

Fire Services Act 1947

1947 CHAPTER 41 10 and 11 Geo 6

Supply of water for fire-fighting

13 Duty of fire authorities to ensure supply of water for fire-fighting.

A fire authority shall take all reasonable measures for ensuring the provision of an adequate supply of water, and for securing that it will be available for use, in case of fire.

14 Supply of water by statutory undertakers.

(1) For the purposes of the last foregoing section, a fire authority may enter into an agreement with statutory water undertakers for the taking by the undertakers, on such terms as to payment or otherwise as may be specified in the agreement, of such measures as may be so specified for securing that an adequate supply of water will be available in case of fire; and no water undertakers shall unreasonably refuse to enter into any agreement proposed by a fire authority under this subsection.

^{F1}

(2) Without prejudice to the generality of the last foregoing subsection, a fire authority, if satisfied that the existing supply of water provided by any statutory water undertakers for domestic and industrial purposes would be likely to be inadequate in case of fire, may enter into an agreement with the undertakers under the last foregoing subsection for the provision of such additional supply of water as may be specified in the agreement.

(3) [^{F2}The following provisions shall have effect in relation to any fire-hydrant for the time being provided by a water undertaker by being fixed on any pipe of the undertaker, that is to say]

(a) undertakers shall at the expense of the fire authority cause the situation of every fire hydrant provided by the undertakers to be plainly indicated by a notice or distinguishing mark, which may be placed on any wall or fence adjoining a street or public place;

Status: Point in time view as at 01/12/1991.

Changes to legislation: There are currently no known outstanding effects for the Fire Services Act 1947, Cross Heading: Supply of water for fire-fighting. (See end of Document for details)

- (b) where any such hydrant is damaged as the result of any use made of it, with the authority of the undertakers, not being a use for fire-fighting purposes or for any other purposes of a fire brigade maintained in pursuance of this Act, the fire authority shall not be liable for the cost of repairing or replacing the hydrant incurred as the result of the damage.
- [^{F3}(4) The obligations of a water undertaker under subsections (1) to (3) of this section or any agreement under subsection (1) of this section shall be enforceable under [^{F4}section 18 of the Water Industry Act 1991] by the Secretary of State.]
- (5) Any person who uses a fire hydrant, otherwise than for fire-fighting purposes or for any other purposes of a fire brigade maintained in pursuance of this Act or for any purpose authorised by the undertakers or other persons to whom the hydrant belongs, or who damages or obstructs any fire hydrant, otherwise than in consequence of its use for any such purpose as aforesaid, shall be liable on summary conviction to a fine not exceeding [^{F5}level 2 on the standard scale].
- (6) The Secretary of State may, after consultation with the Central Fire Brigades Advisory Council constituted under this Act, make regulations providing for uniformity in fire hydrants provided by statutory water undertakers and in the notices or marks indicating their situation; and in any case to which regulations under this subsection apply such undertakers shall not be deemed to have complied with their obligations under subsection (3) of this section and the enactments therein referred to unless the hydrants, notices or marks provided by them conform with the regulations.
- ^{F6}(7)

16 Notice to be given of proposed works affecting water supply and fire hydrants.

- (1) Where a person proposes to carry out any works for the purpose of supplying water to any part of the area of a fire authority, he shall give notice in writing thereof to the fire authority, and the notice shall be given—

- [F10(a) not less than fourteen days before the works are begun, in any case where the works are proposed to be carried out to comply with a requirement imposed under any enactment other than the M3 Water Act 1945;
- (b) not less than six weeks before the works are begun, in any other case.]

[F10 not less than six weeks before the works are begun.]

- (2) At least seven days before any works which affect any fire hydrant are begun, the authority or person by whom the works are to be executed shall give notice in writing to the fire authority:

Provided that where in a case of emergency it is not practicable for notice to be given at the time required by the foregoing provisions of this subsection, those provisions shall be deemed to have been complied with if the notice is given as early as may be.

- [F11(3) Any authority or other person who, without reasonable excuse, fails within the required period to give any notice which he is required to give under this section shall be guilty of an offence and liable, on summary conviction, to a fine not exceeding level 5 on the standard scale.]
