- (b) 7½ per cent of the value of all further relevant units up to the next 50,000 units so won and saved;

and for the purposes of this paragraph “relevant unit” means a unit won and saved in the chargeable period in question and the value of a relevant unit is the amount produced by dividing the value of the petroleum relating to that period by the number of the relevant units.

(1A) Paragraph (1) of this clause shall not apply to a chargeable period in which the Licensee delivers petroleum to the Minister in pursuance of clause 11 of this licence; but if the petroleum delivered has a value of less than the relevant percentage of the aggregate of—

- (a) the value of the petroleum delivered (ignoring any such excess as is mentioned in paragraph (7F) of this clause), and
- (b) the value of the petroleum relating to that period,

he shall pay to the Minister a royalty of an amount equal to the difference.

(5) For the purposes of this clause and clauses 9A and 10 of this licence the value of the petroleum relating to a chargeable period is, subject to paragraph (6) of this clause, the total of the amounts which, if the words “one-half of” were omitted from paragraph (b) of subsection (4) and paragraph (d) of subsection (5) of section 2 of the Oil Taxation Act 1975<sup>(8)</sup>, would in pursuance of paragraph (a) of the said subsection (4) fall to be taken into account in relation to that period in respect of the persons who by reference to this licence are or are treated as participators for the purposes of those subsections, reduced by—

(7) The Minister may from time to time, by notice in writing given to the Licensee, determine the mode of ascertaining any sum for the purposes of sub-paragraph (b) of paragraph (5) of this clause; but—

- (a) the Minister shall not give a notice in pursuance of this paragraph unless he has consulted persons appearing to him to be representative of the holders of petroleum production licences about the terms of the notice; and

<sup>(8)</sup> Section 2(4) and (5) was amended by section 133 of, and Schedule 19 to, the Finance Act 1982 (c. 39), sections 61 and 62 of the Finance Act 1987 (c. 16) and section 236 of, and Schedule 23 to, the Finance Act 1994 (c. 9).

- (b) any dispute between the Minister and the Licensee as to the amount of such a sum shall, in default of agreement before the expiration of fourteen months beginning with the last day of the chargeable period to which the sum relates and subject to sub-paragraph (c) of this paragraph, be determined by the Minister; and
- (c) the Licensee may, during the period of 28 days beginning with the day on which he receives from the Minister particulars of a determination in pursuance of sub-paragraph (b) of this paragraph, refer to arbitration in the manner provided by clause 38 of this licence any question as to whether the determination is in accordance with the relevant notice given to the Licensee in pursuance of this paragraph.

(7A) A notice under paragraph (7) of this clause may, if the Minister thinks fit, provide for the costs in respect of which a sum is ascertained for the purposes of paragraph (5)(b) to include, to such extent as may be specified in the notice—

- (a) costs incurred in relation to assets which have ceased to be used in connection with the conveying or treating of petroleum;
- (b) costs incurred after the end of the chargeable period to which the sum relates.

(7B) If a notice under paragraph (7) of this clause contains a provision relating to costs incurred after the end of a chargeable period, sub-paragraph (b) of paragraph (7) shall have effect in relation to a dispute concerning such costs as if the chargeable period there referred to were that in which the costs were incurred.

(7C) Subject to paragraphs (7D) and (7E) of this clause, the value of petroleum delivered to the Minister in pursuance of clause 11 of this licence shall be ascertained for the purposes of this clause and clause 9A on such basis (or, where petroleum of more than one kind is delivered, such bases) as the Minister and the Licensee agree.

(7D) If the Minister and the Licensee fail to agree on the value of any petroleum delivered to the Minister in pursuance of clause 11 of this licence, it shall be ascertained on such basis as the Minister may specify as fair in a notice in writing given by him to the Licensee.

(7E) The Licensee may, during the period of 28 days beginning with the day on which he receives a notice from the Minister under paragraph (7D) of this clause, refer to arbitration in the manner provided by clause 38 of this licence any question as to whether the basis of valuation specified in the notice is fair.

(7F) In this clause and clauses 9A, 10 and 11A, references to petroleum delivered to the Minister in pursuance of clause 11 include references to any excess over the quantity required to be delivered by a notice served in pursuance of paragraph (1) of that clause.

(8) In this clause—

“chargeable period” means a half year in which this licence is in force;

“year” means a year consisting of a chargeable period in which such a periodic payment as is mentioned in Schedule 2 to this licence is payable and the following chargeable period.

**Payments by the Minister**

**9A.**—(1) If in any chargeable period the Licensee delivers to the Minister in pursuance of clause 11 of this licence petroleum having a value greater than the relevant percentage of the aggregate of—

- (a) the value of the petroleum delivered (ignoring any such excess as is mentioned in clause 9(7F) of this licence), and
- (b) the value of the petroleum relating to that period,

the Minister shall pay to the Licensee a sum equal to the difference.

(2) In this clause, “chargeable period” and “relevant percentage” have the same meanings as in clause 9 of this licence.

**Provisions supplementary to clauses 9 and 9A**

**10.**—(1) The Licensee shall, within two months after the end of each chargeable period, deliver to the Minister, in such form as the Minister may specify, a statement of—

- (b) the quantity of that petroleum delivered to the Minister in that period in pursuance of clause 11 of this licence;
- (c) the amounts of the prices and market values which are required by paragraph 2 of Schedule 2 to the Oil Taxation Act 1975(9) to be stated in the returns made for that period in pursuance of that paragraph in consequence of this licence;
- (d) the amount mentioned in clause 9(6)(a) of this licence; and
- (e) the amount which the Licensee estimates will be the sum ascertained as respects that period for the purposes of clause 9(5)(b) of this licence (ignoring, in a case where they might otherwise be taken into account in the estimate, any costs incurred after the end of the period).

