## EXPLANATORY NOTE

*(This Note is not part of the Order.)*

This Order imposes an anti-dumping duty of £50 per ton on imports of chromic anhydride (also known as chromium trioxide or chromic acid) originating in the Union of Soviet Socialist Republics. The duty is chargeable retrospectively from 24th August 1971 (when such goods became subject to a provisional charge).

The Order applies to the duty section 2 of the Customs Duties (Dumping and Subsidies) Act 1969, which enables relief to be granted where particular goods have not been dumped or the margin of dumping is less than the amount of the duty.
