 - (ii) where on or after 1st April 1982 there has been a reorganisation of share capital within the meaning of section 77(1) of the Capital Gains Tax Act 1979, the number of shares which (on the assumption that there had been no part disposal of original shares within the meaning of the provisions of that subsection) would comprise a new holding within the meaning of that section.
- (h) H is the amount which would be the aggregate of the relevant allowable expenditure in relation to a disposal by the company immediately before 1st April 1985 of the whole of the securities to which paragraph (g) above refers.

(3) Part II of Schedule 13 was modified by Part II of Schedule 19 to the Finance Act 1985 (c. 54).

 - (iii) any indexation allowance applicable to such a disposal on the assumption that the amendment of the Finance Act 1982 made by paragraphs 1 and 2 of Schedule 19 had always had effect.

9.—(1) This Regulation applies to a holding of relevant securities (“relevant securities holding”) which are qualifying securities comprised in a 1983 holding held by the company immediately before 1st April 1985 and, for the purposes of this Regulation, references to qualifying securities in Regulations 5 and 6 shall be treated as references to the relevant securities holding.

SECURITIES HELD LESS THAN ONE YEAR AT 31ST MARCH 1985

The 3,000 securities acquired on 31st January 1985 for £10,000 do not qualify for inclusion in the 1983 holding on 31 March 1985.

PART II

QUALIFYING SECURITIES WHICH ARE NOT RELEVANT SECURITIES

STEP 1—Regulation 5(a)–(c)	
Index the indexed pool as if an operative event had occurred immediately before 1st April 1985	
Indexed pool (see Part I.3, above)	£31,652
$£31,652 \times 116 - 114114 = £31,652 \times .018$	570
	£32,222
Therefore—	
A = 9,000	
B = 30,000	
C = 32,222.	
STEP 2—Regulation 5(d) and (e)	
Number of securities not within 1983 holding (see Part I.4, above)	3,000
Relevant allowable expenditure	£10,000
Therefore—	
D = 9,000 + 3,000 = 12,000	
E = 30,000 + 10,000 = 40,000.	
STEP 3—Regulation 5(f)	
F = 10,000.	
STEP 4—Regulation 5(g) and (h)	
Number of securities held on 31st March 1982	1,000
Rights issue 1 for 1	1,000
	G = 2,000
Relevant allowable expenditure on securities	= £6,000
Relevant allowable expenditure on rights 1,000 @ £2 per share	= £2,000
	H = £8,000.
STEP 5—Regulation 6	
$J = 2,000 \times 40,000 + 10,000$	= 1,600
$K = £8,000 \times 40,000 + 10,000$	= £6,400
Therefore the 1982 holding comprises:	
1,600 shares—relevant allowable expenditure £6,400.	

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format. The electronic version of this UK Statutory Instrument has been contributed by Westlaw and is taken from the printed publication. **Read more**

Note: applying the above fraction to the separate components of H (step 4) £4,800 will qualify for indexation from March 1982 and £1,600 from September 1983 for the purposes of section 87 of, and paragraph 5 of Schedule 13 to, the Finance Act 1982.

STEP 6—Regulation 7

Number of securities in the 1983 holding forming part of new holding = 9,000 – 1,600 = 7,400

Relevant allowable expenditure on these securities = £30,000 – £6,400 = £23,600

Aggregate of relevant allowable expenditure and indexation allowance for the purposes of paragraph 13(2), Schedule 19

= (30,000 – 6,400) × (32,22230,000 + 0.05) = £26,528.

STEP 7—Regulation 8

Number of securities in new holding = 12,000 – 1,600 = 10,400

Qualifying expenditure = £40,000 – £6,400 = £33,600

Relevant allowable expenditure in relation to securities not included in 1983 holding = £10,000

Indexation allowance = £180

Indexed pool in relation to the new holding

= £26,528 + £10,000 + £180 = £36,708.

SUMMARY

1982 holding: 1600 securities—relevant allowable expenditure £6,400 (of which £4,800 qualifies for indexation from March 1982 and £1,600 from September 1983).

New holding: 10,400 securities—qualifying expenditure £33,600 and indexed pool of expenditure £36,708.

PART III

QUALIFYING SECURITIES WHICH ARE RELEVANT SECURITIES

STEPS 1–5 as in Part II above.

STEP 6—Regulation 9

Number of relevant securities in 1983 holding not forming part of 1982 holding = 9,000 – 1,600 = 7,400

Relevant allowable expenditure

= (30,000 – 6,400) × 32,22230,000 = £25,348

Expenditure apportioned to securities

£25,3487,400 = £3.4254

Deemed date of acquisition of those securities—31st March 1984.

SUMMARY

1982 holding: 1,600 securities—relevant allowable expenditure £6,400 (of which £4,800 qualifies for indexation from March 1982 and £1,600 from September 1983).

Other relevant securities: 7,400 securities treated as acquired on 31st March 1984—relevant allowable expenditure £25,348.

3,000 securities treated as acquired on 31st January 1986—relevant allowable expenditure £10,000.

EXPLANATORY NOTE

The Finance Act 1985 by the provisions of section 68 and Schedule 19 extended the indexation relief for capital gains tax to take full account of inflation throughout the period of ownership of an asset where it was acquired on or after 1st March 1982 or, in the case of assets acquired earlier, for the period since March 1982. The Act empowered the Treasury to extend, by Regulations, the relief to certain companies which, under earlier legislation, had elected to have certain securities of the same class pooled (called “parallel pooling”) so as to be treated as a single asset; the Regulations are to apply to such securities of a company only if it shall not have revoked its election by 31st March 1987 (or within such further time as the Commissioners of Inland Revenue may allow).

These Regulations extend the relief to those companies.

Regulation 1 provides the title and commencement date.

Regulation 2 contains definitions.

Regulation 3 describes the scope of the Regulations and the main conditions for relief.

Regulations 4 to 9 make provision for the identification, out of the previously pooled holdings, of holdings of securities of those categories to which the above provisions of the Finance Act 1985 will apply.

Regulation 10 introduces the Schedule which provides examples of the operation of these Regulations.