(2) The Licensee shall, when he delivers a statement to the Minister in pursuance of paragraph (1) of this clause for a chargeable period in respect of which royalty is payable in pursuance of clause 9(1) of this licence, make to the Minister a payment on account of royalty for that period equal to the relevant percentage of the sum produced by aggregating the amounts which in pursuance of sub-paragraphs (c) and (d) of paragraph (1) of this clause are specified in the statement and reducing the aggregate by the amount so specified in pursuance of sub-paragraph (e) of that paragraph and by the amount which, by virtue of paragraph 2(2)(d)(ii) of Schedule 2 to the said Act of 1975, was specified in the statement delivered to the Minister in pursuance of the said paragraph (1) in respect of the preceding chargeable period; but the Licensee may reduce the amount of the payment by the amount of any deduction from it authorised by paragraph 2(2) of Schedule 2 to this licence.

(3) The Licensee shall, when he delivers a statement to the Minister in pursuance of paragraph (1) of this clause for a chargeable period in respect of which royalty is payable in pursuance of clause 9(1A) of this licence, make to the Minister a payment on account of royalty for that period equal to the amount which would be so payable for that period if the royalty so payable for that period fell to be determined by reference to the amounts specified in the statement and the amount which, by virtue of paragraph 2(2)(d)(ii) of Schedule 2 to the Oil Taxation Act 1975, was specified in the statement delivered to the Minister in pursuance of paragraph (1) of this clause in respect of the preceding chargeable period; but the Licensee may reduce the amount of the payment as mentioned in paragraph (2) of this clause.

(4) The Minister shall make to the Licensee payments equal to the amounts by which, in consequence of paragraph (1A) of clause 9 of this licence, the deductions which the Licensee was

(9) Paragraph 2 was amended by section 62 of, and Part X of Schedule 16 to, the Finance Act 1987 (c. 16), section 187 of the Finance Act 1993 (c. 34) and section 236 of, and Schedule 23 to, the Finance Act 1994 (c. 9).

entitled to make in pursuance of paragraph 2(2) of Schedule 2 to this licence fall short of the deductions which the Licensee would have been so entitled to make if royalty were only payable in pursuance of paragraph (1A) of that clause and paragraph (2) of it were omitted; and payments by the Minister in pursuance of this paragraph shall be made as soon as the amounts of the relevant deductions have been determined.

(5) The Minister may from time to time, after a statement in respect of any chargeable period has been delivered to him in pursuance of paragraph (1) of this clause and before he has given to the Licensee a notice in pursuance of paragraph (6) of this clause in respect of that period, give a notice in writing to the Licensee specifying the amount which the Minister estimates is payable by the Licensee in pursuance of clause 9 of this licence in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Licensee in pursuance of this clause in respect of that period, then—

- (a) if it is larger the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(6) When it appears to the Minister that the value of the petroleum relating to any chargeable period has been finally determined for tax purposes, he may give to the Licensee a notice in writing specifying the amount which the Minister considers is payable by the Licensee in pursuance of that clause in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Licensee in pursuance of clause 9 of this licence in respect of that period, then, subject to paragraph (8) of this clause—

- (a) if it is larger the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(7) If after the date when the Minister gave notice to the Licensee in pursuance of paragraph (6) of this clause or this paragraph in respect of a chargeable period it appears to the Minister, in consequence of a relevant assessment or determination made after that date which relates directly or indirectly to the value of petroleum by reference to which the amount specified in the notice was determined, that another amount ought to have been so specified, he may give notice in writing to the Licensee specifying the other amount; and where he does so, then, subject to paragraph (8) of this clause—

- (a) if the other amount is larger than the total amount already paid by the Licensee in pursuance of this clause in respect of that period the difference shall be paid forthwith by the Licensee to the Minister; and
- (b) if it is smaller the difference shall be paid forthwith by the Minister to the Licensee.

(7A) If, after the date when the Minister gave notice to the Licensee in pursuance of paragraph (6) of this clause or this paragraph in respect of a chargeable period, it appears to the Minister that as a result of costs incurred after the end of the period there is an increase in the sum to be taken into account by virtue of clause 9(5)(b) of this licence, and accordingly a reduction in the amount payable by the Licensee in respect of that period, he may give notice in writing to the Licensee specifying the reduced amount; and where he does so he shall forthwith pay to the Licensee an amount equal to the difference between the reduced amount and the total amount already paid by the Licensee in pursuance of this clause in respect of the period.

(8) A decision made by the Minister for the purposes of paragraph (5), (6), (7) or (7A) of this clause shall not be called in question by the Licensee except that any dispute between the Minister and the Licensee as to whether an amount specified in a notice given in pursuance of the said paragraph (6), (7) or (7A) is payable by virtue of clause 9 of this licence may, during the period of 28 days beginning with the day on which the Licensee receives the notice, be referred to arbitration in the manner provided by clause 38 of this licence; and on a reference to arbitration in pursuance of this paragraph any relevant assessment or determination for the time being in force shall be binding on

(9) An amount in respect of interest shall be payable when a notice is given under paragraph (5), (6), (7) or (7A) of this clause, and that amount shall be calculated in such manner as the Minister may specify from time to time in a notice in writing given by him to the Licensee; but—

- (a) a notice in pursuance of this paragraph shall provide for amounts by way of interest to be calculated by applying a rate of interest which is for the time being a commercial rate of interest;
- (b) any such amount in respect of interest shall be disregarded in calculating for the purposes of paragraph (5), (6), (7) or (7A) of this clause any amount already paid by the Licensee in pursuance of this clause;
- (c) where costs of the kind mentioned in clause 9(7A)(b) of this licence are taken into account, they shall not affect the amount of interest payable in respect of any period ending earlier than two months after the chargeable period in which they were incurred.

(9A) If a payment is made by the Minister in pursuance of clause 9A of this licence more than two months after the end of the chargeable period to which the payment relates, an amount in respect of interest on the payment from the end of those two months shall also be payable by him to the Licensee.

