EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order makes imports of calcium ammonium nitrate originating in Austria, Italy, the Netherlands and Sweden subject to a provisional charge in respect of an anti-dumping duty.

The making of the Order enables the Commissioners of Customs and Excise to require security for the payment of any anti-dumping duty which may be imposed retrospectively on such imports in accordance with section 8(1) of the Customs Duties (Dumping and Subsidies) Act 1969.

If any duty is imposed retrospectively, it may only be so imposed on goods imported while this Order is in force, and its rate may not exceed the relevant rate mentioned in the Schedule to this Order.

This Order expires automatically after three months unless previously revoked or extended (for not more than three months) by a further Order.

The Order applies section 2 of the Customs Duties (Dumping and Subsidies) Act 1969 in relation to the charge. This section empowers the Board of Trade to grant relief where it is shown that particular goods have not been dumped or that the margin of dumping is less than the amount of the provisional charge.
