CHAPTER A3
INTEGRATED CARE BOARDS

Establishment of integrated care boards (including by re-purposing clinical commissioning groups)

14Z25 Duty to establish integrated care boards

(1) NHS England must establish bodies called integrated care boards in accordance with this Chapter.

(2) Each integrated care board is to be established by order made by NHS England for an area within England.

(3) The area for which an integrated care board is established must not coincide or overlap with the area of any other integrated care board.

(4) NHS England must ensure that, at all times on and after the appointed day, the areas of integrated care boards together cover the whole of England.

(5) An order establishing an integrated care board must provide for the constitution of the board, either by setting out the constitution or by making provision by reference to a published document where it is set out.

(6) In Schedule 1B—
   (a) Part 1 is about the constitution of an integrated care board (including its area);
   (b) Part 2 is about the status and powers of an integrated care board and its accounts.

(7) Before varying or revoking an order under this section NHS England must consult any integrated care board that it considers likely to be affected.

(8) NHS England must publish orders under this section.

(9) In this section “the appointed day” means a day appointed under this subsection by regulations made by the Secretary of State.
14Z26 Process for establishing initial integrated care boards

(1) NHS England must publish a list of the initial areas for which integrated care boards are to be established (each of which is referred to in this section as an “initial area”).

(2) The relevant clinical commissioning group or groups for an initial area must propose the constitution of the first integrated care board to be established for that area.

(3) Before making a proposal under subsection (2), the relevant clinical commissioning group or groups must consult any persons they consider it appropriate to consult (and it is immaterial for this purpose whether the consultation is carried out before or after this section comes into force).

(4) When establishing the first integrated care board under section 14Z25 for an initial area, NHS England must give effect to any proposal under subsection (2) unless it considers that—

(a) the proposal is inappropriate, or

(b) the relevant clinical commissioning group or groups have not carried out an appropriate consultation under subsection (3),

and in that case NHS England must determine the terms of the constitution itself.

(5) Nothing in this section—

(a) prevents NHS England from establishing the first integrated care board for an initial area in a case where the relevant clinical commissioning group or groups have failed within a reasonable period to make a proposal under subsection (2), or

(b) limits the re-exercise of the power in section 14Z25.

(6) NHS England may publish guidance for clinical commissioning groups about the exercise of their functions under this section.

(7) A clinical commissioning group must have regard to guidance published under this section.

(8) In this section “the relevant clinical commissioning group or groups” means—

(a) in relation to an area that coincides with the area of a clinical commissioning group, that group;

(b) in relation to an area that includes the whole or part of the area of more than one clinical commissioning group, those groups acting jointly.

14Z27 Abolition of clinical commissioning groups

(1) Any clinical commissioning group in existence immediately before the appointed day is abolished at the beginning of that day.

(2) In this section “the appointed day” has the same meaning as in section 14Z25.

14Z28 Transfer schemes in connection with integrated care boards

(1) NHS England may, in connection with the abolition of a clinical commissioning group under section 14Z27, make a scheme for the transfer of the group’s property, rights or liabilities to NHS England or an integrated care board.

(2) NHS England may, in connection with the establishment of an integrated care board, make a scheme for the transfer of property, rights or liabilities to the board from—
(a) NHS England,
(b) an NHS trust established under section 25,
(c) an NHS foundation trust, or
(d) a Special Health Authority established under section 28.

(3) NHS England may, in connection with the variation of the constitution of an integrated care board or the abolition of an integrated care board, make a scheme for the transfer of the board’s property, rights or liabilities to NHS England or an integrated care board.

(4) The reference in subsection (3) to the variation of the constitution of an integrated care board is to its variation by order under section 14Z25 or under provision included in its constitution by virtue of paragraph 14 of Schedule 1B.

(5) NHS England must exercise its powers under subsection (1) or (3) so as to ensure that—
(a) on the abolition of a clinical commissioning group whose area coincides with that of an integrated care board, all of the group’s property, rights and liabilities (other than criminal liabilities) are transferred to that board;
(b) on the abolition of a clinical commissioning group whose area does not coincide with that of an integrated care board, all of the group’s property, rights and liabilities (other than criminal liabilities) are transferred to one or more integrated care boards;
(c) on the abolition of an integrated care board, all of the board’s liabilities (other than criminal liabilities) are transferred.