(9B) Interest under paragraph (9A) of this clause shall be calculated in such manner as the Minister may specify from time to time in a notice in writing given by him to the Licensee (but subparagraph (a) of paragraph (9) of this clause shall apply to such a notice as it applies to a notice under paragraph (9)).

(10) In this clause—

“chargeable period” and “relevant percentage” have the same meanings as in clause 9 of this licence;

“relevant assessment or determination” means an assessment or determination made by the Commissioners of Inland Revenue for the purposes of petroleum revenue tax, income tax or the charge of corporation tax on income or a determination made in proceedings arising out of such an assessment or determination made by the said Commissioners.

(11) For the purposes of this clause any amount paid by the Licensee or the Minister on account of a prospective liability under paragraph (5), (6), (7) or (7A) of this clause shall be treated as paid in pursuance of that paragraph.

### **Deliveries of petroleum in place of royalties**

**11.—**(1) If during the term of this licence the Minister serves on the Licensee a notice in writing in accordance with the following provisions of this clause requiring the Licensee to deliver to the Minister part of the petroleum won and saved by the Licensee in the licensed area, the Licensee shall comply with the notice.

(2) Where the Minister proposes to serve a notice on the Licensee in pursuance of paragraph (1) of this clause, he shall before doing so—

- (a) give the Licensee a copy of the proposed notice and an opportunity of making representations to the Minister about it; and
- (b) consider any representations then made to him by the Licensee about the proposed notice;

and the Minister shall, in deciding upon the terms of the actual notice, have regard to the desirability of not disturbing unduly any arrangements made by the Licensee for transporting and delivering petroleum won and saved from the licensed area.

(3) Subject to paragraph (4) of this clause, a notice served in pursuance of paragraph (1) of this clause—

- (a) shall specify the date on which the notice is to come into force and may contain provisions with respect to the time when it shall cease to be in force;
- (b) shall specify the quantity of petroleum won and saved in the licensed area during each half year in which the notice is in force which, up to any maximum quantities specified in the notice in pursuance of paragraph (4)(b) of this clause, is to be delivered to the Minister in consequence of the notice;
- (c) may relate to all petroleum so won and saved or may be limited to and specify different quantities of such petroleum which is of one or more of the following kinds, namely, crude oil, condensate, natural gas and natural gas liquids, in each case of a quality or composition or of each quality or composition determined in the manner specified in the notice;
- (d) shall contain provisions with respect to the place or places at which any petroleum or kind of petroleum is to be delivered in pursuance of the notice and may contain provisions with respect to the times at which any quantities of it are to be so delivered.

(4) Such a notice—

- (a) shall not specify as the date on which it is to come into force a date before the expiration of the period of six months beginning with the date on which the notice is served on the Licensee but shall, if the Minister serves on the Licensee a further notice in writing stating that it is to cease to be in force at a time specified in the further notice which is not earlier than six months after the date of service of the further notice, cease to be in force at that time;
- (b) shall not specify, as the quantity of petroleum won and saved in any half year which is to be delivered in pursuance of the notice or as the quantity of any kind of such petroleum, a percentage of all the petroleum or of all that kind of petroleum which is won and saved in the licensed area in that half year exceeding the percentage at which, apart from the notice, royalty for that half year would be payable in respect of the petroleum in pursuance of clause 9(1) of this licence, but may provide that the quantities of petroleum or of a kind of petroleum so won and saved which are to be so delivered shall not in the aggregate exceed a quantity specified in the notice;
- (c) shall not specify, or enable to be specified, as a place at which delivery is to be made in pursuance of the notice a place which is not a point at which the Licensee normally delivers petroleum of any kind from the licensed area.

### **Cost of delivery and treatment of petroleum**

**11A.**—(1) Where petroleum or petroleum of any kind is delivered to the Minister in pursuance of clause 11 of this licence, the Minister shall pay to the Licensee a sum in respect of the cost of conveying and treating petroleum; and clause 9(7) to (7B) of this licence shall apply for the purpose of ascertaining that sum as if references to clause 9(5)(b) were references to this paragraph.

(2) Where, in any chargeable period, petroleum or petroleum of any kind is delivered to the Minister as mentioned in paragraph (1) of this clause, the Licensee shall, within two months after the end of that period, deliver to the Minister, in such form as the Minister may specify, a statement of the amount which the Licensee estimates is payable by the Minister in pursuance of this clause in respect of that period; and where the amount specified in the statement is larger or smaller than the total amount (if any) already paid by the Minister in pursuance of this clause in respect of that period, then—

- (a) if it is larger the difference shall be paid forthwith by the Minister to the Licensee; and
- (b) if it is smaller the difference shall be paid forthwith by the Licensee to the Minister.

*Status: This is the original version (as it was originally made).*

(3) The Minister may from time to time, after a statement in respect of any chargeable period has been delivered to him in pursuance of paragraph (2) of this clause and before he has given to the Licensee a notice in pursuance of paragraph (4) of this clause in respect of that period, give a notice in writing to the Licensee specifying the amount which the Minister estimates is payable by him in pursuance of this clause in respect of that period; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Minister in pursuance of this clause in respect of that period, then—

- (a) if it is larger the difference shall be paid forthwith by the Minister to the Licensee; and
- (b) if it is smaller the difference shall be paid forthwith by the Licensee to the Minister.

(4) When it appears to the Minister that the amount payable by him in pursuance of this clause in respect of any chargeable period has been finally ascertained, he may give to the Licensee a notice in writing specifying the amount which the Minister considers is so payable; and where the amount specified in the notice is larger or smaller than the total amount already paid by the Minister in pursuance of this clause in respect of that period, then, subject to paragraph (5) of this clause—

- (a) if it is larger the difference shall be paid forthwith by the Minister to the Licensee; and
- (b) if it is smaller the difference shall be paid forthwith by the Licensee to the Minister.

