45 Attachment of street lamps to buildings.

- (1) Subject to the provisions of this section, a county council, local authority or parish council or parish meeting (hereafter in this section referred to as a “street lighting authority”) may affix to any building such lamps, brackets, pipes, electric lines and apparatus (hereafter in this section referred to as “attachments”) as may be required for the purposes of street lighting.
- (2) A street lighting authority shall not under this section affix attachments to a building without the consent of the owner of the building:
Provided that, where in the opinion of the street lighting authority any consent required under this subsection is unreasonably withheld, they may apply to the appropriate authority, who may either allow the attachments subject to such conditions, if any, as to rent or otherwise as the appropriate authority thinks fit, or disallow the attachments.
- (3) Where any attachments have been affixed to a building under this section and the person who gave his consent under subsection (2) of this section, or who was the owner of the building when the attachments were allowed by the appropriate authority, ceases to be the owner of the building, the subsequent owner may give to the street lighting authority notice requiring them to remove the attachments; and, subject to the provisions of this subsection, the street lighting authority shall comply with the requirements within three months after the service of the notice:
Provided that, where in the opinion of the street lighting authority any such requirement is unreasonable, they may apply to the appropriate authority, who may either annul the notice subject to such conditions, if any, as to rent or otherwise as the appropriate authority thinks fit or confirm the notice subject to such extension, if any, of the said period of three months as the appropriate authority thinks fit.
- (4) Where any attachments have been affixed to a building under this section, the owner of the building may give the street lighting authority by whom they were affixed not less than fourteen days notice requiring them at their own expense temporarily to remove the attachments where necessary during any reconstruction or repair of the building.
- (5) Where attachments are affixed to a building under this section, the street lighting authority shall have the right as against any person having an interest in the building to alter or remove them, or to repair or maintain them.
- (6) If the owner of a building suffers damage by, or in consequence of, the affixing to the building of any attachments under this section, or by or in consequence of the exercise of the rights conferred by subsection (5) of this section, he shall be entitled to be paid by the street lighting authority compensation to be determined in case of dispute by the Lands Tribunal, and, so far as the compensation is properly to be calculated by reference to the depreciation of the value of his interest in the building, Rules 2 to 4 of the Rules set out in section five of the ^{M8}Land Compensation Act 1961 shall apply.
