HYBRID AND OTHER MISMATCHES

Hybrid and other mismatches from financial instruments: qualifying capital amounts

- 8 In section 259CC (interpretation of section 259CB), at the end insert—
- “(7) A qualifying capital amount arising to a payee is treated as an amount of ordinary income of a payee and references to tax include any qualifying capital tax.
- (8) For the purposes of case 2—
- (a) a qualifying capital amount arising to a payee, for a permitted taxable period, is “under taxed” if the highest rate at which tax is charged on the amount, taking into account on a just and reasonable basis the effect of any credit for underlying tax, is less than the payee's full marginal rate for that period,
 - (b) in determining the payee's “full marginal rate”, the reference to the taxable profits mentioned in subsection (4) includes any qualifying capital amount, and
 - (c) in determining a “credit for underlying tax”, the reference to profits includes any qualifying capital amount.
- (9) If the rate at which a qualifying capital tax is charged on a qualifying capital amount of a payee exceeds the rate at which tax would be charged on an amount of income of the payee, the excess is to be ignored.
- (10) For the purposes of subsections (7) to (9) a “qualifying capital amount” means an amount of a capital nature on which a qualifying capital tax is charged.
- (11) A qualifying capital tax is not regarded for this purpose as charged on an amount so far as—
- (a) the amount is excluded, reduced or offset for the purposes of the tax by any exemption, exclusion, relief or credit that—
 - (i) applies specifically to all or part of the amount (as opposed to amounts of a capital nature generally), or
 - (ii) arises as a result of, or otherwise in connection with, a payment or quasi-payment that gives rise to the amount, or
 - (b) the tax is, or falls to be, refunded (and section 259BC(6) and (7) apply for the purposes of this paragraph with the necessary modifications).
- (12) For the purposes of subsections (7) to (11) a “qualifying capital tax” means—
