## EXPLANATORY NOTES

### COMMENTARY ON SECTIONS

#### **Part 5: Work**

#### *Chapter 3: Equality of terms*

#### *Section 68: Sex equality rule: consequential alteration of schemes*

#### **Example**

- The scheme rules of a large scheme require consultation with all the members before an amendment to the rules may be made. This is impracticable, particularly as some deferred members cannot be traced. Scheme trustees may make the necessary alterations to scheme rules relying on this power.
