

FIRST SCHEDULE

THE MISCELLANEOUS MINES (GENERAL) REGULATIONS, 1956, HAVING EFFECT AS IF MADE UNDER SECTION ONE HUNDRED AND FORTY-ONE OF THE MINES AND QUARRIES ACT, 1954

PART IX

Machinery and ropes

Air receivers

60.—(1) Every air receiver at a mine shall be thoroughly cleaned and examined at intervals not exceeding twenty-six months by a competent person appointed for the purpose by the manager. If any receiver of solid drawn construction is so made that the internal surface cannot be thoroughly examined a suitable hydraulic test of the receiver shall be carried out instead of internal examination.

(2) A person who has made an examination of an air receiver in pursuance of this regulation shall forthwith make and sign in, or make, sign and attach to, or make, sign and deliver to the manager for attachment to, a book provided for that purpose by the owner of the mine, a full and accurate report of the result of the examination.

(3) If a person who has carried out an examination of an air receiver of solid drawn construction specifies in his report that in his opinion further examination is unnecessary for a period so specified being a period exceeding twenty-six months but not exceeding four years, paragraph (1) hereof shall have effect as if it required examination before the expiration of the period so specified instead of twenty-six months.