(4A) If, after the date when the Minister gave notice to the Licensee in pursuance of paragraph (4) of this clause or this paragraph in respect of a chargeable period, it appears to the Minister that as a result of costs incurred after the end of the period there is an increase in the amount payable by him in pursuance of this clause in respect of the period, he may give notice in writing to the Licensee specifying the increased amount; and where he does so he shall forthwith pay to the Licensee an amount equal to the difference between the increased amount and the total amount already paid by the Minister in pursuance of this clause in respect of the period.

(5) A decision made by the Minister for the purposes of paragraph (3), (4) or (4A) of this clause shall not be called in question by the Licensee except that any dispute between the Minister and the Licensee as to whether an amount specified in a notice given in pursuance of the said paragraph (4) or (4A) is payable in pursuance of this clause may, during the period of 28 days beginning with the day on which the Licensee receives the notice, be referred to arbitration in the manner provided by clause 38 of this licence.

(6) An amount in respect of interest shall be payable when a notice is given under paragraph (3), (4) or (4A) of this clause, and that amount shall be calculated in such manner as the Minister may specify from time to time in a notice in writing given by him to the Licensee; but—

- (a) a notice in pursuance of this paragraph shall provide for amounts by way of interest to be calculated by applying a rate of interest which is for the time being a commercial rate of interest;
- (b) any such amount in respect of interest shall be disregarded in calculating for the purposes of paragraph (3), (4) or (4A) of this clause any amount already paid by the Minister in pursuance of this clause;
- (c) where costs of the kind mentioned in clause 9(7A)(b) of this licence are taken into account, they shall not affect the amount of interest payable in respect of any period ending earlier than two months after the chargeable period in which they were incurred.

(7) For the purposes of this clause any amount paid by the Minister or the Licensee on account of a prospective liability under paragraph (3), (4) or (4A) of this clause shall be treated as paid in pursuance of that paragraph.

(8) In this clause “chargeable period” has the same meaning as in clause 9 of this licence.

### **Measurement of petroleum obtained from the licensed area**

**12.**—(1) The Licensee shall measure or weigh by a method or methods customarily used in good oilfield practice and from time to time approved by the Minister all petroleum won and saved from the licensed area.

**1A)** If and to the extent that the Minister so directs, the duty imposed by paragraph (1) of this clause shall be discharged separately in relation to petroleum won and saved—

- (a) from each part of the licensed area which is an oil field for the purposes of the Oil Taxation Act 1975,
- (b) from each part of the licensed area which forms part of such an oil field extending beyond the licensed area, and
- (c) from each well producing petroleum from a part of the licensed area which is not within such an oil field.

**(1B)** If and to the extent that the Minister so directs, the preceding provisions of this clause shall apply as if the duty to measure or weigh petroleum included a duty to ascertain its quality or composition or both; and where a direction under this paragraph is in force, the following provisions of this clause shall have effect as if references to measuring or weighing included references to ascertaining quality or composition.

(2) The Licensee shall not make any alteration in the method or methods of measurement or weighing used by him or any appliances used for that purpose without the consent in writing of the Minister and the Minister may in any case require that no alteration shall be made save in the presence of a person authorised by the Minister.

(3) The Minister may from time to time direct that any weighing or measuring appliance shall be tested or examined in such manner, upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for test or examination as the Minister may specify.

(4) If any measuring or weighing appliance shall upon any such test or examination as is mentioned in the last foregoing paragraph be found to be false or unjust the same shall if the Minister so determines after considering any representations in writing made by the Licensee be deemed to have existed in that condition during the period since the last occasion upon which the same was tested or examined pursuant to the last foregoing paragraph.

### **Keeping of accounts**

**13.**—(1) The Licensee shall keep in the United Kingdom full and correct accounts in a form from time to time approved by the Minister of—

- (a) the quantity of petroleum in the form of gas won and saved;
- (b) the quantity of petroleum in any other form won and saved;
- (c) the name and address of any person to whom any petroleum has been supplied by the Licensee, the quantity so supplied, the price or other consideration therefor and the place to which the petroleum was conveyed pursuant to the agreement for such supply; and
- (d) such other particulars as the Minister may from time to time direct.

(2) The quantities of petroleum stated in such accounts may exclude any water separated from the petroleum and shall be expressed—

- (a) in the case of petroleum in the form of gas, as volumes in cubic metres measured at, or calculated as if measured at, a temperature of 0 degrees centigrade and a pressure of one kilogramme force per square centimetre;
- (b) in any other case as weights in metric tons.

*Status: This is the original version (as it was originally made).*

(3) Such accounts shall state separately the quantities used for the purposes of carrying on drilling and production operations and pumping to field storage, and quantities not so used, and in the case of petroleum not in the form of gas shall state the specific gravity of the petroleum and, if petroleum of different specific gravities has been won and saved, the respective quantities of each specific gravity.

(4) The Licensee shall within two months after the end of each half year in which this licence is in force and within two months after the expiration or determination of this licence deliver to the Minister an abstract in a form from time to time approved by the Minister of the accounts for that half year or for the period prior to such expiration or determination as the case may be.

### **Working obligations**

**14.**—(1) The Licensee shall during the initial term of this licence carry out with due diligence the scheme of prospecting and development including any geological survey by chemical or physical means or programme of test drilling or any of them set out in Schedule 3 to this licence.

(2) The Licensee shall give the Minister at least 21 days' written notice of any proposed seismic survey during the term of this licence of any area which is not wholly on the seaward side of the low water line and such notice shall indicate the nature of the survey and the total number of kilometres to be shot and shall be accompanied by a copy of the 1" Ordnance Survey map for the relevant area upon which the proposed lines of survey are indicated and by evidence that the planning authorities for the area to be surveyed have been consulted about the proposed survey, and in a case where any planning permission under the Town and Country Planning Act 1990<sup>(10)</sup> or the Town and Country Planning (Scotland) Act 1997<sup>(11)</sup> is required for the survey in question, evidence that such permission has been granted.

