1962 CHAPTER 38 10 and 11 Eliz 2

## PART VI

### COMPENSATION FOR PLANNING DECISIONS RESTRICTING NEW DEVELOPMENT

#### *Subsequent recovery of compensation*

#### **112 Apportionment and registration of compensation**

- (1) Where, on a claim for compensation under this Part of this Act in respect of a planning decision, the Minister determines that compensation is payable and that the amount of the compensation exceeds twenty pounds, the Minister shall (if it appears to him to be practicable to do so) apportion the amount of the compensation between different parts of the land to which the claim for compensation relates, and shall include particulars of the apportionment in the notice of his findings under section one hundred and ten of this Act.
- (2) In carrying out an apportionment under the preceding subsection the Minister shall divide the land into parts, and shall distribute the compensation between those parts, according to the way in which the different parts of the land appear to him to be differently affected by the planning decision.
- (3) On a reference to the Lands Tribunal under section one hundred and ten of this Act, unless the decision of the Tribunal will not affect the amount of the compensation or any apportionment thereof by the Minister, the preceding provisions of this section shall apply with the substitution, for references to the Minister, of references to the Lands Tribunal.
- (4) Where, on a claim for compensation under this Part of this Act in respect of a planning decision, compensation has become payable of an amount exceeding twenty pounds, the Minister shall cause notice of that fact, specifying the planning decision and the land to which the claim for compensation relates, and the amount of the compensation and any apportionment thereof under this section, to be deposited with the council of the county borough or county district in which the land is situated, and, if that council is not the local planning authority, with the local planning authority.

- (5) Notices deposited under this section shall be registered in the register of local land charges, in such manner as may be prescribed by rules made for the purposes of this section under subsection (6) of section fifteen of the Land Charges Act, 1925, by the proper officer of the council of the county borough or county district.
- (6) In relation to compensation specified in a notice registered under this section, references in this Part of this Act to so much of the compensation as is attributable to a part of the land to which the notice relates shall be construed in accordance with the following provisions, that is to say.—
  - (a) if the notice does not include an apportionment under the preceding provisions of this section, the amount of the compensation shall be treated as distributed rateably according to area over the land to which the notice relates;
  - (b) if the notice includes such an apportionment, the compensation shall be treated as distributed in accordance with that apportionment as between the different parts of the land by reference to which the apportionment is made; and so much of the compensation as, in accordance with the apportionment, is attributed to a part of the land shall be treated as distributed rateably according to area over that part of the land.

### **113 Recovery of compensation on subsequent development**

- (1) No person shall carry out any new development to which this section applies, on land in respect of which a notice (hereafter in this Part of 'this Act referred to as a "compensation notice ") is registered under the last preceding section, until such amount (if any) as is recoverable under this section in respect of the compensation specified in the notice has been paid or secured to the satisfaction of the Minister.
- (2) Subject to the following provisions of this section, this section applies to any new development—
  - (a) which is development of a residential, commercial or industrial character and consists wholly or mainly of the construction of houses, flats, shop or office premises, or industrial buildings (including warehouses), or any combination thereof, or
  - (b) which consists in the Winning and working of minerals, or
  - (c) to which, having regard to the probable value of the development, it is in the opinion of the Minister reasonable that this section should apply.
- (3) This section shall not apply to any development by virtue of paragraph (c) of the last preceding subsection if, on an application made to him for the purpose, the Minister has certified that, having regard to the probable value of the development, it is not in his opinion reasonable that this section should apply thereto.
- (4) Where the compensation specified in the compensation notice became payable in respect of the imposition of conditions on the granting of permission to develop land, this section shall not apply to the development for which that permission was granted.

- (a) if the land on which the development is to be carried out (in this subsection referred to as “the development area”) is identical with, or includes (with other land) the whole of, the land comprised in the compensation notice, shall be the amount of compensation specified in that notice;
  - (b) if the development area forms part of the land comprised in the compensation notice, or includes part of that land together with other land not comprised in that notice, shall be so much of the amount of the compensation specified in that notice as is attributable to land comprised in that notice and falling within the development area.
- (2) Where, in the case of any land in respect of which a compensation notice has been registered, the Minister is satisfied, having regard to the probable value of any proper development of that land, that no such development is likely to be carried out unless he exercises his powers under this subsection, he may, in the case of any particular development, remit the whole or part of any amount otherwise recoverable under the last preceding section; and where part only of any such amount has been remitted, he shall cause the compensation notice to be amended by substituting therein, for the statement of the amount of the compensation, in so far as it is attributable to that land, a statement of the amount which has been remitted under this subsection.
- (3) Where, in connection with the development of any land, an amount becomes recoverable under the last preceding section in respect of the compensation specified in a compensation notice, then, except where, and to the extent that, payment of that amount has been remitted under the last preceding subsection, no amount shall be recoverable under the last preceding section in respect of that compensation, in so far as it is attributable to that land, in connection with any subsequent development thereof.
- (4) No amount shall be recoverable under the last preceding section in respect of any compensation by reference to which a sum has become recoverable by the Minister under section one hundred and ninety of this Act.
- (5) An amount recoverable under the last preceding section in respect of any compensation shall be payable to the Minister, and—
- (a) shall be so payable either as a single capital payment or as a series of installments of capital and interest combined, or as a series of other annual or periodical payments, of such amounts, and payable at such times, as the Minister may direct, after taking into account any representations made by the person by whom the development is to be carried out; and
  - (b) except where the amount is payable as a single capital payment, shall be secured by that person in such manner (whether by mortgage, covenant or otherwise) as the Minister may direct.
- (6) If any person initiates any new development to which the last preceding section applies in contravention of subsection (1) of that section, the Minister may serve a notice on him specifying the amount appearing to the Minister to be the amount recoverable under that section in respect of the compensation in question, and requiring him to pay that amount to the Minister within such period, not being less than three months after the service of the notice, as may be specified in the notice.

- (2) Except where, and to the extent that, payment of that amount has been remitted under the last preceding section, so much (if any) of that compensation as is attributable to that land shall, for the purpose mentioned in the preceding subsection, be treated as not having become payable, and accordingly (notwithstanding anything in section ninety-four of this Act) shall not be deducted from that balance.