(6) The things that may be transferred under a transfer scheme include—
(a) property, rights and liabilities that could not otherwise be transferred;
(b) property acquired, and rights and liabilities arising, after the making of the scheme;
(c) criminal liabilities.

(7) A transfer scheme may—
(a) create rights, or impose liabilities, in relation to property or rights transferred;
(b) make provision about the continuing effect of things done by, on behalf of or in relation to the transferor in respect of anything transferred;
(c) make provision about the continuation of things (including legal proceedings) in the process of being done by, on behalf of or in relation to the transferor in respect of anything transferred;
(d) make provision for references to the transferor in an instrument or other document in respect of anything transferred to be treated as references to the transferee;
(e) make provision for the shared ownership or use of property;
(f) make provision which is the same as or similar to the TUPE regulations;
(g) make other consequential, supplementary, incidental or transitional provision.

(8) A transfer scheme may provide—
(a) for modifications by agreement;
(b) for modifications to have effect from the date when the original scheme came into effect.

(10) In this section—
   (a) references to rights and liabilities include rights and liabilities relating to a contract of employment;
   (b) references to the transfer of property include the grant of a lease.

**Constitution: publication**

   (b) that any such declaration is made as soon as practicable after the person becomes aware of the conflict or potential conflict and, in any event, within 28 days of the person becoming aware, and
   (c) that any such declaration is included in the registers maintained under subsection (1).

(4) Each integrated care board must make arrangements for managing conflicts and potential conflicts of interest in such a way as to ensure that they do not, and do not appear to, affect the integrity of the board’s decision-making processes.

(5) For the purposes of this section, the commissioning functions of an integrated care board are the functions of the board in arranging for the provision of services as part of the health service.]
14Z31 People for whom integrated care board has responsibility

(1) NHS England must from time to time publish rules for determining the group of people for whom each integrated care board has core responsibility.

   (a) everyone who is provided with NHS primary medical services, and
   (b) everyone who is usually resident in England and is not provided with NHS primary medical services.

(3) Regulations may create exceptions to subsection (2) in relation to people of a prescribed description (which may include a description framed by reference to the primary medical services with which the people are provided).

(4) References in this Act to the group of people for whom an integrated care board has core responsibility are to be read in accordance with this section.

(5) In this section, “NHS primary medical services” means services provided by a person, other than NHS England or an integrated care board, in pursuance of—

Objective of trust special administration

F395 Objective of trust special administration

(1) The objective of a trust special administration is to secure—

(a) the continued provision of such of the services provided for the purposes of the NHS by the NHS foundation trust that is subject to an order under section 65D(2), at such level, as the commissioners of those services determine, and
that the services whose continuous provision is secured as mentioned in paragraph (a) are of sufficient safety and quality to be provided under this Act,

(b) that it becomes unnecessary for the order to remain in force for that purpose.

(2) The commissioners may determine that the objective set out in subsection (1) is to apply to a service only if they are satisfied that the criterion in subsection (3) is met.

(3) The criterion is that ceasing to provide the service under this Act would, in the absence of alternative arrangements for its provision under this Act, be likely to—

(a) have a significant adverse impact on the health of persons in need of the service or significantly increase health inequalities, or

(b) cause a failure to prevent or ameliorate either a significant adverse impact on the health of such persons or a significant increase in health inequalities.

(4) In determining whether that criterion is met, the commissioners must (in so far as they would not otherwise be required to do so) have regard to—

(a) the current and future need for the provision of the service under this Act,

(b) whether ceasing to provide the service under this Act would significantly reduce equality between those for whom the commissioner arranges for the provision of services under this Act with respect to their ability to access services so provided, and

(c) such other matters as may be specified in relation to NHS foundation trusts in guidance published by NHS England.

(5) NHS England may revise guidance under subsection (4)(c) and, if it does so, must publish the guidance as revised.

(6) Before publishing guidance under subsection (4)(c) or (5), NHS England must consult the Care Quality Commission.

(7) NHS England must make arrangements for facilitating agreement between commissioners in determining the services provided by the trust under this Act to which the objective set out in subsection (1) is to apply.

(8) Where commissioners fail to reach agreement in pursuance of arrangements under subsection (7), NHS England may make the determination (and the duty imposed by subsection (1)(a), so far as applying to the commissioners concerned, is to be regarded as discharged).

