#### **[<sup>F1</sup>45A Ongoing guarantee of UK internal market access for qualifying Northern Ireland goods**

- (1) Article 6(1) of the Windsor Framework provides that nothing in the Framework prevents the United Kingdom from ensuring unfettered access for goods moving from Northern Ireland to other parts of the United Kingdom's internal market.
- (2) Accordingly, this Act—
  - (a) prohibits the application of export procedures to goods removed from Northern Ireland to Great Britain, in accordance with and subject to section 47; and
  - (b) makes other provision for the purpose of giving permanent unfettered access (as mentioned in Article 6(1)) for qualifying Northern Ireland goods to the whole of the internal market of the United Kingdom.
- (3) In particular, that permanent unfettered access is achieved in relation to qualifying Northern Ireland goods through (among other things)—
  - (a) the mutual recognition principle for goods securing that qualifying Northern Ireland goods which can be sold in Northern Ireland without contravening any relevant requirements that apply to their sale can also be sold in England and Wales and Scotland, in accordance with and subject to the provisions of Part 1;
  - (b) the non-discrimination principle for goods securing that qualifying Northern Ireland goods can be sold in England and Wales and Scotland without the sale being affected by relevant requirements that directly or indirectly discriminate against goods that have a relevant connection with a part of the United Kingdom other than the part in which they are sold, in accordance with and subject to the provisions of Part 1; and

*Changes to legislation: There are currently no known outstanding effects for the United Kingdom Internal Market Act 2020, PART 5. (See end of Document for details)*

- (c) each of the appropriate authorities in the United Kingdom being prohibited, in accordance with and subject to the provisions of section 47, from exercising any function in a way which would result—
  - (i) in an existing kind of NI-GB check, control or administrative process from being used for the first time, or for a new purpose or to a new extent, or
  - (ii) in a new kind of NI-GB check, control or administrative process being introduced or being used.
- (4) The provisions referred to in subsections (2) and (3) are to continue to have effect notwithstanding any divergence between—
  - (a) the laws which affect the sale of goods in Northern Ireland; and
  - (b) the laws which affect the sale of goods in England and Wales or Scotland.

- (ii) being used.
- (2) This section does not prevent the exercise of a function if the exercise—
- (a) is necessary for the administration of arrangements which have the purpose of facilitating access for qualifying Northern Ireland goods to the internal market in the United Kingdom,
  - (b) is necessary to secure compliance with, or to give effect to, any international obligation or arrangement to which the United Kingdom is a party (whenever the United Kingdom becomes a party to it),
  - (c) is necessary where goods have been declared for a voluntary customs procedure,
  - (d) is necessary for the purposes of VAT or excise duty in consequence of the Northern Ireland Protocol,
  - (e) is necessary for the purpose of dealing with a threat to biosecurity in Great Britain, or
  - (f) is necessary for the purpose of dealing with a threat to food or feed safety in Great Britain.
- (3) Subsection (2)(b) authorises (in particular) the exercise of a function in relation to a check, control or administrative process if the exercise is necessary to secure compliance with, or to give effect to, Article 6(1) of the Northern Ireland Protocol.
- (4) For the purposes of this section the exercise of a function “is necessary for the purposes of VAT or excise duty in consequence of the Northern Ireland Protocol” if—
- (a) the appropriate authority exercising the functions is the Treasury, the Commissioners for Her Majesty's Revenue and Customs, or the Director of Border Revenue,

- [<sup>F3</sup>(a) an “NI-GB” check, control or administrative process is one applicable to the movement of qualifying Northern Ireland goods from Northern Ireland to Great Britain which—

  - (ii) would be direct movement but for the fact the goods merely pass through the Republic of Ireland (and only the Republic of Ireland) in making that movement;]
- (b) an “existing kind” of NI-GB check, control or administrative process is one that—
- (i) was in use or available for use immediately before IP completion day, or
  - (ii) is the same as, or substantially similar to, one that was in use or available for use immediately before IP completion day (the “predecessor”);

- (d) where an NI-GB check, control or administrative process is of an existing kind because of paragraph (b)(ii), that check, control or administrative process and the predecessor are to be treated as a single function for the purpose of determining whether subsection (1)(a) prevents its exercise;
- (e) the purpose for which, or extent to which, a function would be used is “new” if the function has not been used for that purpose, or to that extent, before IP completion day.
- (9) A Minister of the Crown may by regulations amend this section so that it applies to a type of movement instead of, or in addition to, a type of movement to which it already applies (whether that type of movement is direct movement or another type of movement provided for by regulations under this subsection).

“qualifying Northern Ireland goods”—
- (a) has the same meaning that it has in the European Union (Withdrawal) Act 2018, including any meaning defined for the purposes of that Act from time to time by regulations made under the power conferred by section 8C(6) of that Act (and, if those regulations provide for different meanings to be defined for different purposes of that Act, regulations under section 8C(6) may make provision about the meaning or meanings that are to apply for the purposes of this section);
