The Shipbuilding and Ship-repairing Regulations 1960

PART VII

PROTECTIVE WEAR

Eye protection for other processes

75. Suitable goggles or effective screens shall be provided to protect the eyes of all persons employed in any of the following processes:—

- (a) the cutting out or cutting off of cold rivets or bolts from boilers or other plant or from ships;
- (b) the chipping, scaling or scurfing of boilers or ships' plates;
- (c) drilling by means of portable machine tools;
- (d) dry grinding of metals.