(3) The Licensee shall not carry out any seismic survey during the term of this licence of any such area as is mentioned in paragraph (2) if notice has not been given as aforesaid or if the Minister indicates to the Licensee within 14 days of the receipt of such notice that the survey is not to be carried out.

(4) If during the term of this licence the Minister serves a notice in writing on the Licensee requiring him to submit to the Minister, before a date specified in the notice, an appropriate programme for exploring for petroleum in the licensed area during a period so specified, the Licensee shall comply with the notice; and for the purposes of this paragraph an appropriate programme is one which any person who, if he—

- (a) were entitled to exploit the rights granted by this licence; and
- (b) had the competence and resources needed to exploit those rights to the best commercial advantage; and
- (c) were seeking to exploit those rights to the best commercial advantage,

could reasonably be expected to carry out during the period specified in the notice, and that period must be within the term of this licence and begin after the expiration of the initial term of this licence.

(5) If a programme is submitted to the Minister in consequence of a notice served by him in pursuance of paragraph (4) of this clause, then—

- (a) he shall not be entitled to revoke this licence on the ground that the programme does not satisfy the requirements of that paragraph (hereafter in this clause referred to as “the relevant requirements”); but
- (b) if he is of opinion that the programme does not satisfy the relevant requirements he may serve a notice in writing on the Licensee stating his opinion and the reasons for it.

<sup>(10)</sup> 1990 c. 8.

<sup>(11)</sup> 1997 c. 8.

(6) Where notice in respect of a programme is served on the Licensee in pursuance of paragraph (5) of this clause he shall either—

- (a) within twenty-eight days beginning with the date of service of the notice refer to arbitration, in the manner provided by clause 38 of this licence, the question of whether the programme satisfies the relevant requirements; or
- (b) within a reasonable period beginning with that date submit to the Minister a further programme which satisfies the relevant requirements;

and where it is determined in consequence of any reference to arbitration in pursuance of sub-paragraph (a) of this paragraph that the programme in question does not satisfy the relevant requirements the Licensee shall submit to the Minister, as soon as possible after the date of the determination, a further programme which satisfies the relevant requirements.

(7) The Licensee shall carry out any programme submitted by him in pursuance of this clause as to which either—

- (a) the Minister serves notice in writing on the Licensee stating that the Minister approves the programme; or
- (b) it is determined in consequence of any reference to arbitration in pursuance of this licence that the programme satisfies the relevant requirements;

and any programme approved by the Minister in pursuance of this paragraph shall be deemed for the purposes of this licence to satisfy the relevant requirements.

(8) Where, in consequence of any breach or non-observance by the Licensee of any provision of paragraph (4), (6) or (7) of this clause, the Minister has power by virtue of paragraph (1) of clause 37 of this licence to revoke this licence, he may if he thinks fit exercise that power in relation to such part only of the licensed area as he may specify; and where he does so the rights granted by this licence shall cease in respect of the specified part of that area without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

(9) Where the Licensee has a duty by virtue of this clause to carry out a programme during a part of the term of this licence, the Minister may serve notice in pursuance of paragraph (4) of this clause in respect of another part of that term.

### **Development and production programmes**

**15.—**(1) The Licensee shall not—

- (a) erect or carry out any relevant works, either in the licensed area or elsewhere, for the purpose of getting petroleum from that area or for the purpose of conveying to a place on land petroleum got from that area; or
- (b) get petroleum from that area otherwise than in the course of searching for petroleum or drilling wells,

except with the consent in writing of the Minister or in accordance with a programme which the Minister has approved or served on the Licensee in pursuance of the following provisions of this clause.

(2) The Licensee shall prepare and submit to the Minister, in such form and by such time and in respect of such period during the term of this licence as the Minister may direct, a programme specifying—

- (a) the relevant works which the Licensee proposes to erect or carry out during that period for either of the purposes mentioned in paragraph (1)(a) of this clause;
- (b) the proposed locations of the works, the purposes for which it is proposed to use the works and the times at which it is proposed to begin and to complete the erection or carrying out of the works;

*Status: This is the original version (as it was originally made).*

- (c) the maximum and minimum quantities of petroleum in the form of gas and the maximum and minimum quantities of petroleum in other forms which, in each calendar year during the period aforesaid or in such other periods during that period as the Minister may specify, the Licensee proposes to get as mentioned in paragraph (1)(b) of this clause.

(3) If the Minister directs the Licensee—

- (a) to prepare different programmes in pursuance of paragraph (2) of this clause in respect of petroleum from such different parts of the licensed area as are specified in the direction; or
- (b) where a programme approved or served in pursuance of this clause relates to a particular period during the term of this licence, to prepare a programme or programmes in pursuance of paragraph (2) of this clause in respect of a further period or further periods during that term,

the Licensee shall comply with the direction.

(4) It shall be the duty of the Minister expeditiously to consider any programme submitted to him in pursuance of paragraph (2) of this clause and when he has done so to give notice in writing to the Licensee stating—

- (a) that the Minister approves the programme; or
- (b) that the Minister approves the programme subject to the condition that such of the relevant works as are specified in the notice shall not be used before the expiration of the periods so specified in relation to the works or shall not be used without the consent in writing of the Minister; or
- (c) that the Minister rejects the programme on one or both of the following grounds, namely—
  - (i) that the carrying out of any proposals included in the programme in pursuance of paragraph (2) of this clause would be contrary to good oilfield practice;
  - (ii) that the proposals included in the programme in pursuance of sub-paragraph (c) of the said paragraph (2) are, in the opinion of the Minister, not in the national interest;and a notice in pursuance of sub-paragraph (b) of this paragraph may contain different conditions in respect of different works.

