EXPLANATORY NOTE

(This note is not part of the Order)

This Order revokes the Channel Tunnel (Emergency Medical Services) Order 1991 which contained a technical error. The provisions of that Order are remade subject to its correction.

This Order is made under section 11 of the Channel Tunnel Act 1987 and relates to the provision of medical services in an emergency in relation to any need for that provision arising within the tunnel system.

The Order applies the National Health Service Act 1977 (“the 1977 Act”) and the National Health Service and Community Care Act 1990 (and subordinate legislation and other instruments made under those Acts) in relation to such need as if the tunnel system were part of England and in particular part of Dover District.

The Order also amends section 5(2B) of the 1977 Act (which specifies particular cases in which functions may be exercised outside England and Wales) by providing that, in relation to such need, the Secretary of State’s functions include the function of taking a patient outside the tunnel system for the purposes of medical treatment.
