

SCHEDULE 8

PART II

SUBSTITUTE CONDITIONS IN THE STANDARD SCHEDULES

Connection of Systems and Apparatus

5.3 Apparatus shall not be regarded as approved for connection to any system for the purposes of paragraph 5.1 or 5.2 unless that apparatus is Compliant Terminal Equipment or has been so approved:

- (a) by the Secretary of State; or
- (b) by some other person by virtue of an authorisation given by the Secretary of State being an authorisation which required the person authorised, before approving any apparatus or designating any standard to which apparatus must conform if it is to be approved, to be satisfied that connection of the apparatus to the system would not be likely:
 - (i) to cause the death of, or personal injury to, or damage to the property of the Licensee or any person engaged in the running of that system; or
 - (ii) materially to impair the quality of any telecommunication service provided by means of that system or any system connected to it (other than the system being connected).
