“CONVENTION BETWEEN THE GOVERNMENTS OF THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND, BELGIUM, FRANCE, LUXEMBOURG AND THE NETHERLANDS TO EXTEND AND CO-ORDINATE SOCIAL SECURITY SCHEMES IN THEIR APPLICATION TO THE NATIONALS OF THE PARTIES TO THE BRUSSELS TREATY

Paris, 7th November, 1949

The Governments of Belgium, France, Luxembourg, the Netherlands and the United Kingdom of Great Britain and Northern Ireland;

Being resolved, in accordance with the purposes of the Brussels Treaty signed on 17th March, 1948⁽¹⁾, to extend their co-operation in the social field;

Reaffirming the principle of equal treatment for the nationals of each of them in the application of social security legislation and considering the importance of allowing the nationals of each of the Contracting Parties to retain the benefits of such legislation in whichever of the territories of the Contracting Parties such nationals are or become resident; and

Desiring to conclude a Convention to this end;

Have agreed as follows:—

- (a) (a) Subject to the provisions of the present Convention, there shall be applied to the nationals of any of the Contracting Parties, who come within the scope of the social security legislation of those Parties, the provisions of each of the bilateral social security agreements concluded or to be concluded between any of the Contracting Parties, including any subsidiary agreements made in accordance with the provisions of any such agreement (hereinafter referred to as “the bilateral agreements”).
- (b) For the purposes of the present Convention, “nationals,” “territories,” “social security legislation” and “competent authorities” shall mean the nationals, territories, social security legislation and competent authorities of the Contracting Parties within the meaning of the applicable bilateral agreement or agreements which are or may be in force.
- (a) (a) In any case in which a bilateral agreement provides for the aggregation of insurance periods, insurance periods completed under the social security legislation of three or more of the Contracting Parties, including any periods recognised under the said legislation as equivalent to insurance periods, shall, provided that they do not overlap, be aggregated for the purposes both of the determination of the right to benefit and of the maintenance or recovery of that right.
- (b) If the social security legislation of any of the Contracting Parties provides that the grant of certain benefits shall be conditional on the insurance periods having been completed in an occupation subject to a special insurance scheme, only insurance periods completed under a corresponding scheme or schemes of one or more of the other Contracting Parties shall be aggregated in accordance with the provisions of paragraph (a) of this Article, for entitlement to such benefits. Nevertheless, if in the territory of any of the Contracting Parties the occupation in question is not subject to a special scheme, insurance periods completed in that occupation under any of the social security legislation mentioned in paragraph (a) of this Article shall be aggregated.

(See end of Document for details)

- (c) In any case in which the insurance periods to be aggregated in order to establish a right to benefit are determined according to different rules under the applicable bilateral agreements, the insurance period to be taken into consideration under the social security legislation of each Contracting Party shall be determined in accordance with the provisions, most favourable to the national concerned, contained in any of the bilateral agreements concluded by that Contracting Party and applicable in that particular case.

ARTICLE 3. If the application of the present Convention or of any of the bilateral agreements should confer on a national the right to maternity benefit under the social security legislation of two of the Contracting Parties, the right of that national shall be governed by the legislation in force in the territory in which the birth takes place, full account being taken of insurance periods completed under the social security legislation of any of the Contracting Parties.