(9) In this section—

“commissioners” means the persons to which the trust provides services under this Act, and

“health inequalities” means the inequalities between persons with respect to the outcomes achieved for them by the provision of services that are provided as part of the health service.]

65F Draft report

[1] A trust special administrator appointed in relation to an NHS trust must, within the period of 65 working days beginning with the day on which the administrator’s appointment takes effect—

(a) provide NHS England and the Secretary of State with a draft report recommending any action that NHS England or the Secretary of State should take in relation to the trust, and

(b) publish a copy of that draft report.

(1B) A trust special administrator may not provide a draft report under subsection (1A)—

(a) without having obtained a statement from each commissioner that the commissioner considers that the recommendation in the draft report—

(i) would achieve the objective set out in section 65DA(1)(a), and

(ii) would do so without harming essential services provided for the purposes of the NHS by any other NHS foundation trust or NHS trust that provides services under this Act to the commissioner, or

(b) where the administrator is unable to obtain a statement to that effect from one or more of the commissioners (other than NHS England), without having obtained a statement to that effect from NHS England.

(1C) A trust special administrator may not provide a draft report under subsection (1A) without having obtained a statement from the Care Quality Commission that it considers that the recommendation in the draft report would achieve that part of the objective set out in section 65DA(1)(aa).

or

(b) where the administrator does not obtain a statement to that effect from one or more commissioners (other than NHS England), without having obtained a statement to that effect from NHS England.

(2) The first condition is that the continued inclusion of the practitioner in the list would be prejudicial to the efficiency of the services which those included in the list undertake to provide (and such a case is referred to in this Chapter as an “efficiency case”).

(3) The second condition is that the practitioner—
   (a) has (whether on his own or together with another) by an act or omission caused, or risked causing, detriment to any health scheme by securing or trying to secure for himself or another any financial or other benefit, and

152 Contingent removal

(1) In an efficiency case or a fraud case, [F15NHS England] may, instead of deciding to remove a practitioner from its list, decide to remove him contingently.

(2) If it so decides, it must impose such conditions as it may decide on his inclusion in the list with a view to—
(a) removing any prejudice to the efficiency of the services in question (in an efficiency case), or

(2) A practitioner must be treated for the purposes of this Chapter as meeting the condition referred to in section 151(3) if—

(a) another person, because of an act or omission of his occurring in the course of providing any services mentioned in section 151(1) on the practitioner's behalf, meets that condition, and

(b) the practitioner failed to take all such steps as were reasonable to prevent acts or omissions within section 151(3)(a) occurring in the course of the provision of those services on his behalf.

154  Suspension

(1) If [F15NHS England] is satisfied that it is necessary to do so for the protection of members of the public or is otherwise in the public interest, it may suspend a practitioner from its list—

(a) while it decides whether or not to exercise its powers under section 151 or 152 (other than in circumstances falling within paragraph (b)), or

(b) while it waits for a decision affecting the practitioner of a court or of a body which regulates—

(i) the practitioner's profession,

(ii) the profession of a person providing any of the services mentioned in section 151(1) on the practitioner's behalf, or

(a) before that period expires it may extend, or further extend, the suspension for a further specified period, or
(b) if that period has expired, it may impose a further suspension, for a period which it must specify.

(6) The period of suspension (in a subsection (1)(a) case) or the additional period (in a subsection (1)(b) case), including in both cases the period of any further suspension imposed under subsection (5)(b), may not exceed six months in aggregate, except—
   (a) in prescribed circumstances, when it may not extend beyond any prescribed event (which may be the expiry of a prescribed period),
   (b) if, on the application of \[F15\] NHS England, the \[F807\] First-tier Tribunal orders accordingly before the expiry of the period of suspension, or
   (c) if \[F15\] NHS England has applied under paragraph (b) before the expiry of the period of suspension, but the \[F808\] First-tier Tribunal has not made an order by the time it expires, in which case it continues until the \[F808\] First-tier Tribunal has made an order.

(7) If the \[F809\] First-tier Tribunal does so order, it must specify—
   (a) the date on which the period of suspension will end, or
   (b) an event beyond which it will not continue.

(8) The \[F810\] First-tier Tribunal may, on the application of \[F15\] NHS England, make a further order (complying with subsection (7)) at any time while the period of suspension pursuant to the earlier order is still continuing.

