

Consumer Rights Act 2015

2015 CHAPTER 15

PART 2

UNFAIR TERMS

Supplementary provisions

72 Application of rules to secondary contracts

- (1) This section applies if a term of a contract (“the secondary contract”) reduces the rights or remedies or increases the obligations of a person under another contract (“the main contract”).
- (2) The term is subject to the provisions of this Part that would apply to the term if it were in the main contract.
- (3) It does not matter for the purposes of this section—
 - (a) whether the parties to the secondary contract are the same as the parties to the main contract, or
 - (b) whether the secondary contract is a consumer contract.
- (4) This section does not apply if the secondary contract is a settlement of a claim arising under the main contract.
