 - (b) Part 2 of this Schedule (companies with permanent establishments in the United Kingdom).

Entering into an exit charge payment plan

- 8 (1) A Part 1 company or a Part 2 company enters into an exit charge payment plan in respect of qualifying corporation tax in accordance with this Schedule if—
- (a) the company agrees to pay, and an officer of Revenue and Customs agrees to accept payment of, the tax in accordance with the standard instalment method (see paragraph 13) or the realisation method (see paragraphs 14 to 17) or a combination of the two methods,
 - (b) the company agrees to pay interest on the tax in accordance with paragraph 9(3), and

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2013, SCHEDULE 49. (See end of Document for details)

- (2) The exit charge payment plan may, in the circumstances mentioned in sub-paragraph (3), contain appropriate provision regarding security for Her Majesty's Revenue and Customs in respect of the deferred payment of the tax.
- (3) Those circumstances are where an officer of Her Majesty's Revenue and Customs considers that agreeing to accept payment of qualifying corporation tax in accordance with the plan would present a serious risk as to collection of the tax in the absence of provision regarding security in respect of that tax.
- (4) An exit charge payment plan is void if any information furnished by the company in connection with the plan does not fully and accurately disclose all facts and considerations material to the decision of the officer of Revenue and Customs to accept payment of qualifying corporation tax in accordance with the plan.

Effect of exit charge payment plan

- 9 (1) This paragraph applies where an exit charge payment plan is entered into by a company in respect of qualifying corporation tax in accordance with this Schedule.
- (2) As regards when the tax is payable—
 - (a) the plan does not prevent the tax becoming due and payable under section 59D or 59E, but
 - (b) the Commissioners for Her Majesty's Revenue and Customs—
 - (i) may not seek payment of the tax otherwise than in accordance with the plan;
 - (ii) may make repayments in respect of any amount of the tax paid, or any amount paid on account of the tax, before the plan is entered into.
- (3) As regards interest—
 - (a) the tax carries interest in accordance with Part 9 as if the plan had not been entered into, and
 - (b) each time a payment is made under the plan, it is to be paid together with any interest payable on it.
- (4) As regards penalties, the company will be liable to penalties for late payment of the tax only if it fails to make payments in accordance with the plan (see item 6ZA of the Table at the end of paragraph 1 of Schedule 56 to the Finance Act 2009).
- (5) Qualifying corporation tax payable in accordance with an exit charge payment plan which is for the time being unpaid may be paid at any time before it becomes payable under the plan together with interest payable on it to the date of payment.

 - (b) the amount of the ECPP tax specified under sub-paragraph (3)(b) that is to be paid in accordance with each method.
- (5) But an exit charge payment plan may specify that any ECPP tax is to be paid in accordance with the standard instalment method only if—
- (a) in the case of a plan entered into by a Part 1 company, the company's ceasing to be resident in the United Kingdom is not part of arrangements the main purpose of which, or one of the main purposes of which, is to defer the payment of any qualifying corporation tax payable by it;
 - (b) in the case of a plan entered into by a Part 2 company, none of the PE qualifying events occurring during the migration accounting period, or bringing that period to an end, is part of arrangements the main purpose of which, or one of the main purposes of which, is to defer the payment of any qualifying corporation tax payable by it.

- (4) A “relevant event” means—
- (a) the company becoming insolvent or entering into administration,
 - (b) the appointment of a liquidator,
