

## SCHEDULE B

### Personal Awards

#### Regulation B5

### Part VI

#### Policeman's Deferred Pension

1. The amount of a policeman's deferred pension shall be calculated by reference to—
  - (a) the pensionable service he is entitled to reckon (here referred to as "actual service");
  - (b) the pensionable service he would have become entitled to reckon had he continued to serve until he could retire with a maximum ordinary pension (disregarding Regulation B1(2)) or until he could be required to retire on account of age, whichever is the earlier, (here referred to as "hypothetical service"), and
  - (c) his average pensionable pay.
2. Subject to Parts VII and VIII of this Schedule (*reductions at state pensionable age and related to up-rating of widow's pension*), the policeman's pension shall be such that it is the same proportion of the hypothetical pension mentioned in paragraph 3 as his actual service is of his hypothetical service except that it shall not exceed 40 sixtieths of his average pensionable pay.
3. The hypothetical pension referred to in paragraph 2 is a pension of an amount which is the aggregate of—
  - (a) an amount equal to a sixtieth of his average pensionable pay multiplied by the period in years of his hypothetical service up to 20 years, and
  - (b) an amount equal to 2 sixtieths of that pay multiplied by the period in years by which his hypothetical service exceeds 20 years.
