(3) Three or more Health Authorities may appoint discipline committees jointly and in these Regulations a reference to a discipline committee of a Health Authority includes a reference to a discipline committee jointly appointed by three or more Health Authorities.

(4) A Health Authority may have a reference committee which shall include one member who is both an officer and a member of that Health Authority and which may exercise the Health Authority's functions under these Regulations with respect to the referral of disciplinary matters.

(5) Schedule 2 shall have effect with respect to the committees mentioned in paragraph (1).

Provisions relating to the start of disciplinary proceedings

4.—(1) Where an appropriate Health Authority receives information which it considers could amount to an allegation that a practitioner has failed to comply with his terms of service it shall decide either to take no action or to take one or both of the courses of action set out in paragraph (2).

(2) The courses of action referred to in paragraph (1) are—

- (a) to refer the matter to another Health Authority for investigation in accordance with regulation 5(1);
- (b) to refer the information to, as it considers appropriate, the Tribunal, the relevant professional body or the local police authority.

(3) The appropriate Health Authority shall not proceed under paragraph 2(a) in any case where the allegation and information on which it is based is the subject of a complaint which is being investigated.

(4) For the purposes of these Regulations an allegation remains the subject of a complaint which is being investigated until—

- (a) the procedure for investigating the complaint is completed by the delivery of a report of the investigation to a Health Authority by a panel appointed in accordance with directions given under section 17 of the Act; or
- (b) the complaint is withdrawn or abandoned by the person bringing it.

(5) In these Regulations “appropriate Health Authority” in relation to a practitioner is the Health Authority—

- (a) in whose medical, dental, ophthalmic or pharmaceutical list the name of the practitioner was included; or
- (b) where the matter relates to the act or omissions of a doctor when acting as a deputy to another doctor, in whose medical list the name of that other doctor was included,

at the relevant time or, where the practitioner referred to in sub-paragraph (a) or other doctor referred to in sub-paragraph (b) was at that time on more than one such list, the Health Authority by arrangement with which the Part II services giving rise to the allegation were provided.

(6) An allegation made against either—

- (a) a doctor in respect of the acts or omissions of a deputy whose name is included in a medical list at the relevant time; or
- (b) a doctor whose name is included in a medical list at the relevant time, in respect of his act, or omissions whilst acting as deputy to a doctor whose name is included in the medical list,

shall be taken as an allegation made against the deputy except where there are reasonable grounds for believing that the doctor for whom the deputy was acting has failed to comply with his obligations under his terms of service in relation to ensuring the provision of services to his patients, in which case the matter shall be treated as concerning allegations made against both doctors and investigated accordingly.

(7) Where a Health Authority considers that a payment has been made to a practitioner which was not due and the practitioner does not admit that overpayment, the Health Authority may refer the overpayment under regulation 5(1).

(8) In this regulation “the relevant time” means the time of the event, treatment, or other matter giving rise to the allegation.

Referral to investigating discipline committee

(5) If, in the opinion of a discipline committee, a matter referred to it includes allegations which are required, by virtue of paragraph (1), to be investigated also by another discipline committee, it shall refer the matter to the joint discipline committee instead of dealing with the matter itself.

(6) Where a matter is referred for investigation by a joint discipline committee under paragraph (4) or paragraph (5), that committee shall be the appropriate discipline committee instead of any other committee.

Time limits

6.—(1) Where the disciplinary matter concerns an allegation which has been the subject of a complaint the appropriate Health Authority shall refer it under regulation 5(1) within 28 days of the allegation having ceased to be the subject of a complaint which is being investigated.

(2) Where the disciplinary matter does not concern an allegation which has been the subject of a complaint the appropriate Health Authority shall refer it under regulation 5(1) within the time limits specified in paragraph (3).

(3) The time limits referred to in paragraph (2) are—

(a) in the case of a doctor, ophthalmic medical practitioner, optician or chemist, 13 weeks after the event or matter which is the subject of the allegation;

(b) in the case of a dentist—

(i) subject to paragraph (4), where the matter concerns the treatment of a patient, six months after the completion of the course of treatment during which that treatment was given,

(iii) where the matter does not concern the treatment of a patient and comes to the notice of the appropriate Health Authority other than by a report from the Board, thirteen weeks after the date on which the matter came to the notice of the Health Authority.

(4) Where the Board reports a matter to the appropriate Health Authority in circumstances in which the time limits mentioned in paragraph (3)(b)(i) or (ii) would otherwise expire within 28 days of the date on which the Health Authority received the report, the relevant time limit shall be extended so that it expires on the 28th day after the date on which the Health Authority received the report.

(3) Where, in the case of any doctor to whom a report of a discipline committee relates, the appropriate Health Authority is satisfied, after consultation with the Local Medical Committee, that, because of the number of persons included in his list, the doctor is unable to give adequate treatment to all those persons, it may impose a special limit on the number of persons for whom the doctor may undertake to provide treatment.

(4) Where, pursuant to paragraph (3), the appropriate Health Authority imposes a special limit on the number of persons for whom a doctor may undertake to provide treatment, paragraphs (6) to (8) of regulation 24 of the Medical Regulations (limitation of number of persons on doctors' lists) shall have effect in his case with suitable modifications and, in particular, as if references in those paragraphs—

- (b) to an excess were references to the extent to which the number of patients on the doctor's list exceeds that special limit.

(5) Where it has been determined that a practitioner to whom the report of the discipline committee relates has failed to comply with any of his terms of service the appropriate Health Authority may—

(9) Where, in the case of a dentist, an appropriate Health Authority has determined that action should be taken in accordance with paragraph (5)(a) by recovery of an amount from the dentist and is of the opinion that such recovery should be effected by deduction of the amount from the dentist's remuneration, that Health Authority shall notify the Board, and the Board shall effect that recovery.

(10) Any amount determined under paragraph (5)(a) as being recoverable shall, to the extent that it is not recovered from the practitioner's remuneration, be a debt owed by the practitioner to the Health Authority by which it is recoverable.
