- (b) to manage that area of eligible land and any features bordering on that area in accordance with the requirements set out in the Schedule.

### **Applications for aid**

4. An application for aid under these Regulations shall be made at such time and in such form as the Minister reasonably may require and shall include—

- (b) a description of the use or uses of that land during the period when the land was set-aside land and during any subsequent period;
- (c) proposals for a management plan relating to that land which set out the objective of the plan in terms of the maintenance, improvement or protection of a specified habitat which is valuable in terms of the diversity or rarity of wildlife and the methods by which he proposes to manage the land so as to achieve that objective; and
- (d) if required by the Minister, evidence showing the nature of the applicant's estate or interest in that land.

### **Restrictions on acceptance of applications**

5.—(1) The Minister shall not accept an application in relation to any land unless she is satisfied that, having regard to the condition of the land at the time of the submission of the application, the management of the land in accordance with the applicant's proposals for a management plan relating to that land will maintain, improve or protect a habitat which is valuable in terms of the diversity or rarity of wildlife.

- (a) the management of that land in accordance with the proposed management plan contained in the application would frustrate the purposes of any assistance previously given or to be given out of money provided by Parliament or the European Community; or
- (b) the payment of aid under these Regulations in relation to that land would duplicate any assistance given or to be given out of money provided by Parliament or by the European Community.

### **Change of occupation**

6.—(1) Where, during the course of the management period, there is a change of occupation of the entirety or any part of a beneficiary's land which is subject to management obligations by reason of the devolution of that land or part on the death of the beneficiary, or otherwise—

- (a) the beneficiary (or, if he has died, his personal representatives) shall notify the Minister in writing of the change of occupation within three months of its occurrence and shall supply

to the Minister such information relating to that change of occupation in such form and within such period as the Minister reasonably may determine;

- (b) the new occupier of that land or part may give an undertaking to the Minister to comply with the management obligations relating to that land or part for the remainder of the management period.

(2) The Minister shall not accept an undertaking referred to in paragraph (1)(b) above unless she is satisfied that the new occupier occupies the land or part as an owner or tenant or as the personal representative of the original occupier.

(3) A new occupier who gives an undertaking to comply with the management obligations assumed by the original occupier shall supply to the Minister such information in such form and within such period following the change of occupation as the Minister may reasonably determine.

(4) Where the Minister has accepted an undertaking from a new occupier to comply with the management obligations undertaken by the original occupier—

- (a) the new occupier shall be deemed to be a beneficiary and, subject to paragraph 5 below, shall be entitled to payments of aid in place of the original occupier for the remainder of the management period; and
- (b) his undertaking to comply with those management obligations shall be deemed to take effect on the date of the acceptance by the Minister of that undertaking.

(5) Where there is a change of occupation of part of the land subject to management obligations, the new occupier shall be entitled to payments of aid in the same proportion as the area of such land occupied by him bears to the area of such land occupied by the original occupier prior to the change of occupation.

(6) Where within three months of the date of change of occupation a new occupier has not given an undertaking to comply with the management obligations assumed by the original occupier, the Minister may—

- (a) withhold the whole or any part of any payments due to the original occupier; and
- (b) recover from that original occupier or his personal representatives the whole or any part of any payments of aid already made to him.

(7) Paragraph (6) above shall not apply where the change of occupation of the entirety or any part of a beneficiary's land which is subject to management obligations is the result of—

- (a) the compulsory purchase of that land or part;
- (b) the death of the original occupier, and
  - (i) that original occupier occupied that land or part as a tenant; and
  - (ii) following the death of that original occupier the tenancy or lease under which he occupied that land or part was terminated by the landlord; or
- (c) the termination of a tenancy following the operation of a notice to quit to which the Agricultural Land Tribunal has consented under section 26(1) of the Agricultural Holdings Act 1986 having been satisfied as to any of the matters specified in section 27(3) of that Act, or the termination of a tenancy following the service of a notice to quit stating that the circumstances in Case A, B, G or H of Schedule 3 to that Act apply.

### **Amount and payment of aid**

7. Subject to the provisions of these Regulations, payments of aid shall be made annually at a rate of £275 per hectare of land managed for the purpose of the maintenance, improvement or protection of a wildlife habitat.

## **Claims for aid**

8. Any claim for the payment of aid under these Regulations shall be made at such time and in such form and shall contain such information as the Minister reasonably may require.

## **Obligation to permit entry and inspection**

9.—(1) A beneficiary shall permit any person duly authorised by the Minister, accompanied by such persons acting under her instructions as appear to the authorised person to be necessary for the purpose, at all reasonable times and on production of his authority on demand, to enter upon that beneficiary's holding in order to inspect any land, document or record with a view to verifying—

- (a) the accuracy of any particulars given in any application or claim under regulation 8 or in any undertaking given by a new occupier pursuant to regulation 6(1)(b); and

- (a) produce such document or record as may be required by that person for inspection; and
- (b) at the request of that person, accompany him in making the inspection of any land and shall identify any area of land which is concerned in any application or claim or in any undertaking given by a new occupier to comply with the management obligations undertaken by the original occupier.

## **Withholding and recovery of aid and termination**

10.—(1) Where any person, with a view to obtaining the payment of aid under these Regulations to himself or any other person, makes any statement or furnishes any information which is false or misleading in a material respect, the Minister may withhold the whole or any part of any aid payable to that person or to such other person and may recover the whole or any part of any aid already paid to that person or to such other person.

(2) Where a beneficiary—

- (a) fails to comply with any of the management obligations;
- (b) fails without reasonable excuse to permit entry and inspection by an authorised person or to render all reasonable assistance to such authorised person as required by regulation 9; or
- (c) fails without reasonable excuse to comply with any provision of these Regulations,

the Minister may withhold the whole or any part of any aid payable to that beneficiary and may recover the whole or any part of any aid already paid to him.

(3) Where the Minister withholds or recovers aid under paragraph (1) or

(2) above, she may also treat as terminated the undertakings given by the beneficiary under these Regulations.

(4) Before withholding or recovering any aid under paragraph (2)(a) above, the Minister shall—

- (a) give to the beneficiary a written explanation of the reasons for the proposed withholding or recovery;
- (b) afford the beneficiary an opportunity of appearing before and being heard by a person appointed for that purpose by the Minister; and
- (c) consider the report by the person so appointed and supply a copy of the report to the beneficiary.
