EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order brings into force for those parts of the County of South Yorkshire described in Schedule 1 to the order (the County excluding those parts within the Peak District National Park) section 20 of, and certain of the provisions of Part I of Schedule 23 to, the Town and Country Planning Act 1971 specified in Schedule 2 to the order. Section 20 provides, for the purposes of the Act of 1971, any other enactment relating to town and country planning, the Land Compensation Act 1961 and the Highways Act 1959 (c. 25), that the development plan for any district shall consist of the structure and local plans for that area. The provision in Part I of Schedule 23 which is specified in Schedule 2 to this order provides for references in the Land Compensation Act 1961 to areas defined in the current development plan as areas of comprehensive development to be construed as references to action areas for which a local plan is in force.

The order contains a transitional provision relating to old-style development plans (which remain in existence alongside structure plans until revoked by order of the Secretary of State). The provision secures that references to areas of comprehensive development in the Land Compensation Act 1961 are continued to be construed as including references to areas so defined in any old-style development plan.