(5) Where the Minister gives notice of rejection of a programme in pursuance of sub-paragraph (c) of paragraph (4) of this clause, then—

- (a) if the grounds of the rejection consist of or include the ground mentioned in paragraph (i) of that sub-paragraph he shall include in the notice a statement of the matters in consequence of which he rejected the programme on that ground; and
- (b) if the grounds of the rejection consist of or include the ground mentioned in paragraph (ii) of that sub-paragraph he shall include in the notice a statement of the rates at which he considers that, in the national interest, petroleum should be got from the area to which the programme relates; and
- (c) the Licensee shall prepare and submit to the Minister, before the time specified in that behalf in the notice—
  - (i) where the notice contains such a statement as is mentioned in sub-paragraph (a) above, modifications of the programme which ensure that the carrying out of the programme with those modifications would not be contrary to good oilfield practice;
  - (ii) where the notice contains such a statement as is mentioned in sub-paragraph (b) above, modifications of the programme which ensure the getting of petroleum from the area there mentioned at the rates specified in the statement and which (except so far as may be necessary in order to get petroleum at those rates) are not such that the carrying out of the programme with those modifications would be contrary to good oilfield practice;

but the Licensee shall not be required by virtue of paragraph (i) of this sub-paragraph to submit modifications if the carrying out of the programme without modifications would not be contrary to good oilfield practice.

(6) If the Minister gives notice in writing to the Licensee that the Minister approves the modifications of a programme which have been submitted to him in pursuance of sub-paragraph (c) of paragraph (5) of this clause, the programme with those modifications shall be deemed to be approved by the Minister; but if the Licensee fails to perform the duty imposed on him by that sub-paragraph the Minister may if he thinks fit, instead of revoking this licence in consequence of the failure, serve on the Licensee such a programme as the Minister considers that the Licensee should have submitted to him in respect of the area and period to which the rejected programme related.

(7) Where the Minister proposes to approve a programme subject to a condition in pursuance of paragraph (4)(b) of this clause or to reject a programme in pursuance of paragraph (4)(c) of this clause or to serve a programme on the Licensee in pursuance of paragraph (6) of this clause he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to him by the Licensee;

and the Minister shall not approve a programme subject to such a condition unless he is satisfied that the condition is required in the national interest.

(8) The Licensee shall carry out any programme approved or served on him by the Minister in pursuance of this clause or, if such a programme is varied in pursuance of clause 16 of this licence, the programme as so varied except so far as the Licensee is authorised in writing by the Minister to do otherwise or is required to do otherwise by such a condition as is mentioned in paragraph (4) (b) of this clause; but if it is necessary to carry out certain works in order to comply with provisions included in a programme by virtue of paragraph (5)(c) of this clause or provisions of a programme served on the Licensee in pursuance of paragraph (6) of this clause or provisions of a programme as varied in pursuance of clause 16 of this licence, then, notwithstanding anything in the programme as to the time when those provisions are to be complied with, the Licensee shall not be treated as having failed to comply with those provisions before the expiration of the period reasonably required for carrying out the works.

(9) In this clause “relevant works” means any structures and any other works whatsoever which are intended by the Licensee to be permanent and are neither designed to be moved from place to place without major dismantling nor intended by the Licensee to be used only for searching for petroleum.

### **Provisions supplementary to clause 15**

**16.—**(1) A consent given by the Minister in pursuance of clause 15(1) of this licence may be given subject to such conditions as are specified in the document signifying the consent and may in particular, without prejudice to the generality of the preceding provisions of this paragraph, be limited to a period so specified.

(2) Where—

- (a) the Minister gives notice in respect of a programme in pursuance of paragraph (4)(a) or (b) or paragraph (6) of clause 15 of this licence or serves a programme in pursuance of the said paragraph (6); or
- (b) it is determined by arbitration that the Licensee is not required by virtue of paragraph (i) of clause 15(5)(c) of this licence to submit modifications of a programme in respect of which

*Status: This is the original version (as it was originally made).*

notice of rejection containing such a statement as is mentioned in the said paragraph (i) was given by the Minister in pursuance of clause 15(4)(c) of this licence,

the Minister may give to the Licensee, with the notice given or the programme served as mentioned in sub-paragraph (a) of this paragraph or, in a case falling within sub-paragraph (b) of this paragraph, within the period of three months beginning with the date of the arbitrator's or arbiter's determination, a notice (hereafter in this clause referred to as a "limitation notice") authorising the Minister, by a further notice given to the Licensee from time to time after the expiration of the period specified in that behalf in the limitation notice, to provide that the programme to which the limitation notice relates shall have effect while the further notice is in force with the substitution for any quantity of petroleum or any period specified in the programme in pursuance of clause 15(2)(c) of this licence of a different quantity of petroleum or a different period specified in the further notice.

(3) A quantity or period specified in such a further notice as that to be substituted for a quantity or period which is specified in the programme in question shall be within the limits specified in the limitation notice as those applicable to that quantity or period specified in the programme; and those limits shall be such as to secure that the expenditure to be incurred by the Licensee in complying with the further notice, in a case where an effect of the notice is to increase the quantity of petroleum which the Licensee is required to get from the licensed area in any period, is less than the cost of drilling a new well in the licensed area at the time when the further notice is given.

(4) Where the Minister proposes to give a limitation notice or any such further notice as aforesaid he shall before doing so—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the proposal; and
- (b) consider any such representations then made to him by the Licensee;

and the Minister shall not give such a further notice of which an effect is to increase the quantity of petroleum which the Licensee is required to get from the licensed area during any period unless the Minister is satisfied that the notice is required by reason of a national emergency and shall not give any other such further notice as aforesaid unless he is satisfied that the notice is required in the national interest.

