(2) This section applies to—
   (a) petroleum to which section 2 applies; and
   (b) petroleum with respect to which rights vested in Her Majesty by section 1(1) of the Continental Shelf Act 1964 (exploration and exploitation of continental shelf) are exercisable.

(3) Any such licence shall be granted for such consideration (whether by way of royalty or otherwise) as the OGA with the consent of the Treasury may determine, and upon such other terms and conditions as the authority thinks fit.

F24 Onshore hydraulic fracturing: safeguards

(1) The OGA must not issue a well consent for a well situated in the English onshore area that is required by an onshore licence for England or Wales unless the well consent imposes—

(a) a condition which prohibits associated hydraulic fracturing from taking place in land at a depth of less than 1000 metres; and

(b) a condition which prohibits associated hydraulic fracturing from taking place in land at a depth of 1000 metres or more unless the licensee has the Secretary of State's consent for it to take place (a “hydraulic fracturing consent”).

(1A) The Welsh Ministers must not issue a well consent for a well situated in the Welsh onshore area that is required by an onshore licence for England or Wales unless the well consent imposes—

(a) a condition that prohibits associated hydraulic fracturing from taking place in land at a depth of less than 1000 metres; and

(b) a condition that prohibits associated hydraulic fracturing from taking place in land at a depth of 1000 metres or more unless the licensee has the Welsh Ministers' consent for it to take place (a “hydraulic fracturing consent”).

(2) A hydraulic fracturing consent is not to be issued unless an application for its issue is made by, or on behalf of, the licensee.

(3) Where an application is made to the Secretary of State, the Secretary of State may not issue a hydraulic fracturing consent unless the Secretary of State—

(a) is satisfied that—

(i) the conditions in column 1 of the following table are met, and

(ii) the conditions in subsection (6) are met, and

(b) is otherwise satisfied that it is appropriate to issue the consent.

(i) the conditions in column 1 of the following table are met, and

(ii) the conditions in subsection (6) are met, and

(b) they are otherwise satisfied that it is appropriate to issue the consent.
(4) The existence of a document of the kind mentioned in column 2 of the table in this section is sufficient for the Secretary of State [*28 or the Welsh Ministers] to be satisfied that the condition to which that document relates is met.

(5) But the absence of such a document does not prevent the Secretary of State [*28 or the Welsh Ministers] from being satisfied that that condition is met.

5 Existing licences.

(1) In this section, the “current model clauses” means, in relation to any paragraph of Schedule 1, the model clauses which, immediately before the commencement of this Act, would be incorporated in a licence granted under section 2 of the Petroleum (Production) Act 1934 if the licence, when granted, had incorporated the model clauses mentioned in that paragraph.

(2) The reference in subsection (1) to the model clauses which, immediately before the commencement of this Act, would be incorporated in a licence is a reference to those model clauses as they would then have effect but as if any reference (however expressed) in a model clause to an enactment repealed and re-enacted by this Act were, or (where the context requires) included, a reference to the corresponding provision of this Act.

(3) For the purposes of subsection (2), any provision of a model clause which would have effect (or would have a particular effect) only in relation to a licence of a description of which none is in force immediately before the commencement of this Act shall be treated as not then having effect (or as not then having that effect).

(4) The Secretary of State shall, in an order made before the commencement of this Act, reproduce the current model clauses in relation to each paragraph of Schedule 1.

(5) Subject to subsections (7) and (8), any licence granted under section 2 of the Petroleum (Production) Act 1934 which—

(a) is in force immediately before the commencement of this Act; and

(b) when granted, incorporated any of the model clauses mentioned in any paragraph of Schedule 1,

shall on the commencement of this Act have effect as if it incorporated, in place of the relevant model clauses, the current model clauses reproduced in relation to that paragraph in the order under subsection (4).

(6) For the purposes of subsection (5), the relevant model clauses, in relation to any licence, are the model clauses which the licence incorporates immediately before the commencement of this Act other than any model clause which—

(a) was incorporated into the licence when it was granted; and

(b) is not within any paragraph of Schedule 1.
(7) Where immediately before the commencement of this Act any such licence incorporates model clauses subject to any amendment or modification, or with the omission of any model clause, the current model clauses reproduced under subsection (4) shall have effect in relation to that licence—

(a) subject to the same amendment or modification; or

(b) as the case may be, with the omission of the model clause corresponding to the model clause omitted from the licence.