(9) The Secretary of State may make regulations providing for payments to practitioners who are suspended.

(7) Regulations may provide that determinations may be made by reference to any of—
   (a) rates or conditions of remuneration of any persons or any descriptions of persons which are fixed or determined, or will be fixed or determined, otherwise than by way of a determination under this section,
   (b) scales, indices or other data of any description specified in the regulations.

   (b) in any subsequent form taking effect after that time.

(8A) Regulations may impose requirements in relation to remuneration in respect of any of the following—

The power under subsection (5)(b) to recover a payment may be exercised in a financial year after the one in respect of which the payment was made.

The payments that may be made out of a pooled fund into which a designated amount is transferred include payments to a local authority which is not party to the pooling arrangements in question in connection with the exercise of its functions under Part 1 of the Housing Grants, Construction and Regeneration Act 1996 (disabilities facilities grants).

In exercising a power under this section, NHS England must have regard to the extent to which there is a need for the provision of each of the following—

(a) health services (see subsection (12)),

Establishment of NHS trust prior to operational date

7 (1) An NHS trust order may provide for the establishment of an NHS trust with effect from a date earlier than the operational date of the NHS trust and, during the period between that earlier date and the operational date, the NHS trust has such limited functions for the purpose of enabling it to begin to operate satisfactorily with effect from the operational date as may be specified in the order.

(2) If an NHS trust order makes the provision referred to in sub-paragraph (1), then, at any time during the period referred to in that sub-paragraph, the NHS trust must be regarded as properly constituted (and may carry out its limited functions accordingly) notwithstanding that, at that time, all or any of the executive directors have not yet been appointed.

(3) If an NHS trust order makes the provision referred to in sub-paragraph (1), the order may require a Special Health Authority or Local Health Board to discharge such liabilities of the NHS trust as—

(a) may be incurred during the period referred to in that sub-paragraph, and

(b) are of a description specified in the order.

Transfer of staff to NHS trusts

8 (1) This paragraph applies to any person who, immediately before an NHS trust’s operational date—

(a) is employed by a Special Health Authority or Local Health Board to work solely at, or for the purposes of, a hospital or other establishment or facility which will become the responsibility of the NHS trust, or

(b) is employed by a Special Health Authority or Local Health Board to work at, or for the purposes of, such a hospital, establishment or facility and is designated for the purposes of this paragraph by a scheme made by the Special Health Authority or Local Health Board specified as mentioned in paragraph 5(1)(f).

(2) Sub-paragraph (1) is subject to sub-paragraph (6).

(3) A scheme under this paragraph does not have effect unless approved by the Secretary of State.

(4) Subject to sub-paragraphs (9) to (11), the contract of employment between a person to whom this paragraph applies and the Special Health Authority or Local Health Board by whom he is employed has effect from the operational date as if originally made between him and the NHS trust.

(5) In particular—
(a) all the rights, powers, duties and liabilities of the Special Health Authority... or Local Health Board under or in connection with a contract to which sub-paragraph (4) applies are by virtue of this paragraph transferred to the NHS trust on its operational date, and
(b) anything done before that date by or in relation to the Special Health Authority... or Local Health Board in respect of that contract or the employee is deemed from that date to have been done by or in relation to the NHS trust.

(6) In any case where—
(a) an NHS trust order provides for the establishment of an NHS trust with effect from a date earlier than the operational date of the NHS trust,
(b) on or after that earlier date but before its operational date the NHS trust makes an offer of employment by the NHS trust to a person who at that time is employed by a Special Health Authority... or Local Health Board to work (whether solely or otherwise) at, or for the purposes of, the hospital or other establishment or facility which will become the responsibility of the NHS trust, and
(c) as a result of the acceptance of the offer, the person to whom it was made becomes an employee of the NHS trust, sub-paragraphs (4) and (5) have effect in relation to that person's contract of employment as if he were a person to whom this paragraph applies and as if any reference in those sub-paragraphs to the operational date of the NHS trust were a reference to the date on which he takes up employment with the NHS trust.

(7) Sub-paragraphs (4) and (5) do not affect any right of an employee to terminate his contract of employment if a substantial change is made to his detriment in his working conditions; but no such right arises by reason only of the change in employer effected by this paragraph.