(5) A limitation notice or such a further notice as aforesaid may—

- (a) specify any quantity or period by reference to such factors as the Minister thinks fit; and
- (b) in the case of such a further notice, contain provisions as to—
  - (i) the date when the notice is to come into force,
  - (ii) the date when the notice is to cease to be in force,

and specify different dates in pursuance of this sub-paragraph for different provisions of the notice;

and the Minister may revoke such a further notice at a particular time by serving on the Licensee a notice in writing stating that the further notice is revoked at that time.

(6) Any question arising under clause 15 of this licence or this clause as to what is, is not or is required in the national interest or as to what is, or is required by reason of, a national emergency shall be determined by the Minister.

(7) The Licensee shall ensure that any conditions to which an approval is subject to pursuance of clause 15(4)(b) of this licence or a consent is subject in pursuance of paragraph (1) of this clause are complied with.

(8) If in respect of part of the licensed area—

- (a) a consent has been given in pursuance of paragraph (1) of clause 15 of this licence; or

- (b) the Licensee has submitted to the Minister, in accordance with a direction given by virtue of paragraph (3)(a) of that clause, a programme in pursuance of paragraph (2) of that clause—
- (i) as respects which the Minister has served notice in pursuance of paragraph (4)(a) or (b) or paragraph (6) of that clause, or
  - (ii) in consequence of which the Minister has served a programme on the Licensee in pursuance of the said paragraph (6), or
  - (iii) in respect of which it has been determined by arbitration that the Licensee is not required by virtue of paragraph (5)(c)(i) of that clause to submit modifications,
- paragraph (1) of clause 37 of this licence shall not authorise the Minister to revoke this licence in relation to that part of the licensed area in consequence of any breach or non-observance, while the consent is in force or during the period to which the programme relates, of any provision of the said clause 15 in connection with a different part of the licensed area.

(9) Where in consequence of any breach or non-observance by the Licensee of any provision of clause 15 of this licence the Minister has power by virtue of paragraph (1) of clause 37 of this licence to revoke this licence or, in consequence of paragraph (8) of this clause, to revoke it in respect of part only of the licensed area, he may if he thinks fit—

- (a) in a case where he has power to revoke this licence, exercise the power in relation to such part only of the licensed area as he may specify; and
- (b) in a case where by virtue of the said paragraph (8) he has power to revoke it in respect of part only of the licensed area, exercise the power in relation to such portion only of that part as he may specify;

and where in consequence of the said paragraph (8) or by virtue of the preceding provisions of this paragraph the Minister revokes this licence in respect of a part or portion of the licensed area, the rights granted by this licence shall cease in respect of that part or portion without prejudice to any obligation or liability imposed upon the Licensee or incurred by him under the terms of this licence.

### **Commencement and abandonment and plugging of wells**

17.—(1) The Licensee shall not commence, or after abandoning in manner hereinafter provided shall not recommence, the drilling of any well without the consent in writing of the Minister.

(2) The Licensee shall not abandon any well without the consent in writing of the Minister.

(3) The Licensee shall ensure compliance with any conditions subject to which any consent under either of the foregoing paragraphs is given.

(4) If any such condition under paragraph (1) of this clause relates to the position, depth or direction of the well, or to any casing of the well, or if any condition under either paragraph (1) or paragraph (2) of this clause relates to any plugging or sealing of the well, the Minister may from time to time direct that the well and all records relating thereto shall be examined in such manner upon such occasions or at such intervals and by such persons as may be specified by the Minister's direction and the Licensee shall pay to any such person or to the Minister such fees and expenses for such examination as the Minister may specify.

(5) The plugging of any well shall be done in accordance with a specification approved by the Minister applicable to that well or to wells generally or to a class of wells to which that well belongs and shall be carried out in an efficient and workmanlike manner.

(6) Any well drilled by the Licensee pursuant to this licence, which, at the expiry or determination of the Licensee's rights in respect of the area or part thereof in which that well is drilled, has not with the consent of the Minister been abandoned, shall be left in good order and fit for further working together with all casings and any well head fixtures the removal whereof would cause damage to

*Status: This is the original version (as it was originally made).*

such well or if the Minister so directs in manner provided by paragraph (8) of this clause be plugged and sealed in accordance with the Minister's direction.

(7) All casings and fixtures left in position pursuant to the last foregoing paragraph shall be the property of the Minister.

(8) In any case to which paragraph (6) of this clause applies, a direction by the Minister may be given by notice in writing to the Licensee not less than one month before the Licensee's rights in respect of the area or part thereof in which the well is situate expire or determine, specifying the manner in which the well is to be plugged and sealed and the time within which such work is to be done.

(9) An application for the consent of the Minister to the drilling of a well at any place above the low water line shall be accompanied by evidence that the planning authority for the relevant place has been consulted about the drilling and that any planning permission required by the Town and Country Planning Act 1990 or the Town and Country Planning (Scotland) Act 1997 for the drilling of that well has been granted.

#### **Distance of wells from boundaries of licensed area**

**18.** No well shall except with the consent in writing of the Minister be drilled or made so that any part thereof is less than one hundred and twenty-five metres from any of the boundaries of the licensed area.

#### **Control of development wells**

**19.—(1)** The Licensee shall not suspend work on the drilling of a development well, or having suspended it in accordance with this paragraph shall not begin it again, except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.

(2) When work on the drilling of a development well is suspended in accordance with paragraph (1) of this clause, the Licensee shall forthwith furnish the Minister with such information relating to the well as the Minister may specify.

(3) The Licensee—

- (a) shall not do any completion work in respect of a well in the licensed area except in accordance with a programme of completion work approved by the Minister in respect of the well;
- (b) shall furnish to the Minister, in accordance with the provisions of such a programme, particulars of any completion work done by him in respect of a well in the licensed area; and
- (c) shall not remove or alter any casing or equipment installed by way of completion work in respect of a well except with the consent in writing of the Minister and in accordance with the conditions, if any, subject to which the consent is given.

