\[^{F11}\] Operation of the Agricultural Holdings (Scotland) Act, 1949, in relation to improvement schemes.

(1) Subject to the provisions of this section, the \[^{F12}\] Agricultural Holdings (Scotland) Act 1991, referred to in subsections (2) and (4) below as ” the 1991 Act”], shall apply to improvements for which provision is made by an approved hill farming land improvement scheme as it applies to other improvements.

(2) Where a tenant of an agricultural holding within the meaning of \[^{F13}\] the 1991 Act] has carried out thereon an improvement specified in \[^{F14}\] Part I or Part II of Schedule 5 to that Act in accordance with provision in such a scheme for the carrying out of the improvement and for the tenant’s being responsible for doing the work, being
provision included in the scheme at the instance or with the consent of the landlord, then—

(a) in the case of an improvement specified in the said Part I, the landlord shall be deemed to have consented as mentioned in [F15section 37 of the 1991 Act] in relation to the improvement; or

(b) in the case of an improvement specified in the said Part II, the tenant shall be deemed to have given notice to the landlord as mentioned in [F16section 38 of the 1991 Act] in relation to the improvement and the landlord shall be deemed to have received the notice and to have given no such notice to the tenant as is mentioned in [F17section 39 of the 1991 Act] objecting to the carrying out of the improvement or to the manner in which the tenant proposes to carry out the work;

and any agreement as to compensation or otherwise made between the landlord and the tenant in relation to the improvement shall have effect as if it had been such an agreement on terms as is mentioned in [F18section 37 or 38 of the 1991 Act] as the case may be.

(3) If on the ground of work being badly done the appropriate Minister withholds or reduces the improvement grant in respect of an improvement, he may direct that any right conferred by [F19section 15 of the 1991 Act] to have the rent of an agricultural holding increased shall not be exercisable in respect of the improvement, or shall be exercisable only to such extent as may be specified in the direction, and any such direction given after that right has been exercised shall be retrospective and any excess rent paid shall be repaid accordingly.

(4) In assessing the amount of any compensation payable, whether under [F13the 1991 Act] or under custom or agreement, to the tenant of an agricultural holding, if it is shown to the satisfaction of the person assessing the compensation that the improvement of cultivations in respect of which the compensation is claimed was or were wholly or in part the result of or incidental to work in respect of the cost of which an improvement grant has been paid or will be payable, the amount of the grant shall be taken into account as if it had been a benefit allowed to the tenant in consideration of his executing the improvement or cultivations, and the compensation shall be reduced to such extent as that person considers appropriate.

11 Provision as to application of capital for improvements to settled hill farming land.

(1) For the purposes of the provisions of the Settled Land Act, 1925, relating to improvements authorised by that Act, any operation which is to be treated as an improvement for the purposes of this Act, and which is of a kind prescribed by regulations made by the Minister of Agriculture and Fisheries as being of a permanent character, shall be treated as if it were included in the Third Schedule to that Act and were specified in Part I thereof (which specifies improvements the cost of which is not liable to be replaced by instalments).

(2) The preceding subsection shall apply for the purposes of the said provisions of the Settled Land Act, 1925, as extended to trusts for sale by section twenty-eight of the Law of Property Act, 1925.

12 Improvements of hill farming land subject to rights of common.

(1) Where the Minister of Agriculture and Fisheries (in this section referred to as “the Minister”) is of opinion that it is expedient so to do for the purpose of rehabilitating hill farming land in England or Wales that is subject to rights of common of pasture, he shall have power, subject to the provisions of this section, to do work required for making improvements for the benefit thereof, and the provisions in that behalf of this section shall have effect as to the recovery by the Minister from persons claiming to enjoy rights over such land of sums amounting in the aggregate to one half of the cost of work done by him under this section.

(2) Before beginning to do work under this section, the Minister shall publish, in such manner as he thinks best adapted for informing persons enjoying rights of common over the land for the benefit of which the improvements are intended and any person entitled as lord of the manor or otherwise to the soil of that land, a notice—

(a) stating that he is of the opinion aforesaid, specifying what improvements ought, in his opinion, to be made and the work required for making them, the
land on which he proposes to do the work, the estimated cost of the work and
the period (which shall not be less than twenty-eight days from the date of
the publication of the notice) within which written objection to the doing of
the work may be made to him by any person claiming to be such a person as
aforesaid; and

(b) inviting any person so claiming who is willing to bear an apportioned part of
half the estimated cost of the work to furnish to the Minister, within the period
aforesaid, his name and address and particulars of such matters relating to the
rights which he claims to enjoy as may be specified in the notice.

