SCHEDULE 3

ENTRY TO BE ADDED AFTER THE ENTRY NUMBERED 2 IN PART II OF THE SCHEDULE TO THE PRINCIPAL REGULATIONS

3. Ship Licence (VHF)	A licence to establish and use a sending and receiving station for wireless telegraphy in a ship for the purpose of (a) sending on specified VHF frequencies only messages to coast stations, ship stations and aircraft stations and (b) receiving messages sent from coast stations, ship stations, aircraft stations, special service stations and radio-navigation stations for general reception by ship stations or for reception by the said station, and messages sent by authorised broadcasting stations— whether or not the licence in addition authorises the establishment and use of stations for wireless telegraphy in lifeboats or other survival-craft associated with or normally carried by the ship, or of a radar station for wireless telegraphy in the ship.	£15-00	£15-00
-----------------------	--	--------	--------

EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These Regulations alter the fees payable on the issue and renewal of certain wireless telegraphy licences. Apart from the Ship (Receiving Only) Licence all the licences concerned authorise the sending and receiving of messages.

Schedule 1 to the Regulations provides that in place of the fee of £18-60 for each station licensed by a Demonstration Licence there shall be fees calculated according to a scale based on multiples of stations. Schedule 2 revises the fees for Private Mobile Radio Licences, which are already based on a similar scale.

Schedule 3 sets at £15 the fee payable on the issue and renewal of a Ship Licence which authorises transmission on VHF frequencies only.
