 - (b) a person acquires shares (or an interest in shares) in the spin-out company before the intellectual property agreement is made or within the period of 183 days beginning with the date on which it is made,
 - (c) the right or opportunity to acquire the shares (or interest in shares) was available by reason of employment by the research institution (or any of them) or by the spin-out company, and
 - (d) the person is involved in research in relation to any of the intellectual property that is the subject of the intellectual property agreement.
- (2) But this Chapter does not apply if the avoidance of tax or national insurance is the main purpose (or one of the main purposes) of the arrangements under which the right or opportunity to acquire the shares (or interest in shares) is made available.

Tax relief on acquisition

452 Market value on acquisition

- (1) For the relevant tax purposes the market value of the shares (or interest in shares) at the time of the acquisition is to be calculated disregarding the effect on that market value of the intellectual property agreement and any transfer of intellectual property pursuant to it.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2005, Part 2. (See end of Document for details)

- (2) For the purposes of subsection (1) “the relevant tax purposes” are—
- (a) determining any amount that is to constitute earnings from the employment under Chapter 1 of Part 3 (earnings),
 - (b) determining the amount of any gain realised on the occurrence of an event that is a chargeable event by virtue of section 439(3)(a) (conversion),
 - (c) operating Chapter 3C of this Part (acquisition of securities for less than market value), and

- (2) But this section does not apply if something which affects the shares (or interest in shares) has been done (at or before the time when the intellectual property agreement is made or intellectual property is transferred) as part of a scheme or arrangement the main purpose (or one of the main purposes) of which is the avoidance of tax or national insurance contributions.

 - (b) may not be made more than 14 days after the acquisition.

*Changes to legislation: There are currently no known outstanding effects
for the Finance Act 2005, Part 2. (See end of Document for details)*

(charge on occurrence of chargeable event) on the occurrence on any chargeable event in relation to the shares (or interest in shares).

- (5) In determining under section 428(3) (amount of charge) what would have been the market value of the shares (or interest in shares) at the time of the acquisition but for any restrictions (IUMV), that market value is to be calculated disregarding the effect on that market value of the intellectual property agreement and any transfer of intellectual property pursuant to it.

455 **Disapplication of Chapter 3B**

Textual Amendments

F63 S. 81 repealed (with effect in accordance with s. 1329(1) of the amending Act) by [Corporation Tax Act 2009 \(c. 4\)](#), s. 1329(1), [Sch. 3 Pt. 1](#) (with [Sch. 2 Pts. 1, 2](#))

82 Change of accounting practice: deferment of transitional adjustments

- (1) This section applies where—
- (a) a company enters into a transaction on or after 14th December 2004, otherwise than in the ordinary course of its business,
 - (b) as a result of the transaction it incurs a loss in respect of a loan relationship or derivative contract in respect of which, apart from this section, a debit would fall to be brought into account for tax purposes in a period of account beginning before 1st January 2005,
 - (c) the sole or main purpose of the company in entering into the transaction at the time it did was to enable it to bring a debit into account for tax purposes in such a period, and
 - (d) if the company had continued to hold the asset or liability representing the loan relationship or derivative contract, as it was held immediately before the transaction referred to in paragraph (a), in its first period of account beginning on or after 1st January 2005, a debit would have arisen in respect of the loan relationship or derivative contract in that period that was a prescribed debit for the purposes of regulation 3 of the Loan Relationship and Derivative Contracts (Change of Accounting Practice) Regulations 2004 (S.I. 2004/3271) (debts not to be brought into account until the company's first period beginning on or after 1st January 2006).
- (2) Where this section applies no such debit as is mentioned in subsection (1)(b) shall be brought into account in the period of account mentioned there, but a debit of the same amount shall instead be brought into account as if it were a prescribed debit for the purposes of the regulation referred to in subsection (1)(d) (even though the loss giving rise to the debit was incurred before 1st January 2005).
- (3) In determining the sole or main purpose of a company for the purposes of subsection (1)(c) regard shall be had to anything done by a connected company that would be relevant for the purposes of that determination if done by the company in question.
- For this purpose companies are connected if they are connected persons within the meaning of section 839 of ICTA.
- (4) For the purposes of subsection (1)(d) it shall be assumed that the loan relationship or derivative contract has the same value at the beginning of the company's first period of account beginning on or after 1st January 2005 as it had at the time of the transaction referred to in subsection (1)(a).
- (5) This section does not apply where the transaction is entered into in pursuance of legally binding arrangements entered into before 14th December 2004.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2005, Part 2. (See end of Document for details)

- (6) In this section, references to a company entering into a transaction include a reference to the company, or the directors of the company, taking a decision about a loan relationship or derivative contract that affects its treatment for accounting purposes (other than a decision to prepare some or all of the company's accounts in accordance with international accounting standards).

 - (ii) acting as guarantor in respect of loan relationships, derivative contracts, finance leases or other liabilities of other companies where the whole, or substantially the whole, of the company's rights in respect of the guarantee (including any right of subrogation) form the whole or part of the security for the capital market arrangement.]
- (4) An “asset-holding company” means a company—

 - (b) of itself becoming an asset-holding or note-issuing company.
- (7) A “commercial paper funded company” means—

 - (b) a company that was an intermediate borrowing company but whose obligations under debtor relationships to a note-issuing company—
 - (i) have been transferred to, or
 - (ii) have been replaced by obligations under debtor relationships to, one or more companies carrying on a business of banking.

[^{F70}(7A) The Treasury may by regulations—