(8) Where before the commencement of this Act model clauses (the “substitute model clauses”) set out in any regulations made under section 6 of the Petroleum (Production) Act 1934 have been substituted for the model clauses originally incorporated in any licence granted under section 2 of that Act, the licence shall be treated for the purposes of this section as if, when granted, it had incorporated the substitute model clauses.

(9) It is hereby declared that any provision incorporated in a licence by virtue of subsection (5) may be altered or deleted by [F45 deed] executed by [F46 the appropriate [F47 authority]] and the licensee or, as respects Scotland, by an instrument subscribed [F48 or authenticated] by [F46 the appropriate [F47 authority]] and the licensee in accordance with the Requirements of Writing (Scotland) Act 1995.

(10) Where any provision is replaced by virtue of subsection (5)—

(a) a reference in any document to that provision (or which immediately before the commencement of this Act is to be construed as a reference to that provision) shall, except so far as the nature of the document or context otherwise requires, be construed as a reference to the replacement; and

(b) anything done under or for the purposes of that provision shall, except where the context otherwise requires, be treated as having been done under or for the purposes of the replacement.

(11) The order to be made under subsection (4) shall be made by statutory instrument, shall be laid before Parliament after being made and shall come into force on the commencement of this Act.

   (a) the duration of the authorisation, including the method of ascertaining its duration;

   (b) the persons or kinds of persons who are authorised to execute the works in question or to use the pipeline or are so authorised if the [OGA](footnote) consents to the execution of the works or the use of the pipeline by them;

(b) require the other person to make, within a specified period, arrangements which the [F106]OGA considers are appropriate to ensure that those sums will be paid to the holder if he constructs the pipeline or a relevant part of it in accordance with the variation term or satisfies the [F106]OGA that he will so construct it;

(c) provide that the holder may, if those arrangements are not made by the other person within the specified period, elect in the specified manner that—

(i) the variation term shall have effect with such modifications as are specified with a view to eliminating the consequences of the representations of the other person; and

(ii) the provisions included in the notice by virtue of paragraph (d) shall cease to have effect; and

(d) authorise the holder, if he satisfies the [F106]OGA that the pipeline or a relevant part of it has been or will be constructed in accordance with the variation term, to recover those sums from the other person.

16 Compulsory modifications of pipelines.

(A1) This section applies to controlled pipelines, other than those which are excepted from the operation of this section.

(A2) Controlled carbon dioxide pipelines are excepted from the operation of this section.

(A3) Pipelines that are relevant upstream petroleum pipelines for the purposes of section 82(1) of the Energy Act 2011 are excepted from the operation of this section.

(1) If in the case of a controlled pipeline it appears to the OGA, on the application of a person other than the owner of the pipeline—

(a) that the capacity of the pipeline can and should be increased by modifying apparatus and works associated with the pipeline; or

(b) that the pipeline can and should be modified by installing in it a junction through which another pipeline may be connected to the pipeline,

then, subject to section 17(8) or 17G(7), the OGA may, after giving the owner of the pipeline an opportunity of being heard about the matter, serve on the owner and the applicant a notice in accordance with subsection (2).

(2) A notice under subsection (1) shall—

(a) specify the modifications which the OGA considers should be made in consequence of the application;

(b) specify the sums or the method of determining the sums which the OGA considers should be paid to the owner by the applicant for the purpose of defraying the cost of the modifications;

(c) require the applicant to make, within the period specified for the purpose in the notice, arrangements which the OGA considers appropriate to secure that those sums will be paid to the owner if he carries out the modifications or satisfies the OGA that he will carry them out;

(d) require the owner, if the applicant makes those arrangements within that period, to carry out the modifications within a period specified for the purpose in the notice; and

(e) authorise the owner, if he satisfies the OGA that he has carried out or will carry out the modifications, to recover those sums from the applicant.

(3) References in subsections (1) and (2) to modifications include, in the case of modifications of any apparatus and works, references to changes in, substitutions for and additions to the apparatus and works.

(4) For the purposes of section 14(1) a notice under subsection (1) of this section requiring a person to carry out modifications authorises him to carry out the modifications; but nothing in Schedule 2 shall apply to such a notice.
17 Acquisition of rights to use pipelines.

(1) Subsections (2) and (3) apply where a person applies to the OGA for a notice under this section securing to the applicant a right to have conveyed, by a controlled pipeline of which he is not the owner, quantities specified in the application of things which are of a kind so specified and which the pipeline is designed to convey.

