- (8) In this section “associated online advertising service” means an online service that—
 - (a) facilitates online advertising, and
 - (b) derives significant benefit from its association with the social media service, internet search engine or online marketplace.
- (9) Where an associated online advertising service derives significant benefit from its association with more than one type of digital services activity, revenues arising from the service are to be treated as attributable to each of the types of digital services activity in question to such extent as is just and reasonable.
- (10) See also section 45 (exclusion for online financial marketplaces).

44 Meaning of “user” and “UK user”

- (1) This section applies for the purposes of this Part.

Charge to tax

46 Meaning of “the threshold conditions”

- (1) For the purposes of this Part “the threshold conditions”, in relation to a group, for an accounting period are—
- (a) that the total amount of digital services revenues arising in that period to members of the group exceeds £500 million, and
 - (b) that the total amount of UK digital services revenues arising in that period to members of the group exceeds £25 million.
- (2) But if the duration of the accounting period is less than a year, the amounts mentioned in subsection (1)(a) and (b) are proportionately reduced.

47 Charge to DST

- (1) This section applies where the threshold conditions are met in relation to a group for an accounting period.

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2020, PART 2. (See end of Document for details)

- (2) Each person who was a member of the group in the accounting period (a “relevant person”) is liable to digital services tax in respect of UK digital services revenues arising in that period.
- (3) To find the liability of a relevant person to digital services tax in respect of the accounting period, take the following steps.
- Step 1* Take the total amount of UK digital services revenues arising to members of the group in the accounting period.
- Step 2* Deduct £25million from the amount found under step 1.
- Step 3* Calculate 2% of the amount calculated under step 2. The result is “the group amount”.
- Step 4* The relevant person's liability to digital services tax in respect of the accounting period is the appropriate proportion of the group amount.
- (4) In this section “the appropriate proportion” means such proportion of the total amount of UK digital services revenues arising to members of the group in the accounting period as is attributable to the relevant person.
- (5) If the duration of the accounting period is less than a year, the sum mentioned in step 2 of subsection (3) is proportionately reduced.
- (6) This section is subject to section 48 (alternative basis of charge).

48 Alternative basis of charge

- (1) This section applies if a valid election under this section in respect of an accounting period has been made in the group's DST return for that period (whether as originally made or by amendment).
- (2) An election under this section is valid if it specifies the categories of revenues in relation to which it applies (or specifies that it applies in relation to all categories).
- (3) For this purpose, the categories of revenues are—
- revenues arising in connection with any social media service;
 - revenues arising in connection with any internet search engine;
 - revenues arising in connection with any online marketplace.
- (4) To find the liability of a relevant person to digital services tax in respect of the accounting period, take the following steps (instead of the steps set out in section 47(3)).
- Step 1* Take the total amount of UK digital services revenues arising to members of the group in the accounting period.
- Step 2* Apportion the total amount found under step 1 between the three categories of revenues.
- Step 3* For each category of revenues, the “net revenues” is the amount by which the amount of revenues apportioned under step 2 exceeds the relevant proportion of £25million. “The relevant proportion” is—

$$\frac{R}{TR}$$

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2020, PART 2. (See end of Document for details)

where—

R is the amount of revenues apportioned under step 2 to the category, and

TR is the total amount found under step 1.

Step 4 For each specified category of revenues, calculate the operating margin. “The operating margin” is—

$$\frac{R - E}{R}$$

where—

R has the same meaning as in step 3, and

E is the amount of relevant operating expenses of the group that are recognised in the accounting period (as to which, see section 49).

If R does not exceed E, the operating margin is nil.

Step 5 For each specified category of revenues, the taxable amount is 0.8 x the operating margin x the net revenues. For any other category of revenues, the taxable amount is 2% of the net revenues.

Step 6 Add together the taxable amounts calculated under step 5. The result is “the group amount”.

Step 7 The relevant person's liability to digital services tax in respect of the accounting period is the appropriate proportion of the group amount.

(5) If the duration of the accounting period is less than a year, the sum mentioned in step 3 of subsection (4) is proportionately reduced.