(8) A scheme under this paragraph may designate a person either individually or as a member of a class or description of employees.

(9) In the case of a person who falls within sub-paragraph (1)(b), a scheme under this paragraph may provide that, with effect from the NHS trust's operational date, his contract of employment (his “original contract”) must be treated, in accordance with the scheme, as divided so as to constitute—
(a) a contract of employment with the NHS trust, and
(b) a contract of employment with the Special Health Authority... or Local Health Board by whom he was employed before that date (the “transferor authority”).

(10) Where a scheme makes provision as mentioned in sub-paragraph (9)—
(a) the scheme must secure that the benefits to the employee under the two contracts referred to in that sub-paragraph, when taken together, are not less favourable than the benefits under his original contract,
(b) this paragraph applies in relation to the contract referred to in sub-paragraph (9)(a) as if it were a contract transferred under this paragraph from the transferor authority to the NHS trust, and
(c) so far as necessary to preserve any rights and obligations, the contract referred to in sub-paragraph (9)(b) must be regarded as a continuation of the employee's original contract.
(11) Where, as a result of the provisions of this paragraph, by virtue of his employment during any period after the operational date of the NHS trust—
   (a) an employee has contractual rights against an NHS trust to benefits in the event of his redundancy, and
   (b) he also has statutory rights against the trust under Part 11 of the Employment Rights Act 1996 (c. 18) (redundancy payments),
any benefits provided to him by virtue of the contractual rights referred to in paragraph (a) must be taken as satisfying his entitlement to benefits under that Part of that Act.

PART 3

INTERPRETATION

20 In this Schedule—

“disposal”, in relation to property, includes the granting of an interest in or right over it,

“employee” means a person employed under a contract of service,

“labour relations matter” means—

(a) any of the matters specified in paragraphs (a) to (g) of section 178(2) of the Trade Union and Labour Relations (Consolidation) Act 1992 (c. 52) (matters which may be the subject of a collective agreement), or

(b) any dispute about a matter falling within paragraph (a),

and for the purposes of this definition the enactments mentioned in paragraph (a), with the necessary modifications, apply in relation to office-holders under a relevant body as they apply in relation to employees of a relevant body,

“office-holder”, in relation to a relevant body, means the holder of any paid office appointments to which are or may be made or confirmed by the body or by any person who holds any such office or is an employee of the body.

SCHEDULE 18

SECTION 75 ARRANGEMENTS: TRANSFER OF STAFF

Application of Schedule

1 This Schedule applies where, under any arrangements under regulations under section 75, any functions of a body (“the transferor”) will be exercised by another body (“the transferee”).

Orders transferring staff

2 (1) The Secretary of State may by order transfer to the transferee any specified description of employees of the transferor.
(2) An order may be made under this paragraph only if any prescribed requirements about consultation have been complied with in relation to each of the employees to be transferred.

**Effect of order on contracts of employment**

3 (1) The contract of employment of an employee transferred by an order under paragraph 2—

(a) is not terminated by the transfer, and

(b) has effect from the date of the transfer as if originally made between the employee and the transferee.

(2) In particular—

(a) all the rights, powers, duties and liabilities of the transferor under or in connection with the employee's contract of employment are by virtue of this sub-paragraph transferred to the transferee, and

(b) anything done before the date of the transfer by or in relation to the transferor in respect of the employee or his contract of employment is deemed from that date to have been done by or in relation to the transferee.

(3) Sub-paragraphs (1) and (2) do not transfer an employee's contract of employment, or the rights, powers, duties and liabilities under or in connection with it, if he informs the transferor or the transferee that he objects to the transfer.

(4) Where an employee objects as mentioned in sub-paragraph (3), his contract of employment with the transferor is terminated immediately before the date on which the transfer would occur; but he must not be treated, for any purpose, as having been dismissed by that body.

(5) This paragraph does not affect any right of an employee transferred by an order under paragraph 2 to terminate his contract of employment if a substantial change is made to his working conditions; but no such right arises by reason only that, under this paragraph, the identity of his employer changes unless the employee shows that, in all the circumstances, the change is a significant change and is to his detriment.