(4) In this clause—

“completion work”, in relation to a well, means work, by way of the installation of a casing or equipment or otherwise after the well has been drilled, for the purpose of bringing the well into use as a development well; and

“development well” means a well which the Licensee uses or intends to use in connection with the getting of petroleum in the licensed area, other than a well which for the time being he uses or intends to use only for searching for petroleum.

### **Provision of storage tanks, pipe-lines, or other receptacles**

20. The Licensee shall use methods and practice customarily used in good oilfield practice for confining the petroleum obtained from the licensed area in tanks, gasholders, pipes, pipe-lines or other receptacles constructed for that purpose.

### **Avoidance of harmful methods of working**

21.—(1) The Licensee shall maintain all apparatus and appliances and all wells in the licensed area which have not been abandoned and plugged as provided by clause 17 hereof in good repair and condition and shall execute all operations in or in connection with the licensed area in a proper and workmanlike manner in accordance with methods and practice customarily used in good oilfield practice and without prejudice to the generality of the foregoing provision the Licensee shall take all steps practicable in order—

- (a) to control the flow and to prevent the escape or waste of petroleum discovered in or obtained from the licensed area;
- (b) to conserve the licensed area for productive operations;
- (c) to prevent damage to adjoining petroleum bearing strata;
- (d) to prevent the entrance of water through wells to petroleum bearing strata except for the purposes of secondary recovery; and
- (e) to prevent the escape of petroleum into any waters or water bearing strata in or in the vicinity of the licensed area.

(2) The Licensee shall comply with any instructions from time to time given by the Minister in writing relating to any of the matters set out in the foregoing paragraph. If the Licensee objects to any such instruction on the ground that it is unreasonable he may, within fourteen days from the date upon which the same was given, refer the matter to arbitration in manner provided by clause 38 hereof.

(3) Notwithstanding anything in the preceding provisions of this clause, the Licensee shall not—

- (a) flare any gas from the licensed area; or
- (b) use gas for the purpose of creating or increasing the pressure by means of which petroleum is obtained from that area,

except with the consent in writing of the Minister and in accordance with the conditions, if any, of the consent.

(4) An application for consent in pursuance of paragraph (3) of this clause must be made in writing to the Minister and must specify the date on which the Licensee proposes to begin the flaring or use in question; and subject to paragraph (5) of this clause that date must not be before the expiration of the period of two years beginning with the date when the Minister receives the application.

(5) If the Minister gives notice in writing to the Licensee stating that, in consequence of plans made by the Licensee which the Minister considers are reasonable, the Minister will entertain an application for consent in pursuance of paragraph (3) of this clause which specifies a date after the expiration of a period mentioned in the notice which is shorter than the period mentioned in paragraph (4) of this clause, an application made in consequence of the notice may specify, as the date on which the applicant proposes to begin the flaring or use in question, a date after the expiration of that shorter period.

(6) Before deciding to withhold consent or to grant it subject to conditions in pursuance of paragraph (3) of this clause, the Minister shall give the Licensee an opportunity of making representations in writing to the Minister about the technical and financial factors which the Licensee considers are relevant in connection with the case and shall consider any such representations then made to him by the Licensee.

*Status: This is the original version (as it was originally made).*

(7) Consent in pursuance of paragraph (3) of this clause shall not be required for any flaring which, in consequence of an event which the Licensee did not foresee in time to deal with it otherwise than by flaring, is necessary in order—

- (a) to remove or reduce the risk of injury to persons in the vicinity of the well in question; or
- (b) to maintain a flow of petroleum from that or any other well;

but when the Licensee does any flaring which is necessary as aforesaid he shall forthwith inform the Minister that he has done it and shall, in the case of flaring to maintain a flow of petroleum, stop the flaring upon being directed by the Minister to stop it.

(8) The Licensee shall give notice to the Minister of any event causing escape or waste of petroleum, damage to petroleum bearing strata or entrance of water through wells to petroleum bearing strata except for the purposes of secondary recovery forthwith after the occurrence of that event and shall, forthwith after the occurrence of any event causing escape of petroleum into the sea, give notice of the event to the Chief Inspector of Her Majesty's Coastguard.

(9) The Licensee shall comply with any reasonable instructions from time to time given by the Minister with a view to ensuring that funds are available to discharge any liability for damage attributable to the release or escape of petroleum in the course of activities connected with the exercise of rights granted by this licence; but where the Minister proposes to give such instructions he shall before giving them—

- (a) give the Licensee particulars of the proposal and an opportunity of making representations to the Minister about the proposal; and
- (b) consider any representations then made to him by the Licensee about the proposal.

### **Appointment of operators**

**22.**—(1) The Licensee shall ensure that another person (including, in the case where the Licensee is two or more persons, any of those persons) does not exercise any function of organising or supervising operations for searching or boring for or getting petroleum in pursuance of this licence unless the other person is a person approved in writing by the Minister as respects that function.

(2) The Minister shall not refuse to give his approval of a person in pursuance of paragraph (1) of this clause if that person is competent to exercise the function in question; but where an approved person is not competent to exercise that function the Minister may, by notice in writing given to the Licensee, revoke his approval.

### **Fishing and navigation**

**23.** The Licensee shall not carry out any operations authorised by this licence in or about the licensed area in such manner as to interfere unjustifiably—

- (a) with navigation in any navigable waters; or
- (b) with fishing in or conservation of the living resources of any waters

in or in the vicinity of the licensed area.

### **Unit development**

**25.**—(1) If at any time in which this licence is in force the Minister shall be satisfied that the strata in the licensed area or any part thereof form part of a single geological petroleum structure or petroleum field (hereinafter referred to as “an oil field”) other parts whereof are formed by strata in areas in respect of which other licences granted in pursuance of—

- (a) the Act of 1934, or
- (b) that Act as applied by the Act of 1964, or

(c) Part I of the Act of 1998,
