EXPLANATORY NOTE

(This note is not part of the Regulations)

Under section 73 of the Education (Scotland) Act 1980 the Secretary of State may in accordance with Regulations made by him make payment of such sums as he thinks necessary and expedient for various purposes. Section 74(1) of the Act enables the Secretary of State to prescribe in Regulations conditions with which the recipients of grant are required to comply.

These Regulations provide for payment to education authorities and managers of grant-aided special schools of grants in respect of teachers and educational psychologists employed by them undergoing further training, and regulate the procedure for applying for such grants. Provision is made for revocation of grant and recovery of any payment already made should a teacher or educational psychologist fail to complete a course.

The Regulations also provide for payment of grants in respect of remuneration and expenses to persons who act as assessors in the further training of educational psychologists and regulate the procedure for applying for such grants. Provision is made for revocation of grant and recovery of any payment already made where grant was improperly claimed. Assessors are not required to keep accounts of income and expenditure.

Previous Regulations, which provided for grants only in respect of further training of teachers and are superseded by these Regulations, are revoked.