[F119] (1A) This section does not apply to—
(a) controlled petroleum pipelines;
(b) pipelines in, under or over the territorial sea adjacent to Great Britain which are used to convey gas directly from a terminal to a pipeline system operated by a gas transporter or to any premises;
(c) gas interconnectors (within the meaning of Part 1 of the Gas Act 1986).

[F120] (1B) This section also does not apply to controlled carbon dioxide pipelines.

(2) The OGA shall—
(a) give notice to the owner of the pipeline and the applicant that it proposes to consider the application;

(3) Where the OGA is satisfied that, if it served a notice under this section the pipeline in question could be operated in accordance with the notice without prejudicing its efficient operation for the purpose of conveying, on behalf of its owner, the quantities of permitted substances which the owner requires or may reasonably be expected to require, the OGA may serve such a notice on the owner and the applicant.

(4) In subsection (3), “permitted substances” means the things which may be conveyed by the pipeline in accordance with an authorisation (or, if no authorisation for the use of the pipeline is required by section 14(1), means the things which the pipeline is designed to convey).

(5) A notice under this section may contain such provisions as the OGA considers appropriate for any of the following purposes—
(a) to secure to the applicant, without prejudicing the efficient operation of the pipeline for the purpose mentioned in subsection (3), the right to have conveyed by the pipeline the quantities specified in the application of the things so specified;
(b) to secure that the exercise of the right is not prevented or impeded;
(c) to regulate the charges which may be made for the conveyance of things by virtue of the right; and
(d) to secure to the applicant the right to have a pipeline of his connected to the pipeline by the applicant or owner.

(6) Such a notice may also authorise the owner to recover from the applicant payments by way of consideration for any right mentioned in subsection (5)(a) or (d) of amounts specified in the notice or determined in accordance with the notice.

(7) Before serving a notice under section 15(6) on a person other than the holder of the relevant authorisation, the [F127 OGA] shall give that person an opportunity to make an application under subsection (1) in respect of the proposed pipeline to which the authorisation relates; and subsections (1) to (6) shall have effect for this purpose as if references to a pipeline and the owner of it were references to the proposed pipeline and the proposed owner of it.

(8) Before serving a notice under section 16(1) on a person other than the owner of the relevant pipeline, the [F128 OGA] shall give that person particulars of the modifications which [F129 it] proposes to specify in the notice and an opportunity to make an application under subsection (1) in respect of the pipeline; and subsections (1) to (6) shall have effect for this purpose as if references to a pipeline were references to the pipeline as it would be with those modifications.

(9) The use of a pipeline by any person in accordance with a right secured to him by virtue of this section is not a contravention of section 14(1); but a person to whom a right is so secured may not assign the right to any other person.

F132 17C Application of section 17D to certain offshore gas storage facilities.

F132(1) Section 17D applies to an offshore gas storage facility unless, or except to the extent that, its capacity is exempt under this section.

(2) A person who is or expects to be an owner of an offshore gas storage facility may apply in writing to the Director for an exemption with respect to the facility.

(3) An exemption shall be given in writing and may be given—
   (a) so as to have effect for an indefinite period or for a period specified in, or determined under, the exemption;
   (b) unconditionally or subject to such conditions as the Director considers appropriate.

(4) An exemption may contain provision for its revocation.

(5) The Authority shall give an exemption with respect to a facility (other than a new facility) where it is satisfied that use of the facility by other persons is not necessary for the operation of an economically efficient gas market.

(5A) The Authority shall give an exemption with respect to a new facility where it is satisfied that either—
   (a) use of the facility by other persons is not necessary for the operation of an economically efficient gas market;
   (b) the requirements of subsection (5C) are met.

(5B) In respect of a facility which is or is to be modified to provide for a significant increase in its capacity, an exemption by virtue of subsection (5A)(b) may only be given in relation to that increase in its capacity.
(5C) The requirements of this subsection are that—

(a) the facility or (as the case may be) the significant increase in its capacity will promote security of supply;

(b) the level of risk is such that the investment to construct the facility or (as the case may be) to modify the facility to provide for a significant increase in its capacity would not be or would not have been made without the exemption;

(c) the facility is or is to be owned by a person other than the gas transporter who operates or will operate the pipeline system connected or to be connected to the facility;

(d) charges will be levied on users of the facility or (as the case may be) the increase in its capacity;

(e) the exemption will not be detrimental to competition, the operation of an economically efficient gas market or the efficient functioning of the pipeline system connected or to be connected to the facility; and

(f) the Commission of the European Communities is or will be content with the exemption.

