PART V
OTHER INCOME

Amount

14. The amount of other income to be taken into account in calculating or estimating net weekly income shall be the aggregate of the payments to which paragraph 15 applies, net of any income tax deducted and otherwise determined in accordance with this Part.

Types

15. This paragraph applies to any periodic payment of pension or other benefit under an occupational or personal pension scheme or a retirement annuity contract or other such scheme for the provision of income in retirement whether or not approved by the Inland Revenue.

Calculation or estimate and period

16.—(1) The amount of any income to which this Part applies shall be calculated or estimated—

- (a) where it has been received in respect of the whole of the period of 26 weeks which ends at the end of the relevant week, by dividing such income received in that period by 26;
- (b) where it has been received in respect of part of the period of 26 weeks which ends at the end of the relevant week, by dividing such income received in that period by the number of complete weeks in respect of which such income is received and for this purpose income shall be treated as received in respect of a week if it is received in respect of any day in the week in question.

(2) Where a calculation or estimate to which this Part applies would, but for this sub-paragraph, produce an amount which, in the opinion of the Secretary of State, does not accurately reflect the normal amount of the other income of the non-resident parent in question, such income, or any part of it, shall be calculated by reference to such other period as may, in the particular case, enable the other income of that parent to be determined more accurately and for this purpose the Secretary of State shall have regard to the nature and pattern of receipt of such income.
