1960 CHAPTER 34 8 and 9 Eliz 2

An Act to regulate the keeping and use of radioactive material, and to make provision as to the disposal and accumulation of radioactive waste; and for purposes connected with the matters aforesaid. [2nd June 1960]

1 General provisions for registration of users of radioactive material.

- (1) As from the appointed day no person shall, on any premises which are used for the purposes of an undertaking carried on by him, keep or use, or cause or permit to be kept or used, radioactive material of any description, knowing or having reasonable grounds for believing it to be radioactive material, unless either—
- (a) he is registered under this section in respect of those premises and in respect of the keeping and use thereon of radioactive material of that description, or
 - (b) he is exempted from registration under this section in respect of those premises and in respect of the keeping and use thereon of radioactive material of that description, or
 - (c) the radioactive material in question consists of mobile radioactive apparatus in respect of which a person is registered under section three of this Act or is exempted from registration under that section.
- (2) Any application for registration under this section shall be [^{F1}accompanied by the prescribed fee and]made to be made to the [^{F2}chief inspector], specifying—
- (a) the premises to which the application relates;
 - (b) the undertaking for the purposes of which those premises are used;
 - (c) the description or descriptions of radioactive material proposed to be kept or used on the premises, and the maximum quantity of radioactive material of each such description likely to be kept or used thereon at any one time; and
 - (d) the manner (if any) in which radioactive material is proposed to be used on the premises,

and containing such other information as may be prescribed [^{F3}; and on any such application being made the chief inspector shall, subject to directions under this section, send a copy of the application to each local authority in whose area the premises are situated.]

Status: Point in time view as at 01/02/1991. This version of this Act contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Radioactive Substances Act 1960 (repealed 27.8.1993). (See end of Document for details)

- (3) Subject to the following provisions of this section, where an application is made to the [^{F2}chief inspector]
- for registration under this section in respect of any premises, the [^{F2}chief inspector] may either—
- (a) register the applicant in respect of those premises and in respect of the keeping and use thereon of radioactive material of the description to which the application relates, or
 - (b) if the application relates to two or more descriptions of radioactive material, register the applicant in respect of those premises and in respect of the keeping and use thereon of such one or more of those descriptions of radioactive material as may be specified in the registration, or
 - (c) refuse the application.
- [^{F4}(3A) An application for registration under this section which is duly made to the chief inspector may be treated by the applicant as having been refused if it is not determined within the prescribed period for determinations or within such longer period as may be agreed with the applicant.]
- (4) Any registration under this section in respect of any premises may (subject to the next following subsection) be effected subject to such limitations or conditions as the [^{F2}chief inspector] thinks fit, and in particular (but without prejudice to the generality of this subsection) may be effected subject to conditions of any of the following descriptions, that is to say,—
- (a) conditions imposing requirements (including, if the [^{F2}chief inspector] thinks fit, requirements involving structural or other alterations) in respect of any part of the premises, or in respect of any apparatus, equipment or appliance used or to be used thereon for the purposes of any use of radioactive material from which radioactive waste is likely to arise;
 - (b) conditions requiring the person to whom the registration relates, at such times and in such manner as may be specified in the registration, to furnish the [^{F2}chief inspector] with information as to the removal of radioactive material from those premises to any other premises;
 - (c) conditions prohibiting radioactive material from being sold or otherwise supplied from those premises unless it (or the container in which it is supplied) bears a label or other mark indicating that it is radioactive material or (if the conditions so require) indicating the description of radioactive material to which it belongs, and (in either case) complying with any requirements specified in the conditions in relation thereto.
- (5) In the exercise of any power conferred on him by subsection (3) or subsection (4) of this section, the [^{F2}chief inspector], except in determining whether to impose any conditions falling within paragraph (b) or paragraph (c) of the said subsection (4), shall have regard exclusively to the amount and character of the radioactive waste likely to arise from the keeping or use of radioactive material on the premises in question.
- (6) On registering a person under this section in respect of any premises, the [^{F2}chief inspector] shall furnish him with a certificate containing all material particulars of the registration, and [^{F5}(subject to directions under this section)] shall send a copy of the certificate to each local authority in whose area the premises are situated.
- [^{F6}(7) The Secretary of State may direct the chief inspector that in his opinion, on grounds of national security, it is necessary that knowledge of—

- 2 Where it is shown to the satisfaction of a justice of the peace, on sworn information in writing, that admission to premises specified in the information is reasonably required by a person for the purpose of exercising a power conferred by this Act in respect thereof, the justice, subject to the next following paragraph, may by warrant under his hand authorise that person to enter upon the premises.
- 3 A justice of the peace shall not grant a warrant under the last preceding paragraph in respect of any premises unless he is satisfied—

- 8 Any power of entry, or of carrying out tests or inspections, or of obtaining or taking away samples, conferred on any person by this Act may be exercised by him either alone or together with any other persons.
