57 Sanctions: information powers

- (1) This section applies for the purposes of an investigation by the OGA which—
 - (a) concerns whether a person has failed to comply with a petroleum-related requirement, and
 - (b) is carried out for the purpose of enabling the OGA to decide whether to give the person a sanction notice, or on what terms a sanction notice should be given to the person.
- (2) The OGA may by notice in writing, for the purposes of that investigation, require the person to provide specified documents or other information.
- (3) A requirement under subsection (2) only applies to the extent that the documents or information requested are—
 - (a) documents that are in the person's possession or control, or
 - (b) other information that is in the person's possession or control.
- (4) A requirement imposed by a notice under subsection (2) is sanctionable in accordance with this Chapter.

The OGA's procedures

59 Procedure for enforcement decisions

- (1) The OGA must determine the procedure that it proposes to follow in relation to enforcement decisions.
- (2) That procedure must be designed to secure, among other things, that an enforcement decision is taken—
- (a) by a person falling within subsection (3), or

- (4) The OGA must issue a statement of its proposals.
- (5) The statement must be published in a way appearing to the OGA to be best calculated to bring the statement to the attention of the public.
- (6) When the OGA takes an enforcement decision, the OGA must follow its stated procedure.
- (7) If the OGA changes its procedure in a material way, it must publish a revised statement.
- (8) A failure of the OGA in a particular case to follow its procedure as set out in the latest published statement does not affect the validity of an enforcement decision taken in that case.
- (9) But subsection (8) does not prevent the Tribunal from taking into account any such failure in considering an appeal under section 51 or 52 in relation to a sanction notice.
- (10) In this section “enforcement decision” means either of the following—
 - (a) a decision to give a sanction notice in respect of a failure to comply with a petroleum-related requirement;