(6) In this section—

“the appropriate proportion” has the meaning given by section 47;

“relevant person” has the same meaning as in section 47;

“specified”, in relation to a category of revenues, means a category of revenues specified in the election.

49 Section 48: meaning of “relevant operating expenses”

(1) This section supplements section 48.

(2) The “relevant operating expenses” of a group, in relation to a specified category of revenues, means any expenses of a member of the group attributable to the earning of UK digital services revenues within the specified category, except excluded expenses.

(3) “Excluded expenses” means any expenses—

- (a) in respect of interest (or anything equivalent, from a commercial perspective, to interest),
- (b) attributable to the acquisition of a business or part of a business,
- (c) occurring otherwise than in the normal course of business,
- (d) resulting from a change in the valuation of any tangible or intangible asset, or
- (e) in respect of any tax (arising under the law of any territory).

Changes to legislation: There are currently no known outstanding effects for the Finance Act 2020, PART 2. (See end of Document for details)

- (4) Where expenses are attributable to—
- (a) the earning of UK digital services revenues within the specified category, and
 - (b) anything else,
- the expenses are to be treated as relevant operating expenses to such extent as is just and reasonable.
- (5) In this section “specified” has the meaning given by section 48.

50 Relief for certain cross-border transactions

- (1) This section applies if a claim under this section in respect of an accounting period has been included in the group's DST return for that period (whether as originally made or by amendment).
- (2) For the purposes of step 1 in section 47(3) or 48(4), disregard 50% of any UK digital services revenues arising to a member of the group in the accounting period in connection with a relevant cross-border transaction.
- (3) For the purposes of step 4 in section 48(4), disregard 50% of any relevant operating expenses of a member of the group recognised in the accounting period that result from a relevant cross-border transaction.
- (4) “Relevant cross-border transaction” means a marketplace transaction where—
- (a) the online marketplace is provided by a member of the group,
 - (b) a foreign user is a party to the transaction, and
 - (c) all or part of any revenues arising to a member of the group in connection with the transaction are (or would be) subject to a foreign DST charge.
- (5) In this section—
- “foreign user” means a user who it is reasonable to assume—
 - (a) in the case of an individual, is normally in a territory outside the United Kingdom;
 - (b) in any other case, is established in a territory outside the United Kingdom, - and a reference to the foreign user's “territory” is to be read accordingly;
 - “foreign DST charge” means a charge (known by any name) under the law of the foreign user's territory which is similar to digital services tax;
 - “marketplace transaction” has the meaning given by section 41;
 - “relevant operating expenses” has the meaning given by section 49.

51 When DST is due and payable

Digital services tax in respect of an accounting period is due and payable on the day following the end of 9 months from the end of the accounting period.

 - (i) any obligation imposed by or under this Part, or
 - (ii) any other obligation imposed on the person in connection with any digital services tax liability of any member of the group.

 - (b) is not complying with any such obligation.
- (5) An officer of Revenue and Customs revokes a nomination by notifying the parent and the nominated person of the revocation.

The revocation has effect when the notification is issued.

- (6) Anything (including any proceedings) relating to the group that, at any time during the period beginning with the relevant time and ending with the day the change is notified, is in the process of being done in relation to the old responsible member may be continued in relation to the new responsible member.
- (7) Accordingly, any reference in an enactment or other instrument to the responsible member of the group is to be read, so far as necessary for the purposes of giving effect to any of subsections (2) to (6), as being or including a reference to the new responsible member.
- (8) In this section—
 - (a) any reference to an act includes an omission;
 - (b) any reference to the day the change is notified is to the day on which an officer of Revenue and Customs receives notification, in accordance with section 55, that the new responsible member has become the responsible member of the group;
 - (c) “relevant obligations and liabilities” means any obligations or other liabilities relating to digital services tax;
 - (d) “relevant purposes” means any purposes relating to digital services tax.
- (9) Nothing in this section—
 - (a) prevents HMRC or anyone else, after the relevant time, from imposing a penalty, exercising any other power, or doing anything else, in relation to the old responsible member in respect of anything done before the relevant time, or
 - (b) affects the validity of anything done before the relevant time.

54 Duty to notify HMRC when threshold conditions are met
