NOTES

1. A requisition for an official search may be made only on the form overleaf. The form should be completed, together with its duplicate (which may be completed as a carbon copy), and sent by post or delivered personally to the registration authority for the area in which the land is situated. In the absence of special local arrangements the registration authority is the relevant County Council, London Borough Council or Metropolitan District Council for the area in which the land is situated.
2. A separate requisition must be made in respect of each parcel of land in relation to which a search is requested except where for the purposes of a single registration or a single transaction a certificate is required in respect of two or more parcels of land which have a common boundary or are separated only by a road, railway, river, stream or canal. By "parcel of land" is meant a piece of land which is or is deemed to be in separate occupation or separately rated at the time of the requisition. Unoccupied land is to be deemed to be occupied by the person who receives the rackrent, whether on his own account or as agent or trustee for any other person, or by the person who would receive the rackrent if the land were let at a rackrent.
3. A requisition must be accompanied by a **PLAN IN DUPLICATE**, and by sufficient particulars of the situation of the land to enable the registration authority to identify it including an Ordnance Survey 6 figure map reference.
4. A certificate of official search includes registrations made up to and including the date of issue, but takes no account of pending applications and confers no protection on a purchaser or intending purchaser.
5. A certified copy of any entry in a register maintained under the Act may be obtained on payment of the fee.
6. Certain areas (referred to in section 11 of the Commons Registration Act 1965) were exempt from registration under section 4 of the Act. Parts of such areas may however be registered subsequently under section 13 of the Act (which provides for the registration of new common land and town or village greens).

FEES

(All fees must be prepaid)

Official search and certificate	£6.00
Further charge in respect of each additional parcel of land included in the requisition	50p (subject to a maximum additional fee of £10)
Certified copy of an entry in a register, or a certified copy of or extract from any register map	Such reasonable fee as the registration authority may fix according to the time and labour involved.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide for the increase of fees prescribed in the Commons Registration (General) Regulations 1966 (and previously increased by the Commons Registration (General) (Amendment) Regulations 1980, S.I. [1980/1195](#)) for searches of the Registers of Common Land and Town and Village Greens and for providing certified copies of entries in the Registers.

They also prescribe a new form on which searches of the Registers are to be made, which provides for a compulsory search of both Registers.