- (a) (a) The benefits which can be claimed by a national for old age or death under the social security legislation of any of the Contracting Parties shall, in principle, be determined on the basis of the total of the benefits to which he would be entitled if the aggregate of all the periods of insurance reckoned in accordance with the provisions of Article 2 had been completed in accordance with the social security legislation of each Contracting Party under which that national had been insured.
 - (b) Each Contracting Party shall decide in accordance with its own social security legislation, whether that national, taking into account all his periods of insurance irrespective of the territory in which those periods have been completed, satisfies the conditions laid down in that legislation necessary to give him a right to the benefits provided thereunder.
 - (c) Each Contracting Party shall calculate the amount of the cash benefit to which that national would have been entitled if all his periods of insurance had been completed exclusively under its own social security legislation, and shall determine the benefit actually due to him from it by reducing that amount in proportion to the length of the period in fact completed under its own social security legislation.
 - (d) If that national, taking into account all his periods of insurance referred to in Article 2, does not simultaneously satisfy the conditions laid down by the social security legislation of all the Contracting Parties concerned, his right to the benefits under the social security legislation of each such Contracting Party shall accrue as soon as he satisfies the conditions laid down by the social security legislation of that Contracting Party.
 - (e) For the purposes of this Article, the expression “benefits which can be claimed for death” shall mean the pensions, allowances or grants awarded to survivors on a basis comparable to that governing old age insurance under the social security legislation of each Contracting Party, but shall not include benefits which are granted irrespective of the duration of insurance or the number of contributions paid.
- (a) (a) A national may, at the time when his right to any benefit mentioned in Article 4 becomes established, choose not to take advantage of the provisions of Article 2 of the present Convention. In that case the benefits to which he is entitled under the social security legislation of any one of the Contracting Parties shall be paid either (i) separately by the competent authority without reference to the periods of insurance, or periods regarded as their equivalent, completed in accordance with the legislation of one or more of the other Contracting Parties, or (ii) under the terms of the applicable bilateral agreement or agreements.
 - (b) That national shall be entitled to make a fresh choice between taking advantage of the provisions of Article 2 and of those of the present Article when it becomes in his interest to do so either (i) as the result of an amendment of the social security legislation of one of the Contracting Parties or of the transfer of his place of residence from the territory of one Contracting Party to that of another, or (ii) in the case referred to in paragraph (d)

of Article 4, at the time when a new benefit in his favour becomes established under any social security legislation applicable to him.

ARTICLE 6. If in accordance with the social security legislation of one of the Contracting Parties, the payment of any benefit to a national is based on the average earnings over the whole of the period of insurance or over a part of it, the earnings to be taken into account in calculating the benefit payable by that Contracting Party shall be determined on the basis of the established earnings of that national during the period of insurance completed in accordance with its social security legislation.

ARTICLE 7. If a national has been subject to the social security legislation of two or more of the Contracting Parties, and if the bilateral agreements between them do not provide for the insurance institutions of any one of them to be solely responsible for the cost of invalidity pensions, the invalidity pension, or fraction of pension, due to that national from the institutions of each of those Contracting Parties shall be determined in accordance with the provisions of Articles 4, 5 and 6 as though invalidity pensions were benefits within the meaning of those Articles.

ARTICLE 8. Any acquired right which, by virtue of a bilateral agreement, would be maintained for a national to whom that agreement applies so long as he resides in the territory of either of the Contracting Parties party to that agreement, shall be maintained for any national to whom the present Convention applies so long as he resides in the territory of any one of the Contracting Parties.

- (a) (a) If any bilateral agreement is terminated, the present Convention shall cease to apply to the nationals of one Contracting Party who is a party to that agreement in respect of the bilateral agreements in force between the other party to that agreement and any other Contracting Party.
- (b) In a case of this kind, the provisions of the present Convention shall remain applicable to acquired rights to the extent to which the maintenance of such rights is secured by the provisions of the bilateral agreement which is terminated.
- (a) (a) Subject to any special rules set out in any agreements, and applicable in particular to frontier workers and seasonal workers, the dependants of a national, who is an employed person or treated as such, if they are ordinarily resident in the territory of one of the Contracting Parties while that national is following his occupation in the territory of another Contracting Party, shall enjoy the benefits in kind of the social security legislation of the Party in whose territory they reside, and at the expense of that Party. In any such case, the insurance periods completed by such national in the territory in which he is following his occupation shall be treated as though they were insurance periods completed in the territory in which his dependants are resident.
- (b) The provisions of this Article shall not apply if any such dependant for whom the benefits are claimed has not become ordinarily resident in the territory where the claim is made until a date subsequent to the accident or the onset of illness or the presumed date of the conception.

ARTICLE 11. The present Convention may with the consent of all the Contracting Parties be extended to nationals of any Government which shall have concluded bilateral agreements on social security with all the Contracting Parties.

