PART II

PART IV

Movement of Goods into Free Zone

Goods to become free zone goods

Acknowledgment of Community status of free zone goods

7.—(1) Where the proprietor of free zone goods wishes to obtain an acknowledgment that the goods are Community goods he shall deliver to the proper officer, within the relevant period, a document in such form and containing such particulars as the Commissioners may direct together with such supporting evidence as will enable the officer to establish to his satisfaction that they are Community goods, and, if so satisfied, the proper officer shall provide a written acknowledgment of such Community status.

(2) The written acknowledgment referred to in paragraph (1) above shall consist of a copy of the document containing particulars of the goods, endorsed by the proper officer.