(5D) Subject to subsection (5E), an exemption may not be given by virtue of subsection (5A)(b) more than once in respect of the same facility.

(5E) Subsection (5D) does not prevent a further exemption being given by virtue of subsection (5A)(b) in respect of a facility if—

(a) the facility is or is to be modified to provide for a significant increase in its capacity

(b) the exemption has effect only in relation to that increase in its capacity; and

(c) no previous exemption has been given by virtue of subsection (5A)(b) in relation to that increase in its capacity.

(5F) The Authority shall publish its decision to give or refuse to give an exemption together with the reasons for its decision in such manner as it considers appropriate.

[F140 (7) In this section and sections 17D and 17E—

(a) “the Authority” means the Gas and Electricity Markets Authority;

(b) “owner”, in relation to an offshore gas storage facility, includes any person occupying or having control of the facility.]
17D Provisions relating to certain offshore gas storage facilities.

(1) The owner of an offshore gas storage facility to which this section applies (a “relevant facility”)—

(a) shall publish at least once in every year the main commercial conditions relating to the grant to another person of a right to have gas stored in the facility on that person’s behalf; and

(b) shall publish any changes to the published conditions as soon as they become effective.

(2) In subsection (1) “year” means any year ending with 9th August.

(3) The owner of a relevant facility shall ensure that the conditions which he is required to publish under subsection (1) do not discriminate against any applicants or descriptions of applicants, or any potential applicants or descriptions of potential applicants, for a right to have gas stored in the facility.

(4) Any person who seeks a right to have gas stored on his behalf in a relevant facility (“the applicant”) shall, before making an application to the Director under subsection (8), apply to the owner of the facility for the right.

(5) An application under subsection (4) shall be made by giving notice to the owner specifying what is being sought.

(6) Such a notice shall, in particular, specify—

(a) the period during which the gas is to be stored in the facility;

(b) the kind of gas to be stored (which must be of, or similar to, the kind which the facility is designed to store); and

(c) the quantities of gas to be stored.

(7) Where an applicant gives a notice under subsection (5), he and the owner of the facility shall negotiate in good faith and endeavour to reach agreement on the application.

(8) If the owner and the applicant do not reach any such agreement, the applicant may apply to the Director for a notice under subsection (11) securing to the applicant the right specified in the notice given under subsection (5).

(9) The Director shall not entertain an application under subsection (8) unless he is satisfied that the parties have had a reasonable time in which to fulfil their duties under subsection (7).

(10) Where a person applies to the Director under subsection (8) and the Director is satisfied as mentioned in subsection (9), the Director shall—

(a) give notice to the owner of the facility and the applicant that he proposes to consider the application; and

(b) after the expiry of 21 days beginning with the date on which notice under paragraph (a) was served, but before considering the application, give them an opportunity of being heard with respect to the application.
(11) Where the Director is satisfied that, if he served a notice under this subsection, the relevant facility in question could be operated in accordance with the notice without prejudicing its efficient operation for the purpose of storing, on behalf of its owner, the quantities of gas which the owner requires or may reasonably be expected to require, the Director may serve such a notice on the owner and the applicant.

(12) A notice under subsection (11) may contain such provisions as the Director considers appropriate for any of the following purposes—
   (a) for securing to the applicant the right to have stored in the facility, for the period specified in the notice and in the quantities so specified or determined by or under the notice, gas which is of a kind so specified;
   (b) to secure that the exercise of the right is not prevented or impeded;
   (c) to regulate the charges which may be made for the storage of gas by virtue of that right; and
   (d) to secure to the applicant such ancillary or incidental rights as may be necessary or expedient (which may, in particular, include a right to have a pipeline of his connected to the facility by the owner).

(13) A notice under subsection (11) may also authorise the owner to recover from the applicant payments by way of consideration for any right mentioned in subsection (12) (a) or (d) of amounts specified in the notice or determined in accordance with the notice.

(2) For the purpose of considering an application under section 17F(5), the [F164OGA] may by notice require the owner or the applicant to provide [F165it] with such information relevant to the application as may be specified or described in the notice.

(3) The information mentioned in subsection (2) may, in particular, include financial information relevant to the owner’s or the applicant’s activities with respect to petroleum production projects and controlled petroleum pipelines.

