1992 No. 405

SUGAR

The Sugar Beet (Research and Education) Order 1992

Made	25th February 1992
Laid before Parliament	11th March 1992
Coming into force	1st April 1992

Whereas in accordance with subsection (1) of section 68 of the Food Act 1984(1) the Minister of Agriculture, Fisheries and Food and the Secretary of State acting jointly ("the Ministers"), after consultation with the processors of home-grown beet ("the processors") and such bodies as in their opinion are substantially representative of growers of home-grown beet, have prepared for the year beginning 1st April 1992 ("the year 1992—93") the programme set out in the Schedule below ("the programme") for carrying out research and education in matters affecting the growing of home-grown beet;

Now, therefore, the Ministers in exercise of the powers conferred on them by the said section and of all other powers enabling them in that behalf, hereby make the following Order:

Title, commencement and interpretation

1.—(1) This Order, which extends to England and Wales only, may be cited as the Sugar Beet (Research and Education) Order 1992 and shall come into force on 1st April 1992.

(2) In this Order "adjusted beet tonne" has the same meaning as in the interprofessional agreement made on 3rd October 1983, as amended on 1st March 1984 and on 1st November 1987, between British Sugar p.l.c. of the one part and the National Farmers' Union of the other part.

Carrying into effect of the programme of research and education for 1992-93

2. For the purposes of carrying the programme into effect, contributions towards defraying the amount of expenditure, estimated in the programme to be incurred in carrying it out, to be made by the processors and by every grower of home-grown beet who delivers beet to the processors in the year 1992—93, shall be assessed and shall be collected and recovered as respectively provided in articles 3 and 4 below.

(1) 1984 c. 30; section 68 was amended by the Food Safety Act 1990 (c. 16), section 52 and Schedule 2, paragraph 13.

Assessment of contributions

3. The contributions from the processors and from every grower of home-grown beet who delivers beet to the processors during the year 1992—93, towards defraying the expenditure to be incurred in carrying out the programme for that year shall be assessed as follows:—

- (a) in the case of any grower of home-grown beet, the contribution shall be at the rate of 11.0p for every adjusted beet tonne of home-grown beet sold by him for delivery to the processors in that year;
- (b) in the case of the processors, the contribution shall be at the rate of 11.0p for every adjusted beet tonne of home-grown beet purchased by the processors in that year.

Collection and recovery of contributions

4.—(1) All contracts made between the processors and any grower for the sale of home-grown beet for delivery to the processors during the year 1992—93 shall provide that the amount of the grower's contribution assessed in accordance with paragraph (a) of article 3 of this Order shall be payable by the grower to the processors out of any sums standing to the credit of that grower in account with the processors and be deducted by the processors from the amount payable to the grower.

(2) The processors shall pay the proceeds, together with the amount of the processor's contribution assessed in accordance with paragraph (b) of article 3 of this Order, to the Ministers on or before 30th April 1993.

(3) The amount of any contribution which has not been paid to the Ministers by the date on which it has become due for payment shall be recoverable by them. In witness whereof the Official seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 25th February 1992.

L.S.

John Selwyn Gummer Minister of Agriculture, Fisheries and Food

25th February 1992

David Hunt Secretary of State for Wales **Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

SCHEDULE

PROGRAMME FOR THE YEAR 1992—93 OF RESEARCH AND EDUCATION IN MATTERS AFFECTING THE GROWING OF HOME-GROWN BEET

PART I

PROJECTS TO BE CARRIED OUT BY THE PERSONS OR BODIES DESCRIBED IN RELATION THERETO AND ESTIMATES OF EXPENDITURE TO BE INCURRED IN CARRYING THEM OUT

EXPLANATORY NOTE

(This note is not part of the Order)

This Order provides for the carrying into effect for the year 1992—93 of the programme, as set out in the Schedule, of research and education in matters affecting the growing of home-grown beet.

It also provides for the assessment of contributions towards the expenditure on this programme and for their collection from the processors and growers of sugar beet in England and Wales. The rates of contributions are increased to 11.0p per adjusted beet tonne from the contribution in the Sugar Beet (Research and Education) Order 1991 (S.I.1991/393).

"Adjusted beet tonne" is defined by reference to the interprofessional agreement of 3rd October 1983, as amended on 1st March 1984 and on 1st November 1987, made between British Sugar p.l.c. and the National Farmers' Union. A copy of the agreement incorporating the amendments made to it on 1st March 1984 and on 1st November 1987 may be inspected during usual office hours at the offices of British Sugar p.l.c., Oundle Road, Peterborough PE2 9QU, the National Farmers' Union, Agriculture House, Knightsbridge, London SW1X 7NJ or the Ministry of Agriculture, Fisheries and Food, Whitehall Place, London SW1A 2HH.