**Effect of order on pension rights**

4 (1) An order under paragraph 2 may provide that, in the case of an employee of any specified description who is transferred by the order, paragraph 3 does not apply in relation to—

(a) so much of the employee's contract of employment as relates to relevant pension provisions, or

(b) any rights, powers, duties or liabilities under or in connection with that contract, or otherwise arising in connection with the employee's employment, and relating to such provisions.

(2) If an order under paragraph 2 provides as mentioned in sub-paragraph (1), the order may in relation to any such employee make such provision (if any) as the Secretary of State considers appropriate with respect to all or any of the matters mentioned in paragraphs (a) and (b) of that sub-paragraph.
(3) The provision which may be made by virtue of sub-paragraph (2) includes provision—
   (a) for any such employee's contract of employment with the transferee to have effect with any specified modifications,
   (b) for relevant pension provisions of any specified description to have effect in the case of any such employee with any such modifications.

(4) In this paragraph “relevant pension provisions” means the provisions of an occupational pension scheme within the meaning of the Pension Schemes Act 1993 (c. 48), with the exception (if the order under paragraph 2 so provides) of any provisions of such a scheme falling within a description specified in the order.

Divided employments

5 (1) Where an employee will be transferred by an order under paragraph 2 but will continue to be employed for certain purposes by the transferor, the order may provide that the contract of employment of the employee is, on the date on which the employee is transferred, divided so as to constitute two separate contracts of employment between the employee and the transferor and between the employee and the transferee.

(2) Where an employee's contract of employment is divided as provided under sub-paragraph (1)—
   (a) the order must provide for paragraph 3 to have effect in the case of the employee and his contract of employment subject to appropriate modifications, and
   (b) paragraph 4 similarly applies only so far as appropriate in connection with the employee's employment by the transferee.

Modifications etc. (not altering text)
C107 Sch. 21 transfer of functions (10.7.2008) by Welsh Ministers (Transfer of Functions) Order 2008 (S.I. 2008/1786), art. 2(b)

Prohibition, and certificate of the Secretary of State

1 (1) Any person who sells or buys the goodwill of a medical practice which it is unlawful to sell by virtue of section 259 is guilty of an offence and liable on conviction on indictment to a fine not exceeding—
   (a) such amount as will in the court's opinion secure that he derives no benefit from the offence, and
   (b) the further amount of £500,
   or to imprisonment for a term not exceeding three months, or both.

(2) Any person proposing to be a party to a transaction or series of transactions which he considers might amount to a sale of the goodwill of a medical practice in contravention of section 259 may ask the Secretary of State for a certificate under this paragraph.

(3) The Secretary of State must—
   (a) consider any such application, and
   (b) if he is satisfied that the transaction or series of transactions does not involve the giving of valuable consideration in respect of the goodwill of such a medical practice, issue to the applicant a certificate to that effect.

(4) The certificate must—
   (a) be in the prescribed form, and
   (b) set out all material circumstances disclosed to the Secretary of State.

(5) Where any person is charged with an offence under this paragraph in respect of any transaction or series of transactions, it is a defence to prove that the transaction or series of transactions was certified by the Secretary of State under sub-paragraph (3).

(6) Any document purporting to be such a certificate is admissible in evidence and is deemed to be such a certificate unless the contrary is proved.

(7) The court may disregard such a certificate if it appears to the court that the applicant for the certificate—
   (a) failed to disclose to the Secretary of State all the material circumstances, or
   (b) made any misrepresentation with respect to the material circumstances.

(8) A prosecution for an offence under this paragraph may be instituted only by or with the consent of the Director of Public Prosecutions, and the Secretary of State must, at the request of the Director, furnish him with—
   (a) a copy of any certificate issued by the Secretary of State under sub-paragraph (3), and
(b) copies of any documents produced to him in connection with the application for that certificate.

**Certain transactions deemed sale of goodwill**

2 (1) For the purposes of section 259 and paragraph 1, a disposal of premises previously used for the purposes of a medical practice is deemed to be a sale of the goodwill of a medical practice if—

(a) the person disposing of the premises did so knowing that another person (“A”) intended to use them for the purposes of A’s medical practice, and

(b) the consideration for the disposal substantially exceeded the consideration that might reasonably have been expected if the premises had not previously been used for the purposes of a medical practice.

(2) If a person disposes of any premises together with any other property, the court must, for the purposes of sub-paragraph (1), make such apportionment of the consideration as it considers just.

