision in relation to the making, confirmation, variation and revocation of control schemes) shall have effect.
- (7) Where any control scheme has been confirmed, every owner or occupier shall take such measures as the scheme may require of him in accordance with its provisions.

 - (ii) are causing injury to livestock, whether by serious overgrazing of pastures, competing with any such livestock for supplementary feeding, or otherwise; or
 - (iii) constitute a danger or a potential danger to public safety;
 - (b) that none of [F20:its] other powers is adequate to deal with the situation; and
 - (c) that the killing of the deer is necessary to prevent further such damage or injury or to remove the danger or potential danger.
- (2) Where subsection (1) applies and [F1:SNH][F21:is] satisfied that—
- (a) the deer mentioned in that subsection come from particular land; and
 - (b) any person having the right to kill deer on that land will forthwith undertake the killing of the deer so mentioned,
- [F1:SNH] shall make a request in writing to that person to that effect.

Status: Point in time view as at 01/08/2010.

Changes to legislation: There are currently no known outstanding effects for the Deer (Scotland) Act 1996, Part II. (See end of Document for details)

- (3) Where a request under subsection (2) above has been made to a person, [F¹SNH] shall not issue an authorisation under subsection (4) below unless it appears to [F²²it] that he has become unable or unwilling to comply with the terms of the request.
- (4) Subject to subsection (3) above, where subsection (1) above applies [F¹SNH] shall authorise in writing, subject to such conditions as may be specified in the authorisation, any person who in [F²³its] opinion is competent to do so to follow and kill on such land as may be mentioned in the authorisation such deer as appear to that person to be causing the damage or injury or constituting the danger or potential danger.
- [F²⁴(4A) For the purposes of subsections (2) and (4) above, a request or authorisation may be by electronic communication (as defined in section 15(1) of the Electronic Communications Act 2000 (c. 7)), which has been recorded and is consequently capable of being reproduced.]
- [F²⁴(4B) Any request to a person under subsection (2) above may be made by such an electronic communication only if—

 - (b) the communication is sent to the number or address in question.]
- (5) Where, as mentioned in paragraph (a)(iii) of subsection (1) above, deer constitute a danger or potential danger to public safety, and, in the opinion of [F¹SNH] or the person authorised by [F²⁵it] under subsection (4) above, the killing of the deer would itself constitute a potential danger to public safety, the person so authorised by [F¹SNH] shall instead take and remove the deer from the land in question by such means as are appropriate.
- (6) An authorisation under subsection (4) above shall remain in force from the date on which it is issued for such period, not exceeding twenty eight days, as may be specified in the authorisation.