(3) If an objection to the doing of the work is duly made to the Minister by any person
so claiming as aforesaid within the time limited by the notice for making objections,
then, unless either—

(a) the objection is withdrawn by that person or appears to the Minister to be
frivolous; or

(b) the Minister is satisfied that the claim is groundless;
no further steps shall be taken under this section in pursuance of the notice, but without
prejudice to the publication of a fresh notice.

(4) Subject to the provisions of the last preceding subsection, the Minister, after the
expiration of the said period, shall, by an instrument executed by him, apportion half
the amount stated in the notice as the estimated cost of the work amongst the persons
who have furnished their names under subsection (2) of this section as being willing
to bear apportioned parts thereof, in such amount as he thinks just, and shall serve on
each of them, at the address furnished by him under that subsection, a copy of the said
instrument having annexed thereto particulars of the matters by reference to which
each of the amounts has been arrived at and a statement of the period (which shall not
be less than twenty-eight days from the date of the service of the copy) within which
written objection to the amount apportioned to that person may be made by him to
the Minister.

(5) If no objection is duly made under the last preceding subsection within the time limited
for the making of objections, or if all objections so made are withdrawn by the persons
by whom they were respectively made, the Minister may do the work.

(6) If an objection duly made as aforesaid is not withdrawn by the person by whom it
was made, the Minister may revise the apportionment, and the provisions of the two
last preceding subsections shall apply to a revised apportionment as they apply to an
original apportionment.

(7) Where the Minister has done work under this section, the amount apportioned to
any person under the instrument by virtue of the execution of which the Minister
became entitled to do the work or, where the actual cost of the work falls short of the
estimated cost thereof, that amount abated rateably as between it and the remainder
of the amounts so apportioned, shall be recoverable from that person by the Minister
on the completion of the work.

(8) Where work under this section for making improvements consists of or includes the
making or restoration of permanent fences, subsections (1) and (2) of this section shall
have effect as if references therein to persons enjoying or claiming to enjoy rights
of common over the land for the benefit of which the improvements are intended
included references to persons occupying adjoining land, and as if, in relation to
any such person, there were substituted, for the reference in paragraph (b) of the
said subsection (2) to rights claimed to be enjoyed, a reference to the adjoining land occupied by him.

(9) Nothing done under this section shall be treated as an admission of the existence or non-existence of an obligation on the part of a person occupying land adjoining land subject to rights of common of pasture to fence against animals on the last-mentioned land, or as to the extent of any such obligation.

(10) No work under this section on land subject to rights of common of pasture shall be so done as to prevent or impede access to that land or any part thereof for a period exceeding three years from the beginning of the work.

(11) Notwithstanding the provisions of subsection (4) of section one of this Act, an operation specified in a notice published under subsection (2) of this section shall not, so far as the operation of this section is dependent on the publication of that notice, be deemed to cease to be an improvement by reason of the deletion from the First Schedule to this Act of that operation or any modification of the description thereof.

(12) The power conferred by this section on the Minister to do work required for making improvements for the benefit of any land shall not be construed as extending so as to authorise the Minister to do work for that purpose on other land without the consent of all persons interested in that other land whose consent to the doing of the work would be requisite apart from this section.

(e) may provide for requiring the slaughter or castration within such time as may be specified in the requisition of any ram or uncastrated ram lamb which, upon being inspected under the regulations, appears to the person or authority by whom the inspection is carried out to be—

(i) of defective or inferior conformation and likely to beget defective or inferior progeny;

(ii) permanently affected with any contagious or infectious disease; or

(iii) permanently affected with any other disease rendering the ram or lamb unsuitable for breeding purposes;

and may empower such person or authority as may be specified in the regulations to cause a ram or ram lamb in respect of which default is made in complying with any such requisition as aforesaid to be castrated or slaughtered, and provide for the recovery of the cost incurred thereby from the person in default.

(2) Regulations under this section may contain such incidental and supplemental provisions as appear to the Minister of Agriculture and Fisheries to be requisite or expedient for the purposes thereof, and may make different provision in relation to land in difficult areas and different descriptions of rams and lambs.