(3) For the purposes of sub-paragraphs (1) and (2)—

(a) “disposal” means any sale, letting or other form of disposal (whether by a single transaction or a series of transactions) and “disposes” and “disposing” must be read accordingly, and

(b) a person who procures the disposal of any premises must be treated as having disposed of them.

(4) Where in pursuance of any partnership agreement—

(a) any valuable consideration, other than the performance of services in the partnership business, is given by a partner or proposed partner as consideration for his being taken into partnership,

(b) any valuable consideration is given to a partner, on or in contemplation of his retirement or of his acceptance of a reduced share of the partnership profits, or to the personal representative of a partner on his death, not being a payment in respect of that partner’s share in past earnings of the partnership or in any partnership assets or any other payment required to be made to him as the result of the final settlement of accounts, as between him and the other partners, in respect of past transactions of the partnership, or

(c) services are performed by any partner for a consideration substantially less than those services might reasonably have been expected to be worth having regard to the circumstances at the time when the agreement was made,

there is deemed for the purposes of section 259 and paragraph 1 to have been a sale of goodwill as specified in sub-paragraph (5).

(5) The sale of goodwill is the sale of the goodwill of the practice—

(a) of any partner to whom, or to whose personal representative, the consideration (or any part of it) is given or for whose benefit the services are performed,

(b) to the partner or each of the partners by or on whose behalf the consideration (or any part of it) was given or to the partner who performed the services.

(6) The sale is deemed for the purposes of section 259 and paragraph 1 to have been effected—
(a) in a case to which sub-paragraph (4)(a) or (b) applies, at the time when the consideration was given, or, if the consideration was not all given at the same time, at the time when the first part was given, or

(b) in a case to which sub-paragraph (4)(c) applies, at the time when the agreement was made.

(7) Sub-paragraph (8) applies if a person (“the assistant”)—

(a) performs services on behalf of a person who carries on a medical practice (or as an employee of a person employing a practitioner who carries on a medical practice),

(b) receives substantially less remuneration for performing those services than might reasonably have been expected, having regard to the circumstances at the time when the remuneration was fixed, and

(c) subsequently succeeds, whether as a result of a partnership agreement or otherwise, to that practice.

(8) For the purposes of section 259 and paragraph 1, a sale of the goodwill of the practice is deemed to have taken place (at the time when the remuneration was fixed) unless it is proved that the remuneration was not fixed in contemplation of the assistant’s succeeding to the practice.

(9) For the purposes of section 259 and paragraph 1, the goodwill of a medical practice is deemed to have been sold if sub-paragraph (10) or (11) applies.

(10) This sub-paragraph applies where a person carrying on the practice (or employing a practitioner who carries on a medical practice) agrees, for valuable consideration—

(a) to do or refrain from doing any act for the purpose of facilitating the succession of another to the practice, or

(b) to allow any act to be done for that purpose.

(11) This sub-paragraph applies where a person—

(a) gives valuable consideration to a person carrying on the practice (or employing a practitioner who carries on a medical practice), and

(b) succeeds, or has previously succeeded, to the practice.

(12) Sub-paragraph (9) does not apply if it is proved that no part of the consideration was given in respect of the goodwill.

(13) Sub-paragraph (9) does not apply to anything done—

(a) in relation to the acquisition of premises for the purposes of a medical practice,

(b) in pursuance of a partnership agreement, or

(c) in the performance of medical services by one person as an assistant to another.

Consideration

(1) In determining for the purposes of section 259 and this Schedule the consideration given in respect of any transaction, the court must—

(a) have regard to any other transaction appearing to the court to be associated with the first transaction,

(b) estimate the total consideration given in respect of both or all the transactions, and
(c) apportion the total between the transactions in such manner as the court considers just.

(2) For the purposes of section 259 and this Schedule consideration is deemed to be given to a person (“B”) if—

(a) it is given to another person but with B's knowledge and consent, and

(b) it appears to the court that B has derived, or will derive, a substantial benefit from the giving of the consideration.

Carried-over goodwill

4 The fact that a person's medical practice was previously carried on by another person who at any time provided or performed services as specified in section 259 does not, by itself, make it unlawful under section 259 for the goodwill of his practice to be sold.

Interpretation

5 In section 259 and this Schedule, unless the context otherwise requires, references to a person include, in the case of an individual who has died, references to his personal representative.