(4) The [F166OGA] shall not disclose to any person any information obtained under subsection (2) without the consent of the person by or on behalf of whom it was provided, unless [F167it] is required to do so by virtue of any obligation imposed on [F168it] by or under any enactment.
(5) In section 17F(9), “permitted substances” means the things which may be conveyed by the pipeline in accordance with an authorisation (or, if no authorisation for the use of the pipeline is required by section 14(1), means the things which the pipeline is designed to convey).

(6) Before serving a notice under section 15(6) on a person other than the holder of the relevant authorisation, the OGA shall give that person an opportunity to make applications under section 17F in respect of the proposed pipeline to which the authorisation relates; and section 17F and subsections (1) to (5) above shall have effect for this purpose as if references to a pipeline and the owner of it were references to the proposed pipeline and the proposed owner of it.

(7) Before serving a notice under section 16(1) on a person other than the owner of the relevant pipeline, the OGA shall give that person particulars of the modifications which it proposes to specify in the notice and an opportunity to make applications under section 17F in respect of the pipeline; and section 17F and subsections (1) to (5) above shall have effect for this purpose as if references to a pipeline were references to the pipeline as it would be with those modifications.

(8) The use of a pipeline by any person in accordance with a right secured to him by the OGA by virtue of section 17F is not a contravention of section 14(1); but a person to whom a right is so secured may not assign the right to any other person.

F269(3A) When preparing an abandonment programme under this section the Secretary of State must—

(a) consult the OGA, and
(b) frame the programme so as to ensure (whether by means of the timing of the measures proposed, the inclusion of provision for collaboration with other persons, or otherwise) that the cost of carrying it out is kept to the minimum that is reasonably practicable in the circumstances.

(3B) When consulted under paragraph (a) of subsection (3A), the OGA must (in particular) consider and advise on—

   (b) how to comply with the requirement in paragraph (b) of that subsection.

(4) The Secretary of State may recover from any of the persons to whom a notice was given under section 29(1) any expenditure incurred by the Secretary of State in preparing an abandonment programme under this section, and any fee that would have been payable on the submission of a programme by those persons.

(5) A person liable to pay any sum to the Secretary of State by virtue of subsection (4) shall also pay interest on that sum for the period beginning with the day on which the Secretary of State notified him of the sum payable and ending with the date of payment.

(7) Where the Secretary of State prepares an abandonment programme under this section, he shall inform the persons to whom notice was given under section 29(1) of its terms; and when he has done so, the following provisions of this Part of this Act shall have effect as if the programme had been submitted by those persons and approved by the Secretary of State.
(a) if the programme relates to an offshore installation, is within paragraph (a), (b), (c), (d) or (e) of section 30(1) when the proposal is made, or has been within one of those paragraphs at some time since the giving of the first notice under section 29(1) in relation to the installation; and

(b) if the programme relates to a submarine pipeline, is within paragraph (a), (b) or (c) of section 30(2) when the proposal is made, or has been within one of those paragraphs at some time since the giving of the first notice under section 29(1) in relation to the pipeline.

(3) The Secretary of State shall not propose that a person who is or has been within paragraph (e) (but no other paragraph) of section 30(1) or paragraph (b) or (c) (but not paragraph (a)) of section 30(2) shall have a duty to secure that a programme is carried out unless it appears to the Secretary of State that a person already under that duty has failed or may fail to discharge it.

(3A) A proposal that a person who is or has been within paragraph (b) or (c) of section 30(1) is to have a duty to secure that a programme is carried out may not be made if the Secretary of State would be prevented from giving a notice under section 29(1) to the person by virtue of section 31(A1) if the programme had not already been approved under this section.

(4) A proposal under subsection (1) shall be made by written notice given—

(a) if the proposal is the Secretary of State’s, to each of the persons by whom the programme was submitted; and

(b) in any other case, to the Secretary of State;

and a person giving notice to the Secretary of State shall at the same time pay to him such fee in respect of his expenditure under this Part of this Act as may be determined in accordance with regulations under section 39.

(4A) A person who makes a proposal under subsection (1) that is likely to have an effect on the cost of carrying out the programme must frame it so as to ensure (whether by means of the timing of the measures proposed, the inclusion of provision for collaboration with other persons, or otherwise) that the cost of carrying out the programme as proposed to be altered is kept to the minimum that is reasonably practicable in the circumstances.
