“delivered” means, where the fertiliser has been purchased by an occupier of agricultural land or a grower of mushrooms, delivered to or at his farm, holding or premises and, where the fertiliser has been purchased by an association, delivered to or at the premises of the association, and “delivery” shall be construed accordingly;

“the Minister” means, in relation to a contribution in respect of a fertiliser delivered in England, Wales or Northern Ireland, the Minister of Agriculture, Fisheries and Food and, in relation to a contribution in respect of a fertiliser delivered in Scotland, the Secretary of State.

(2) The Interpretation Act 1889(a) shall apply to the interpretation of this scheme as it applies to the interpretation of an Act of Parliament.

#### *Contributions for fertilisers*

3. Subject to the provisions of this scheme, where any fertiliser containing either nitrogen or phosphoric acid or both nitrogen and phosphoric acid (except where the nitrogen or phosphoric acid or both the nitrogen and phosphoric acid, as the case may be, is or are wholly derived from organic material), not being a fertiliser to which either aldrin or dieldrin has been added, is purchased for use for adding to agricultural land to improve the fertility of the soil or for the growing of mushrooms otherwise than on agricultural land or for application to a crop growing on agricultural land—

- (a) by the occupier of that agricultural land,
- (b) by the grower of such mushrooms, or
- (c) by an association which acquires fertilisers in bulk for redistribution to its members for use for adding to agricultural land in their occupation or for application to crops growing thereon or for use by them for the growing of mushrooms otherwise than on agricultural land

and is delivered to the purchaser during the period beginning with 1st June 1972 and ending with 31st May 1973, the Minister may make a contribution to the purchaser calculated in accordance with the Schedule to this scheme:

Provided that no contribution may be made to any person or association in respect of a fertiliser which has been the subject of a previous application by such person or association for a contribution under this scheme or any earlier scheme made under section 1 of the Agriculture (Fertilisers) Act 1952, where the contribution was refused on the ground that such application was not made within the time allowed by such scheme.

#### *Purchase from registered suppliers*

4.—(1) Subject as hereinafter provided, no contribution shall be made under this scheme in the case of a fertiliser delivered in Great Britain unless the fertiliser shall have been purchased from a person duly registered under section 5 of the Agriculture (Miscellaneous Provisions) Act 1963.

(2) The last foregoing sub-paragraph shall not apply—

- (a) where the fertiliser is purchased from a person not carrying on within Great Britain the business of supplying fertilisers, or
- (b) where the fertiliser is purchased from a person carrying on in Great Britain the business of supplying fertilisers who is not registered as mentioned in the said sub-paragraph and the Minister is satisfied that

the purchaser at the time when the contract of sale was made did not know, and could not reasonably have ascertained, that such person was not so registered and that if the contribution were withheld the purchaser would be without any means of recovering his loss.

*Manner and time of application for contribution*

5.—(1) Any person or association who desires to obtain a contribution in accordance with this scheme shall apply, where the fertiliser is delivered in England or Wales, to the Minister of Agriculture, Fisheries and Food, where the fertiliser is delivered in Scotland, to the Secretary of State and, where the fertiliser is delivered in Northern Ireland, to the Ministry of Agriculture for Northern Ireland.

(2) An application for a contribution shall be made in writing, in such form as the Minister may from time to time require, within three months of delivery of the fertiliser, or within such further time as the Minister may allow.

*Limitation of contributions*

6.—(1) In calculating the amount of any contribution any fraction of a quarter of a hundredweight of the fertiliser shall be disregarded.

(2) No contribution shall be made in connection with any application unless the total quantity of all the fertilisers to which the application relates is not less than 4 hundredweight.

(3) Where the amount of a contribution calculated at the appropriate rate specified in the Schedule to this scheme in respect of any fertiliser would exceed one-half of the cost of the fertiliser when delivered to the purchaser (excluding any charge for credit or spreading and after deducting any rebate or discount allowed or offered), the amount of such contribution shall be reduced to one-half of such cost.

(4) If any contribution is payable under any enactment other than the Agriculture (Fertilisers) Act 1952 as extended by section 4 of the Agriculture (Miscellaneous Provisions) Act 1963, or under any other scheme, in respect of fertilisers as regards which a contribution under this scheme may be made, the Minister in determining the amount of contribution payable under this scheme may take into consideration the amount of contribution payable under the other enactment or scheme and may reduce the amount payable under this scheme accordingly.

*Verification of applications*

7. The Minister may require an applicant for a contribution to give any person authorised by the Minister in that behalf reasonable facilities for the inspection of any fertiliser to which the application relates, and to produce any accounts, invoices, receipts or other documents and to give all information required by the Minister for the purpose of verifying the application.

*Repayment of contributions*

8. An applicant for a contribution shall be required to undertake to repay to the Minister any contribution which may be made in respect of any fertiliser which is not applied or used in accordance with the terms of his application relating thereto.
