2000 CHAPTER 27

PART V

AMENDMENT OF THE GAS ACT 1986

Gas performance standards

91 Overall standards of performance

After section 33B of the 1986 Act there is inserted—

“33BA Overall standards of performance: gas transporters

- (1) The Authority may from time to time—
 - (a) determine such standards of overall performance in connection with the activities of gas transporters as, in its opinion, ought to be achieved by them; and
 - (b) arrange for the publication, in such form and in such manner as he considers appropriate, of the standards so determined.
- (2) Different standards may be determined for different gas transporters if the Authority is of the opinion that the differences are such that no gas transporter would be unduly disadvantaged in competing with other gas transporters.
- (3) It shall be the duty of every gas transporter to conduct his business in such a way as can reasonably be expected to lead to his achieving the standards set under this section.”