- (a) (a) Arrangements for the application of the present Convention will, if required, be made between the competent authorities of the Contracting Parties.
- (b) Any disagreement between two or more of the Contracting Parties arising out of the interpretation or application of the present Convention shall be resolved by negotiation.
- (c) If any such disagreement cannot be resolved by such negotiation within a period of three months from the commencement of the negotiation, the disagreement shall be submitted

to arbitration by an arbitral body whose composition and procedure shall be determined by agreement between the Contracting Parties.

- (d) The decision of the arbitral body shall be given in accordance with the fundamental principles and spirit of the present Convention and shall be accepted as final and binding.
 - (a) (a) The present Convention shall be ratified and the instruments of ratification shall be deposited as soon as possible with the Secretary-General of the Brussels Treaty Permanent Commission.
 - (b) It shall enter into force between those signatories which have ratified it two months after the day on which the third instrument of ratification shall have been deposited and shall enter into force for each of the other signatories on the first day of the month following that in which its instrument of ratification is deposited.
 - (c) The present Convention shall continue in force subject to the right of each Contracting Party to withdraw by giving notice to the Secretary-General which shall take effect six months after its receipt by him.
 - (d) The Secretary-General will inform the other signatories to the present Convention of the deposit of each instrument of ratification and of each notice of withdrawal.

In witness whereof the undersigned, duly authorised by their respective Governments, have signed the present Convention and have affixed thereto their seals.

(3) in the case of sickness benefit claimed in respect of the national himself, the illness has become apparent after the beginning of the insurance period following the date on which he last entered the territory of the latter Party;

(4) in the case of maternity, the benefit shall be provided under the legislation under which the woman or, if it is claimed by virtue of her husband's insurance, her husband is paying contributions at the time when the claim is made or was last paying contributions before that time.

ARTICLE 11.—(1) Where a woman, being a national of either Party, is insured under the legislation of one Party or is the wife of a person so insured and is in, or is confined in, the territory of the other Party, she shall, for the purpose of any claim to receive maternity benefit under the legislation of the former Party, be treated as if she were in, or had been confined in, the territory of the former Party.

(2) For the purpose of applying this Article “maternity benefit” means, in relation to the United Kingdom, maternity benefit other than home confinement grant.

ARTICLE 12.—(1) A national of either Contracting Party, who goes from the territory of one Party to the territory of the other for the specific purpose of being treated for a disease which was contracted, or a disablement which occurred, before he left the former territory, shall, while in the latter territory, remain entitled to receive sickness benefit from the social security authority of the former Party during such period as that authority may allow.

(2) This Article shall not apply to nationals of either Party who have qualified for sickness benefit solely by virtue of Article 10.

ARTICLE 13.—(1) If a national of either Contracting Party dies in the territory of one Party, he shall, for the purpose of any claim to receive benefit under the legislation of the other Party, be treated as if he had died in the territory of the latter Party.

(2) Where a national of either Party, who is in the territory of one Party, claims benefit under the legislation of the other Party in respect of a death he shall be treated as if he were in the territory of the latter Party.

(3) Benefit shall not be payable under the legislation of both Parties in respect of the same death, unless the right to receive such benefit under the legislation of both Parties exists independently of the provisions of the present Convention.

(4) In cases where the preceding paragraph of this Article prevents a double payment, the following provisions shall apply:—

(a) if the death occurs in the territory of one Party, the right under the legislation of that Party shall be preserved and the right under the legislation of the other Party shall be extinguished;

(b) if the death does not occur in the territory of either Party, the right under the legislation under which the deceased last completed an insurance period before his death shall be preserved and the right under the other legislation shall be extinguished.

SECTION 2 OLD AGE PENSIONS

ARTICLE 14.—(1) Subject to the provisions of Article 16, where a national of either Contracting Party submits a claim to receive an old age pension by virtue of insurance periods and equivalent periods completed under the legislation of both Parties, his claim shall be determined in accordance with the provisions of the succeeding paragraphs of this Article.

(2) The appropriate social security authority of each Party shall determine, in accordance with its own national legislation, whether the national satisfies the conditions for receiving a pension under that legislation and for this purpose shall take into account all the insurance periods and equivalent periods completed by him under the legislation of the two Parties as if they had been completed under its own national legislation.

