

Energy Act 2023

2023 CHAPTER 52

PART 8

HEAT NETWORKS

CHAPTER 2

HEAT NETWORK ZONES

Heat networks within zones

232 Heat networks within zones

- (1) Zones regulations may make provision about heat networks within heat network zones.
- (2) Regulations made by virtue of [subsection \(1\)](#) may, in particular—
 - (a) make provision imposing requirements on persons of a description specified in the regulations for the purpose of securing that buildings of types specified by the regulations situated within a heat network zone are connected to a district heat network within the zone—
 - (i) in circumstances specified by the regulations, and
 - (ii) within a time specified by, or determined in accordance with, the regulations;
 - (b) make provision about zone coordinators giving notice of requirements imposed by regulations made by virtue of [paragraph \(a\)](#) to persons on whom requirements are imposed;
 - (c) make provision about the grant by zone coordinators of exemptions from requirements imposed by regulations made by virtue of [paragraph \(a\)](#);
 - (d) make provision imposing requirements on persons of a description specified in the regulations for the purpose of securing that buildings of types specified

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023, Section 232. (See end of Document for details)

by the regulations situated within a heat network zone are installed with communal heat networks—

- (i) in circumstances specified by the regulations,
 - (ii) within a time specified by, or determined in accordance with, the regulations, and
 - (iii) in a manner that would allow the communal heat networks to be connected to a district heat network;
- (e) make provision for, or in connection with, the requesting of information from a person, by notice given by a zone coordinator, about a source of thermal energy located on the person’s premises that may be suitable to supply a district heat network within a heat network zone;
- (f) make provision for, or in connection with, the imposition of a requirement on a person, by notice given by a zone coordinator, to allow the installation of equipment on the person’s premises, and the connection of that equipment to a district heat network, to enable a source of thermal energy located on the premises to supply a district heat network within a heat network zone;
- (g) make provision imposing requirements on persons of a description specified in the regulations for the purpose of securing that machinery and other equipment of types specified by the regulations are designed, and installed on premises, in a manner which would enable thermal energy generated by the machinery or other equipment to be supplied to a district heat network within a heat network zone;
- (h) make provision about the terms on which thermal energy is supplied to a district heat network in pursuance of regulations made by virtue of [paragraph \(f\)](#) or [\(g\)](#) (including in particular provision about the amount that may be charged);
- (i) make provision for, or in connection with, the setting by zone coordinators of limits on emissions of targeted greenhouse gases resulting from district heat networks within heat network zones;
- (j) make provision about zone coordinators affording a grace period to a person who is required to comply with a limit imposed under regulations made by virtue of [paragraph \(i\)](#).
- (3) Regulations made by virtue of [subsection \(2\)\(c\)](#) may—
- (a) specify the criteria in accordance with which a zone coordinator is to determine an application for an exemption;
 - (b) make provision about procedure;
 - (c) specify how, and on what grounds, a refusal to grant an exemption may be appealed.
- (4) Regulations made by virtue of [subsection \(2\)\(e\)](#) may—
- (a) specify the information about the source of thermal energy that may be requested;
 - (b) require the requested information to be provided within the period, and in the form and manner, specified in the notice;
 - (c) provide for the disclosing of information requested by the zone coordinator not to breach any obligation of confidence owed by the person making the disclosure or any other restriction on the disclosure of information (however imposed);
 - (d) provide for a request for information not to require a disclosure of information if disclosure would contravene the data protection legislation

Changes to legislation: There are currently no known outstanding effects for the Energy Act 2023, Section 232. (See end of Document for details)

- (but for a requirement imposed by virtue of regulations made by virtue of [subsection \(2\)\(e\)](#) to be taken into account in determining whether a disclosure would do so);
- (e) provide for zone coordinators to delegate functions conferred on them by regulations made by virtue of [subsection \(2\)\(e\)](#) to a description of person, and in circumstances and subject to conditions, specified by the regulations.
- (5) Regulations made by virtue of [subsection \(2\)\(f\)](#) may—
- (a) specify the types of sources of thermal energy in respect of which a zone coordinator may or must impose a requirement on a person and in what circumstances;
- (b) make provision about the period within which a person must comply with a requirement;
- (c) specify how, and on what grounds, a requirement imposed on a person in respect of a source of thermal energy may be appealed.
- (6) Regulations made by virtue of [subsection \(2\)\(i\)](#) may—
- (a) specify the manner and form in which the limits are to be set;
- (b) require zone coordinators to obtain the consent of the Authority before setting a limit.
- (7) Regulations made by virtue of [subsection \(2\)\(j\)](#) may—
- (a) specify the circumstances in which a zone coordinator may or must afford a person a grace period;
- (b) make provision for the Authority to issue guidance about grace periods;
- (c) make provision about procedure;
- (d) specify how, and on what grounds, a refusal to grant a grace period may be appealed.
- (8) In [subsection \(2\)\(d\)](#), “communal heat network” has the meaning given by [section 217\(2\)](#).
- (9) In [subsection \(2\)\(i\)](#), “emissions” and “targeted greenhouse gas” have the same meaning as in the Climate Change Act 2008 (see sections 24 and 97 of that Act).
- (10) In [subsections \(2\)\(j\)](#) and (7), “grace period” means a period to comply before enforcement action is taken.

Commencement Information

II S. 232 in force at Royal Assent, see [s. 334\(2\)\(l\)](#)

Changes to legislation:

There are currently no known outstanding effects for the Energy Act 2023, Section 232.
