EMERGENCY DECLARATIONS

Disease outbreaks in third countries

54.—(1) Where the Secretary of State or the Agency learns of, or has reasonable grounds to suspect, the presence in any third country of a disease referred to in Council Directive 82/894/EEC on the notification of animal diseases within the Community(23), a zoonosis or other disease or phenomenon or circumstance liable to present a serious threat to animal or public health, she or it may by written declaration suspend, or impose conditions on, the introduction into England of any product from the whole or any part of that third country.

(2) Such a declaration shall be in writing and shall be published in such manner as the Secretary of State or the Agency, as the case may be, thinks fit and shall specify the products and the third country or part thereof concerned.

(3) A declaration which imposes conditions on the introduction of any product from a third country or part thereof shall specify those conditions.

(4) Where a declaration is in force suspending the introduction of any product, no person shall introduce that product into England if it originates in the third country or part thereof specified in the declaration.

(5) Where a declaration is in force imposing conditions on the introduction of any product, no person shall introduce that product into England if it originates in the third country or part thereof specified in the declaration unless the product complies with the conditions specified in the declaration.

(6) A declaration may be modified, suspended or revoked by a further written declaration published, so far as is practicable, in the same manner and to the same extent as the original declaration.

PART XI

(a) intentionally obstruct any person in the exercise of a power conferred by regulation 8 or 9 or in the performance of any other regulatory function;

(b) without reasonable cause fail to comply with a requirement made of him pursuant to regulation 8 or 9, or fail to give to any person exercising a power conferred by those regulations or performing any other regulatory function such assistance or information as that person may reasonably require of him for the purpose of exercising the power or performing the function;

(c) furnish to any person exercising a power conferred by regulation 8 or 9 or performing any other regulatory function any information which he knows to be false or misleading;

(2) Paragraph 1(b) shall not require a person to answer any question or give any information if to do so might incriminate him.

**Contraventions**

56. Any person who contravenes a provision of these Regulations listed in Schedule 6, or fails to comply with a notice served upon him pursuant to regulation 8(2) or regulation 21(2) shall be guilty of an offence.

**Defence of due diligence**

57.—(1) In any proceedings for an offence of contravening a provision of these Regulations listed in Part I of Schedule 6, it shall be a defence for the person charged to prove that he took all reasonable precautions and exercised all due diligence to avoid the commission of the offence by himself or by a person under his control.

(2) If in any case the defence provided by paragraph (1) involves the allegation that the commission of the offence was due to an act or default of another person, or to reliance on information supplied by another person, the person charged shall not, without leave of the Court, be entitled to rely on that defence, unless—

(a) at least seven clear days before the hearing; and

(b) where he has previously appeared, or been brought, before a court in connection with the alleged offence, within one month of his first such appearance,

he has served on the prosecutor a notice in writing giving such information identifying or assisting in the identification of that other person as was then in his possession.

**Penalties**

58.—(1) A person guilty of the offence of contravening regulation 55(1)(a) or 55(1)(b) shall be liable on summary conviction to a fine not exceeding level 5 on the standard scale or to imprisonment for a term not exceeding three months, or to both.

(2) A person guilty of any other offence under these Regulations shall be liable—

(a) on summary conviction to a fine not exceeding the statutory maximum or to imprisonment for a term not exceeding three months or to both;

(b) on conviction on indictment, to a fine or to imprisonment for a term not exceeding two years or to both.

**Offences by bodies corporate**

59.—(1) Where a body corporate is guilty of an offence under these Regulations, and that offence is proved to have been committed with the consent or connivance of, or to have been attributable to any neglect on the part of, a corporate officer of the body corporate, he, as well as the body corporate, shall be guilty of an offence and shall be liable to be proceeded against and punished accordingly.

(2) For the purposes of paragraph (1), “corporate officer”, in relation to a body corporate whose affairs are managed by its members, means a member of the body corporate.

The Imported Food Regulations 1997 (S.I. 1997/2537)

3. At the end of Schedule 1 (Exempt products of animal origin) there shall be added the following—

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations implement for England Council Directive 97/78/EC laying down the principles governing the organisation of veterinary checks on products entering the Community from third countries (OJ No. L24, 30.1.98, p.9). The Directive applies to products of animal origin—meat, fish (including shellfish), milk and products made from these, together with egg products and a large number of animal by-products, including casings, skins, bones and blood. When read with Annex I to the Agreement on the European Economic Area (OJ No. L1, 3.1.94, p.3, as amended) the Directive requires that products of animal origin which enter the European Economic Area must undergo specified veterinary checks at border inspection posts to ensure that they comply with requirements laid down by Community legislation for the protection of animal and public health.

The products to which the Regulations apply are defined in regulation 2(1) and Schedule 3 and the requirements with which they must comply are listed, by reference to the relevant Community legislation, in Schedule 2. Small quantities of products intended for personal use, and trade samples and products intended for exhibition or study or analysis are exempt from all but a few of the Regulations (regulation 3).

Regulation 4 defines the authorities who will enforce the Regulations. Usually these will be port health authorities, who must appoint official veterinary surgeons and official fish inspectors to conduct veterinary checks at each border inspection post in their area (regulation 6). Regulations 7, 8 and 9 confer the necessary enforcement powers.

Part III establishes the inspection system which will apply to the generality of products. The introduction into England of products which do not comply with the Schedule 2 requirements is prohibited, unless they are being transported across England (regulation 15). Products must be introduced at border inspection posts, advance notice of their introduction must be given, and they must be made available for inspection, together with required documentation, at a border inspection post (regulations 16 to 19). Regulations 21 to 28 deal with products which are rejected at inspection, are introduced illegally, or present a risk to animal or public health.

Parts IV to VIII lay down special provisions which apply to particular categories of product (on-board catering supplies, products intended for free circulation in the Community, products in transit across England, products intended for warehousing under particular customs regimes, and products exported from the Community and then returned to it).

Part IX deals with the calculation and payment of charges for the veterinary checks provided for in the Regulations; Part X confers on the Secretary of State and the Food Standards Agency power to prohibit the introduction of products into England from non-EEA countries in which there is an outbreak of animal disease; Part XI establishes offences and penalties; and Part XII deals with the form and service of notices and with notification of decisions.

The provisions of the Products of Animal Origin (Import and Export) Regulations 1996 (S.I. 1996/3124, as amended) which apply to products imported from third countries are disapplied in relation to England (regulation 63(2)).

A Regulatory Impact Assessment has been prepared and placed in the Library of each House of Parliament, together with a Transposition Note setting out how the main elements of Directive 97/78/EC are implemented in these Regulations. Copies may be obtained from the Animal Identification and International Trade Division of the Department for Environment, Food and Rural Affairs, 1A Page Street, London SW1P 4PQ.