(3) Where the right to a pension is established in accordance with the provisions of paragraph (2) of this Article, the social security authority of each Party shall calculate—

- (a) the pension which would have been due to the national under its own national legislation if all the insurance periods and equivalent periods completed by him under the legislation of both Parties, calculated in accordance with the provisions of Article 26, had been completed under its own national legislation, and
- (b) that part of such pension which bears the same relation to the whole as the total of all the insurance periods and equivalent periods completed by the national under its own national legislation bears to the total of all the insurance periods and equivalent periods completed by him under the legislation of both Parties.

The part thus calculated shall be the pension actually due to the national from the social security authority concerned.

(4) Where the total of all the insurance periods and equivalent periods completed by a national under the legislation of one (or the other) Party is less than six months, no pension shall be paid under the legislation of that Party.

(5) For the purpose of applying this Article,

- (a) an insurance period or equivalent period completed by a national shall be deemed to mean an insurance period or equivalent period completed by the husband of a national in those cases where the national concerned is a woman claiming an old age pension by virtue of her husband's insurance;
- (b) effect shall be given to the provisions of Article 39.

ARTICLE 15. Where a national of either Contracting Party does not simultaneously satisfy the conditions laid down by the legislation of both Parties, his right to receive a pension under the legislation of each Party shall be established and extended as and when he satisfies the conditions laid down by the legislation of that Party, account being taken of the provisions of Article 14.

ARTICLE 16.—(1) A national of either Contracting Party may, at the time when his right to receive a pension is established, choose not to take advantage of the provisions of Article 14. In that case the old age pension which he is entitled to receive under the legislation of each Party shall be paid to him separately by its social security authority without regard to insurance periods completed by him under the legislation of the other Party.

(2) Such national shall be entitled to make a fresh choice between taking advantage of the provisions of Article 14 and those of this Article, if it is in his interest to do so, either when the legislation of either Party is amended, or when he goes from the territory of one Party to that of the other, or when, in accordance with the provisions of Article 15 or otherwise, his right to a pension is established or extended under the legislation of either Party.

ARTICLE 17.—(1) Where, under the legislation of one Contracting Party, a national of either Party would be entitled to receive an old age pension if he were resident in the territory of that Party, he shall be entitled to receive that pension while he is resident in the territory of the other Party.

(2) For the purpose of applying this Article, effect shall be given to the provisions of Article 39.

ARTICLE 18. Where a special scheme established under the legislation of one Contracting Party provides that old age pensions shall be dependent on the completion of insurance periods in an occupation to which the special scheme applies, the only periods completed under the legislation of the other Party which shall be treated as insurance periods for the purpose of determining the right to receive an old age pension under the said special scheme shall be those completed under a corresponding special scheme of the latter Party. If, under the legislation of the latter Party, there is no special scheme for the occupation in question, any insurance period or equivalent period, completed under the special scheme of the former Party, shall nevertheless be treated as an insurance period or equivalent period under the general insurance scheme of the latter Party for the purpose of determining the right to receive an old age pension under that scheme.

SECTION 3

INVALIDITY PENSIONS

ARTICLE 19. The provisions relating to old age pensions contained in paragraphs (2), (3) and (4) of Article 14 shall apply to invalidity pensions, subject to such modifications as the differing nature of the pensions shall require.

ARTICLE 20. Where a national of either Contracting Party is in the territory of one Party and, in accordance with the provisions of Article 19, is entitled to receive an invalidity pension under the legislation of that Party and would be entitled to receive also an invalidity pension under the legislation of the other Party if he were in its territory, he shall be entitled to receive the latter pension as well as the former; and in addition the insurance authority of the former Party shall pay him the amount, if any, by which the total of these two pensions is less than the pension which he would be entitled to receive under the legislation of the former Party if the provisions of Article 19 were not applied in his case.

