Provisions against Infection.

120 Duty of local authority to cause premises to be cleansed and disinfected.

Where any local authority are of opinion, on the certificate of their medical officer of health or of any other legally qualified medical practitioner, that the cleansing and disinfecting of any house or part thereof, and of any articles therein likely to retain infection, would tend to prevent or check infectious disease, it shall be the duty of such authority to give notice in writing to the owner or occupier of such house or part thereof requiring him to cleanse and disinfect such house or part thereof and articles within a time specified in such notice.

If the person to whom notice is so given fails to comply therewith, he shall be liable to a penalty of not less than one shilling and not exceeding ten shillings for every day during which he continues to make default ; and the local authority shall cause such house or part thereof and articles to be cleansed and disinfected, and may recover the expenses incurred from the owner or occupier in default in a summary manner.

Where the owner or occupier of any such house or part thereof is from poverty or otherwise unable, in the opinion of the local authority, effectually to carry out the requirements of this section, such authority may, without enforcing such requirements on such owner or occupier, with his consent cleanse and disinfect such house or part thereof and articles, and defray the expenses thereof.
