

SCHEDULE 5

Regulation 8(2)

APPLICATION FOR APPROVAL OF PACKAGE DESIGN FOR FISSILE MA TERIAL

An application for approval of a package design for fissile material shall include—

- (a) all the information necessary to satisfy the Secretary of State that the package design meets the requirements for package design for fissile material specified in the Approved Document, taking into account the nature, activity and form of the contents; and
- (b) evidence of a quality assurance programme.