ARTICLE 21.—(1) Where a national of either Contracting Party is in the territory of one Party and is not entitled, in accordance with the provisions of Articles 19 and 20, to receive invalidity pensions under the legislation of both Parties, the insurance authority of the Party in whose territory he is shall, subject to the provisions of paragraph (2) of this Article, pay him the invalidity pension which he would be entitled to receive under its national legislation if the provisions of Article 19 were not applied in his case. If he goes to the territory of the other Party, the insurance authority of the former Party shall continue to pay him the said invalidity pension provided that his illness was declared to be chronic before he left the territory of the former Party.

(2) Where an invalidity pension is being paid under the legislation of one Party, in accordance with the provisions of paragraph (1) of this Article, it shall be replaced by pensions payable in accordance with the provisions of Articles 19 and 20 as soon as the national concerned satisfies the conditions of the legislation of the other Party, account being taken of those provisions.

SECTION 4

BENEFITS IN RESPECT OF WIDOWHOOD AND ORPHANHOOD

ARTICLE 22. The provisions relating to old age pensions contained in Articles 14, 15, 16 and 17 shall apply to benefit in respect of widowhood, and the provisions relating to invalidity pensions contained in Articles 19 and 20 shall apply to benefit in respect of orphanhood, subject to such modifications in each case as the differing nature of the benefit shall require.

ARTICLE 24. In assessing, for the purpose of the legislation of one Contracting Party, the degree of disablement due to an industrial accident, any previous industrial accident for which benefit is payable under the legislation of the other Party shall be treated as if it were an industrial accident covered by the legislation of the former Party.

ARTICLE 25. Where a national of either Contracting Party, having received a benefit for an industrial disease under the legislation of one Party, submits a claim under the legislation of the other Party to receive a benefit for an industrial disease of the same kind, the social security authority of the latter Party shall be responsible for obtaining evidence as to the benefit granted under the legislation of the former Party in respect of that disease, and shall treat that benefit as if it had been granted under its own legislation.

SECTION 6

GENERAL PROVISIONS

ARTICLE 26.—(1) In applying the provisions contained in Articles 10 and 14 relating to the adding together of insurance periods and equivalent periods for the purpose of establishing the right to receive benefit, the social security authority of each Contracting Party, having regard to the relevant provisions of its own national legislation, shall add to any insurance periods and equivalent periods completed under that legislation any insurance periods and equivalent periods completed under the legislation of the other Party, except to the extent that the latter coincide with the former.

(2) The provisions of paragraph (1) of this Article shall be applied in accordance with the following rules:

- (a) where a period of compulsory insurance completed under the legislation of one Party coincides with a period of voluntary insurance completed under the legislation of the other, only the period of compulsory insurance shall be taken into account;

ARTICLE 27. Where, under the legislation of either Contracting Party, the amount of any cash benefit is related to the average wage earned during insurance periods, the average wage to be taken into account for the calculation of the benefit due to be paid under that legislation shall be calculated on the basis of the wages earned during the insurance periods actually completed under that legislation.

ARTICLE 28. Where, under the provisions of this Part of the present Convention, any cash benefit is payable by the social security authority of one Contracting Party to a person who is resident

ARTICLE 29. Where payment of any benefit is made by a social security authority of Luxembourg as agent for a social security authority of the United Kingdom in accordance with the provisions of Article 28,

- (a) payment shall be made, except in the case of a lump sum, in arrear at monthly intervals, and

ARTICLE 31. Subject to the provisions of Articles 16 and 32, any person claiming a benefit under the legislation of either Contracting Party may choose to have his claim settled without regard to the provisions of the present Convention.

ARTICLE 32.—(1) Where a national of either Contracting Party, who is entitled to receive a cash benefit under the legislation of one Party, claims a cash benefit under the legislation of the other Party, any provision of the legislation of the latter Party which restricts the right to receive one benefit by reason of the receipt of another benefit shall apply to that national as if the benefit payable under the legislation of the former Party were a corresponding benefit payable under the legislation of the latter Party.

(2) The provisions of paragraph (1) of this Article shall not apply to two benefits of the same kind paid in accordance with the provisions of Article 13, Section 2, Section 3 or Section 4 of this Part of the present Convention.

In such cases, the social security authority of the latter Party shall, as soon as possible, transmit the claim, notice or appeal to the social security authority of the former Party.
