Admission arrangements

47 Admission numbers

- (1) For section 86(5) of the School Standards and Framework Act 1998 (c. 31) (no prejudice for the purposes of subsection (3)(a) to be taken to arise from the admission of a number of pupils not exceeding the relevant standard number or the admission number, whichever is greater) there is substituted—

“(5) No prejudice shall be taken to arise for the purposes of subsection (3)(a) from the admission to a maintained school in a school year of a number of pupils in a relevant age group which does not exceed the number determined under section 89 as the number of pupils in that age group that it is intended to admit to the school in that year; but this subsection does not apply if the conditions set out in subsection (5A) are met in relation to the school and the school year.

(5A) Those conditions are—

- (a) that the school is one at which boarding accommodation is provided for pupils; and
- (b) that the determination under section 89 by the admission authority of the admission arrangements which are to apply for that year includes the determinations mentioned in paragraphs (a) and (b) of section 89A(2).

Status: This is the original version (as it was originally enacted).

- (5B) Where the conditions set out in subsection (5A) are met in relation to a maintained school and a school year, no prejudice shall be taken to arise for the purposes of subsection (3)(a) from either of the following—
- (a) the admission to the school in that year as boarders of a number of pupils in a relevant age group which does not exceed the number determined under section 89 as the number of pupils in that age group that it is intended to admit to the school in that year as boarders;
 - (b) the admission to the school in that year otherwise than as boarders of a number of pupils in a relevant age group which does not exceed the number determined under section 89 as the number of pupils in that age group that it is intended to admit to the school in that year otherwise than as boarders.”

(2) After section 89 of that Act there is inserted—

“89A Determination of admission numbers

- (1) A determination under section 89 by the admission authority for a maintained school of the admission arrangements which are to apply for a school year shall include a determination of the number of pupils in each relevant age group that it is intended to admit to the school in that year.
- (2) Such a determination under section 89 may also, if the school is one at which boarding accommodation is provided for pupils, include—
 - (a) a determination of the number of pupils in each relevant age group that it is intended to admit to the school in that year as boarders, and
 - (b) a determination of the number of pupils in each relevant age group that it is intended to admit to the school in that year otherwise than as boarders.
- (3) Regulations may make provision about the making of any determination required by subsection (1), and may in particular require the admission authority for a maintained school to have regard, in making any such determination, to—
 - (a) any prescribed method of calculation, and
 - (b) any other prescribed matter.
- (4) References in this section to the determination of any number include references to the determination of zero as that number.”
