The Fraserburgh Harbour Revision Order 1995

PART II

WORKS

Lights on works during construction

12.—(1) The Commissioners shall at or near a tidal work during the whole time of the demolition, construction, renewal or alteration thereof exhibit, every night from sunset to sunrise, such lights as will clearly warn seafarers of the presence of that work.

(2) If the Commissioners fail to comply with paragraph (1) above they shall be guilty of an offence and liable on summary conviction to a fine not exceeding the statutory maximum and on conviction on indictment to a fine.
