(2) In a case to which this regulation applies, the person in question shall continue to be entitled to receive the benefit and the increases in question at the same aggregate rate as for 24th November for so long as he is entitled to receive the same benefit for a continuous period without any change in the number of adult and child dependants for whom he is entitled to receive increases and without any further adjustment falling to be made to that aggregate rate as a result of the operation of any provision of the Social Security (Hospital In-Patients) Regulations 1975(a) or of the Social Security (Overlapping Benefits) Regulations 1979(b).

EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These Regulations are made in consequence of the Social Security Benefits Up-rating Order 1982. Regulation 2 provides that in certain cases where a question has arisen about the effect of the Up-rating Order on a benefit already in payment the altered rates will not apply until the question is determined by an adjudicating authority. Regulation 3 applies the provisions of regulation 5 of the Social Security Benefit (Persons Abroad) Regulations 1975 so as to restrict the application of the increases specified in the Order in cases where the beneficiary lives abroad. Regulation 4 provides that where the effect of the Order would otherwise be to reduce the total amount of unemployment or sickness benefit, injury benefit or maternity allowance (including increases for children or payments of industrial death benefit comparable to such increases) the higher rate will continue in payment transitionally until the beneficiary ceases to be entitled or there is another change affecting the rate payable.
